J. C. Field,1999 This volume constitutes a search for the identity of Malory author of the *Morte Darthur* Field considers all arguments and gives an account of the life of the man identified setting him in his historical context

The Sense of Glory Herbert Read,1929      **The Manuscript and Meaning of Malory's Morte Darthur** Kevin Sean Whetter,2017 An examination of the rubricated letters in the *Morte* makes a convincing case for the design being by Malory himself The red ink names that decorate the Winchester manuscript of Malory's *Morte Darthur* are striking yet until now no one has asked why the rubrication exists This book explores the uniqueness and thematic significance of the physical layout of the *Morte* in its manuscript context arguing that the layout suggests and the correlations between manuscript design and narrative theme confirm that the striking arrangement is likely to have been the product of authorial design rather than something unusual dreamed up by patron scribe reader or printer The introduction offers a thorough account of not only the textual tradition of the *Morte* but also the ways in which scholarship to date has not done enough with the manuscript contexts of Malory's *Arthuriad* The book then goes on to establish the singularity and likely provenance of Winchester's rubrication of names In the second half of the study the author elucidates the narrative significance of this rubrication pattern outlining striking connections between manuscript layout and major narrative events characters and themes He suggests that the manuscript *mise en page* underscores Malory's interest in human character and knighthood creating a memorializing function similar to the many inscribed tombs that dominate the landscape of the *Morte*'s narrative pages In short Winchester's design creates a memorializing tomb for Arthurian chivalry K S WHETTER is Professor of English at Acadia University Canada      *An Arthurian Triangle* Peter Korrel,2023-08-14      **Early British Swimming, 55 BC-AD 1719** Nicholas Orme,1983 In 1857 Everard Digby an extrovert Cambridge scholar published the first scientific treatise on swimming and one of the first on any modern sport Six months later he was expelled from his college and dies in obscurity as a country parson Nicholas Orme rehabilitates Digby as a great pioneer of the history of sport The book opens with a detailed history of swimming in Britain from the Romans to the sixteenth century which is followed by an account of Digby's life and work and its impact on swimming down to the eighteenth century The book also includes the first modern edition of Digby's treatise in the English version of 1595 with the 43 original illustrations      **The British Sources of the Abduction and Grail Romances** Flint Johnson,2002 This very uneven book undertakes an analysis of two romances by Chretien de Troyes *Le chevalier de la charrette* and *Le conte du graal* that seeks to uncover Welsh sources for the stories The work was written
