## Six Studies In Quarrelling:

Six Studies in Quarrelling Vincent Brome, 1958      *The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950* George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.      Six Studies in Quarrelling Vincent Brome, 1958      **Shaw and Other Playwrights** John Anthony Bertolini, 1993 The early conclusion that Shaw was mainly a magpie following the trails of many thinkers has led to the further consequence of neglecting Shaw's relationship to other playwrights. This volume of SHAW explores Shaw's plays as inheritances and inspirations of dramatic art and also locates Shaw himself as a presence in the work of his contemporaries and successors. The volume concentrates on Shaw in relation to other modern British playwrights notably Wilde, Bennett, Rattigan, the Court Theatre playwrights and Shaw's successors from Coward to Stoppard. Gwyn Thomas's 1975 BBC play *The Ghost of Adelphi Terrace* puts Shaw and Barrie together on stage and Shaw's 20 June 1937 Sunday Graphic obituary tribute to Barrie demonstrates Shaw's high regard for his contemporary and near neighbor. There are also essays on how Shaw came increasingly to resemble Strindberg as a dramatist on the requirements of acting and directing Shaw alongside his contemporaries at the Shaw Festival at Niagara on the Lake and on *Heartbreak House* as a complex dialogue with Chekhov, Shakespeare and Strindberg. John R. Pfeiffer has prepared a special bibliography of sources relating to Shaw and other playwrights in addition to the Continuing Checklist of Shaviana and Dan H. Laurence has provided Shaw's pronunciation guide for the more troublesome names of his stage characters. There are also reviews of four recent additions to Shavian scholarship. Contributors include John A. Bertolini, Fred D. Crawford, R. F. Dietrich, T. F. Evans, A. M. Gibbs, Leon H. Hugo, Christopher Newton, Sally Peters, John R. Pfeiffer, Evert Sprinchorn and Stanley Weintraub.      *The Correspondence of H.G. Wells: Volumes 1-4* David C. Smith, 2022-08-15 This collection of H. G. Wells's correspondence draws on over 50 archives and libraries worldwide including the papers of Wells's daughter by Amber Reeves. The book contains over 2,000 letters and while a few are business to publishers, agents and secretaries, the majority are much more personal. Wells's private correspondence extends from letters to President Franklin Roosevelt and Prime Ministers Winston Churchill and A. J. Balfour to persons such as Mark Benney who wrote novels based on his life in the slums and his time in prison. There is correspondence too with his many female friends and lovers among them Rebecca West, Eileen Power, Gertrude Stein, Marie Stopes, Lilah MacCarthy and Dorothy Richardson. For example, a letter from Moura Budberg with whom Wells had a long standing affair which announces that she is pregnant by him and about to have

an abortion reveals how an advocate of birth control is himself caught out Wells also enjoyed correspondence with the press particularly during the two World Wars and with various BBC officials and people who worked on his films Some of his letters on the controversies of free love socialism birth control the Fabian Society and the nature of the curriculum of the new London University in the 1890s are included Interspersed chronologically with Wells's letters is a small selection of about 40 letters to Wells where letters from him are not extant Among these are letters from Ray Lankester Joseph Conrad C G Jung Trotsky Hedy Gattarnigg the woman who attempted suicide in Wells's flat and J C Smuts The letters are arranged in these periods Volume 1 1878 1900 Volume 2 1901 1912 Volume 3 1913 1930 and Volume 4 1930 1946 H G Wells's works include The Time Machine 1895 The Invisible Man 1897 The War of the Worlds 1898 The History of Mr Polly 1910 and A Short History of the World 1922

*H.G. Wells: Another Kind of Life* Michael Sherborne, 2013-11-01 An unlikely lothario one of the most successful writers of his time a figure at the heart of the age's political and artistic debates H G Wells's life is a great story in its own right When H G Wells left school in 1880 at 13 he seemed destined for obscurity yet he defied expectations becoming one of the most famous writers in the world He wrote classic science fiction tales such as The Time Machine The Invisible Man and The War of the Worlds reinvented the Dickensian novel in Kipps and The History of Mr Polly pioneered postmodernism in experimental fiction and harangued his contemporaries in polemics which included two bestselling histories of the world He brought equal energy to his outrageously promiscuous love life a series of affairs embraced distinguished authors such as Dorothy Richardson and Rebecca West the gun toting travel writer Odette Keun and Russian spy Moura Budberg Until his death in 1946 Wells had artistic and ideological confrontations with everyone from Henry James to George Orwell from Churchill to Stalin He remains a controversial figure attacked by some as a philistine sexist and racist praised by others as a great writer a prophet of globalization and a pioneer of human rights Setting the record straight this authoritative biography is the first full scale account to include material from the long suppressed skeleton correspondence with his mistresses and illegitimate daughter *The Correspondence of H G Wells Vol 1* H G Wells, David Smith, Patrick Parrinder, 2024-10-28 This collection of H G Wells's correspondence draws on over 50 archives and libraries worldwide including the papers of Wells's daughter by Amber Reeves The book contains over 2000 letters both business and personal Wells's private correspondence includes letters to Winston Churchill **Studies and Notes in Philology and Literature** Robert Huntington Fletcher, 1906

