Huntington's disease is a lethal neurodegenerative disease with no treatment and no cure and each of Joe's four children has a 50 percent chance of inheriting their father's disease. While watching her potential future in her father's escalating symptoms twenty-one year old daughter Katie struggles with the questions this test imposes on her young adult life. As Joe's symptoms worsen and he is eventually stripped of his badge and more Joe struggles to maintain hope and a sense of purpose while Katie and her siblings must find the courage to either live a life at risk or learn their fate.
