Six Poets Of Racial Uplift:

Six Poets of Racial Uplift Effie T. Battle, Gertrude Arquene Fisher, Myra Viola Wilds, 1996 The six poets represented in this volume wrote during the first decades of this century a period after Reconstruction and before the Harlem Renaissance when a new generation of African Americans continued the struggle against injustice violence and hypocrisy and strove for the betterment of their race The poetry of these writers while to some extent conventional even derivative is nevertheless noteworthy for what Pemberton in her introduction calls its emphatic proclamation of self worth dignity and membership in a community of upstanding and proud black people BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Racial Uplift and American Music, 1878-1943* Lawrence Schenbeck, 2012-02-03 Racial Uplift and American Music 1878 1943 traces the career of racial uplift ideology as a factor in elite African Americans embrace of classical music around the turn of the previous century from the collapse of Reconstruction to the death of composer conductor R Nathaniel Dett whose music epitomized uplift After Reconstruction many black leaders had retreated from emphasizing inalienable rights to a narrower rationale for equality and inclusion they now sought to rehabilitate the race s image by stressing class distinctions respectable middle class behavior and service to the masses Musically the black intelligentsia resorted to European models as vehicles for cultural vindication Their response to racism was to create and promote morally positive politically inoffensive art that idealized the race By incorporating black folk elements into the dignified genres of art song symphony and opera uplifters demonstrated worthiness through high achievement in acknowledged arenas Their efforts were variously opposed tolerated or supported by a range of white elites with their own notions about African American culture The resulting conversation more a stew of arguments than a dialogue occupied the pages of black newspapers and informed the work of white philanthropists Women also played crucial roles Racial Uplift and American Music 1878 1943 examines the lives and thought of personalities central to musical uplift Dett Sears CEO Julius Rosenwald author James Monroe Trotter sociologist W E B Du Bois journalist Nora Douglas Holt and others with an eye to recognizing their contributions and restoring their stature **Teaching African American Women's Writing** G. and representatives of the tradition of racial uplift among black women in the 19th and early 20th centuries These selected works provide fascinating insight into both the social activism of the era and the lives of some inspiring and dynamic women

networks that created American pluralism revealing Appalachia's essential role in shaping America's understanding of African Americans, Anglos, Jews, Southerners, and Immigrants. Drawing upon archival research and deft close readings of poems, Part Two (1934-1946) delves into the inner workings of literary history and shows how diverse alliances used four books of poetry about Appalachia to change America's notion of race, region, and pluralism. Green starts with how Jesse Stuart and the Agrarians defended Southern whiteness, follows how James Still appealed to liberals, shows how Muriel Rukeyser put Appalachia at the center of anti-fascism, and ends with how Don West and the Progressives struggled to form interracial labor unions in the South.

The African American National Biography Henry Louis Gates, Evelyn Brooks Higginbotham, 2008. An 8 volume reference set containing over 4,000 entries written by distinguished scholars. The African American National Biography is the most significant and expansive compilation of black lives in print today.

Uplifting the Race Kevin K. Gaines, 2012-12-01. Amidst the violent racism prevalent at the turn of the twentieth century, African American cultural elites struggling to articulate a positive black identity developed a middle class ideology of racial uplift. Insisting that they were truly representative of the race's potential, black elites espoused an ethos of self-help and service to the black masses and distinguished themselves from the black majority as agents of civilization; hence the phrase "uplifting the race." A central assumption of racial uplift ideology was that African Americans' material and moral progress would diminish white racism. But Kevin Gaines argues that in its emphasis on class distinctions and patriarchal authority, racial uplift ideology was tied to pejorative notions of racial pathology and thus was limited as a force against white prejudice. Drawing on the work of W. E. B. Du Bois, Anna Julia Cooper, Alice Dunbar Nelson, Hubert H. Harrison, and others, Gaines focuses on the intersections between race and gender in both racial uplift ideology and black nationalist thought, showing that the meaning of uplift was intensely contested even among those who shared its aims. Ultimately, elite conceptions of the ideology retreated from more democratic visions of uplift as social advancement, leaving a legacy that narrows our conceptions of rights, citizenship, and social justice.

Pauline Hopkins and the American Dream Alisha Knight, 2011-04-15. Pauline Elizabeth Hopkins was perhaps the most prolific black female writer of her time. Between 1900 and 1904, writing mainly for *Colored American Magazine*, she published four novels, at least seven short stories, and numerous articles that often addressed the injustices and challenges facing African Americans in post-Civil War America. In *Pauline Hopkins and the American Dream*, Alisha Knight provides the first full-length critical analysis of Hopkins's work. Scholars have frequently situated Hopkins within the domestic sentimental tradition of nineteenth-century women's writing, with some critics observing that aspects of her writing, particularly its emphasis on the self-made man, seem out of place within the domestic tradition. Knight argues that Hopkins used this often-dismissed theme to critique American society's ingrained racism and sexism. In her *Famous Men and Famous Women* series for *Colored American Magazine*, she constructed her own version of the success narrative by offering models of African American self-made men and women. Meanwhile, in her fiction, she depicted heroes who fail to achieve success or must leave

the United States to do so Hopkins risked and eventually lost her position at Colored American Magazine by challenging black male leaders liberal white philanthropists and white racists and by conceiving a revolutionary treatment of the American Dream that placed her far ahead of her time Hopkins is finally getting her due and this clear eyed analysis of her work will be a revelation to literary scholars historians of African American history and students of women s studies Alisha Knight is an associate professor of English and American Studies at Washington College Her published articles include Furnace Blasts for the Tuskegee Wizard Revisiting Pauline E Hopkins Booker T Washington and the Colored American Magazine which appeared in American Periodicals