**A Cumulative Index to Modern Fiction Studies (1955-1984) Volumes 1-30**, 1985 *H.G. Wells and the Twenty-First Century* Bill Cooke, 2023-09-15 H G Wells has been branded as a novelist who betrayed his vocation But Wells saw himself as what we would today call a public intellectual How credible is this claim And what happens when we look at him in this way So typecast has Wells's reputation become that neither of these questions has been previously asked but when we look at Wells as a thinker we find a whole new quality to his later works which have invariably been dismissed by literary scholars as of low quality or even not worth reading In particular Wells's prescience as a prophet of our current environmental problems stands out for example he foresaw anthropogenic climate change as early as 1931 Popular conceptions of Wells as racist imperialist and eugenicist are also challenged What emerges is a new perspective on a significant public intellectual and pioneering prophet of the twenty first century *Beyond the Ancient Quarrel* Patrick

Hayes, Jan Wilm, 2017 In Plato's Republic Socrates spoke of an ancient quarrel between literature and philosophy which he offered to resolve once and for all by banning the poets from his ideal city. Few philosophers have taken Socrates at his word and out of the ancient quarrel there has emerged a long tradition that has sought to value literature chiefly as a useful supplement to philosophical reasoning. The fiction of J. M. Coetzee makes a striking challenge to this tradition. While his writing has frequently engaged philosophical subjects in explicit ways, it has done so with an emphasis on the dissonance between literary expression and philosophical reasoning. And while Coetzee has often overtly engaged with academic literary theory, his fiction has done so in a way that has tended to disorient rather than affirm those same theories, wrong-footing the normal processes of literary interpretation. This volume brings together philosophers and literary theorists to reflect upon the challenge Coetzee has made to their respective disciplines and to the disciplinary distinctions at stake in the ancient quarrel. The essays use his fiction to explore questions about the boundaries between literature, philosophy and literary criticism; the relationship between literature, theology and post-secularism; the particular ways in which literature engages reality; how literature interacts with the philosophies of language, action, subjectivity and ethics; and the institutions that govern the distinctions between literature and philosophy. It will be of importance not only to readers of Coetzee but to anyone interested in the ancient quarrel itself.

*Studies in the psychology of sex. v.6, 1911* Havelock Ellis, 1910

*A Rebel to His Last Breath* Bill Cooke, 2010-06-28 This is the first biography of Joseph McCabe 1867-1955, a former Catholic priest who became one of the best-known champions and a prolific popularizer of freethought and rationalism in the first half of the 20th century. McCabe's encyclopedic curiosity, rigorous scholarship and above all his unswerving intellectual honesty led him through a tumultuous career of public lecturing and debating and an incredible output of over 200 books. He tackled the most controversial issues of the modern era: evolution, biblical errancy, belief in God, immorality, spiritualism, capitalism vs socialism, women's rights and many other topics. Much of his writing was published in the form of the Little Blue Books by E. Haldeman-Julius, who declared McCabe to be the world's greatest scholar. Today, in our postmodern period where Enlightenment values are being questioned and irrationalism in many guises has become fashionable, McCabe's gift for rational inquiry, respect for scientific evidence and lucid, no-nonsense prose are both relevant and welcome.

*Reviews and Essays of Austin Clarke* Austin Clarke, 1995 Austin Clarke is widely regarded as one of 20th-century Ireland's most important poets. In this selection of nearly fifty essays and reviews written over Clarke's long career, he demonstrates that he is an astute and provocative literary critic as well. Having grown up in Dublin when the excitement of the Irish Literary Revival was still running high, Clarke knew many of the principal figures of that movement personally, and his readings of Yeats, Joyce, Synge, O'Casey, Lady Gregory, George Moore and others enjoy the advantages of an insider's point of view. Moreover, committed in his own poetry to the basic assumption that fuelled the Literary Revival—that the most productive course for Irish literature lay in the direction, not of England but of Ireland—Clarke, in his criticism, provides a way of understanding and judging the Revival's

major writers in terms of their relationships to Ireland's rich literary and cultural traditions. At the same time these essays call attention to a number of distinctly Irish but often overlooked writers working on the margins of the revival. As Yeats observed more than once the Irish for all the contributions that they have made to modern fiction, poetry and drama have fallen somewhat short in the genre of literary criticism. Austin Clarke's essays and reviews, many of which were written under a pseudonym and so not attributed to Clarke for years, go a long way towards filling that gap. *Lovers' Quarrels; Or, Like Master Like Man. An Interlude, in One Act* John Vanbrugh, 1877. *The Woman Who Knew Too Much, Revised Ed.* Gayle Greene, 2017-03-02. The life story of the epidemiologist who discovered the harmful effects of fetal X rays and other radiation exposure. **Regenerating England**, 2016-08-29. In the inter war years there was much debate in Britain as to whether the best path to post World War I regeneration would be found in the promises of science and technology in continued and increased efficiency in specialization and professionalization or whether the future of the nation depended on a rediscovery of older and more authentic ways of doing things on a defiant anti modernism. This debate on Britain's future was often conducted in terms of Englishness and the rebirth of a lost more spiritual village England. However Englishness also entered inter war social thinking through eclectic assimilations of diverse traditions. Prominent themes in the discourses on Britain's post war regeneration include national character, citizenship, fitness, education, utopia, community and so on. The chapters in the present volume address these themes and break new ground by examining debates well known in political and literary history through their relations to science, medicine, architecture and ideas of social and political health.
