Christian G. Meyer

Skull Of Adam:

The Skull of Adam Larry Herrin, 2017-05-19 In Holy Scripture words mean things Why is the place of the skull so important when three of the four Gospels mention Golgotha Inquiring minds long before ago answered that question It may not be because the rock formation resembles a skull It may have deeper meaning Perhaps as some church fathers believed Adam is buried on Calvary In this book that contention is explored Did Adam lose his significance at his death or is there a link throughout the Scripture That may never be known but the thought is intriguing This is a work of fiction but in the stories of biblical characters there seems to be much more implied than said John made that clear when he wrote his Gospel Since Jesus was here in the beginning where was he He was always there He still is always with us The skull of Adam is used herein to present essential doctrines in a casual conversational manner It is all about the mystery of God The mystery revealed is that in all times the Scripture is all about Jesus What is said in these conversations explain the words of Jesus before he was ever born

The Sign of the Cross Daniel Rancour-Laferriere, 2017-09-08 This book presents a unique effort to create a new understanding of the Christian sign of the cross At its core it traces the conscious and unconscious influence of this visual symbol through time What began as the crucifixion of a Jewish troublemaker in Roman occupied Judea in the first century eventually gave rise to a broad spectrum of readings of the instrument used to accomplish such a punishment a cross The author argues that Jesus was a provocative grandiose masochist whose suffering and death initially signified redemption for believers This idea gradually morphed into a Christian sense of freedom to persecute and wage war against non believers however as can be seen in the Crusades wars of the cross Many believers even construed the murder of their savior as a crime perpetrated by the Jews and this paranoid notion culminated in the mass murder of European Jews under the sign of the Nazi hooked cross Hakenkreuz Rancour Laferriere s book is expertly written and argued it will be readable to a large audience because it touches on many areas of controversy interest and scholarship The work is critical but not unfair it employs psychoanalysis art history the study of the symbol of the cross in works of art religion and religious texts and world history generally The interweaving of these various themes is what gives this work its ability to draw in readers and will ultimately be what keeps the reader interested through the conclusion

Violence and the Genesis of the Anatomical Image

Rose Marie San Juan, 2022-11-28 Nothing excited early modern anatomists more than touching a beating heart In his 1543 treatise Andreas Vesalius boasts that he was able to feel life itself through the membranes of a heart belonging to a man who had just been executed a comment that appears near the woodcut of a person being dissected while still hanging from the gallows In this highly original book Rose Marie San Juan confronts the question of violence in the making of the early modern anatomical image Engaging the ways in which power operated in early modern anatomical images in Europe and to a lesser extent its colonies San Juan examines literal violence upon bodies in a range of civic religious pedagogical and exploratory

contexts She then works through the question of how bodies were thought to be constituted systemic or piecemeal singular or collective and how gender determines this question of constitution In confronting the issue of violence in the making of the anatomical image San Juan explores not only how violence transformed the body into a powerful and troubling double but also how this kind of body permeated attempts to produce knowledge about the world at large Provocative and challenging this book will be of significant interest to scholars across fields in early modern studies including art history and visual culture science and medicine

Bullough Jr.,2011-09-12 On a warm summer s evening while riding his bicycle with his girlfriend down a gentle slope something inexplicable happened Suddenly Adam flew over his handle bars bounced on the street and crushed the back of his head TBI traumatic brain injury In that moment as told by his father Robert V Bullough Jr Adam s life and the life of his family changed forever Like tens of thousands of other young people who probably rode their bikes that day Adam was not wearing a helmet Adam s Fall tells a very personal story of a young man s struggle to survive first while in prolonged coma and then to heal and to recover himself It is a story of the heroic efforts of doctors nurses and therapists who saved his life and of those who have since supported his healing But mostly it is a story of a family facing every parent s worst nightmare a story of faith and of hope that continues to unfold in often surprising ways **Adam's Gift** Cindy Williams Adams MEd,2024-06-12 In Adam s Gift author Cindy Williams Adams shares the story of the death of her twenty seven year old son Adam and her subsequent spiritual journey Hi I m Adam and I m dead Well not really I m still here The first night in the hospital while Adam was on life support around midnight a nurse advised me to go home and get some rest I looked at Adam s monitor His heart rate was 180 a normal heart rate for an infant At that point his vital signs were nominal I said I d go home when Adam s heart rate reached 111 Greg and I sat in the dark listening to the beep beep of Adam s monitor A few minutes later Greg said Look at the monitor Adam s heart rate was 111 My youngest sister Rhonda and I clipped some locks of Adam s dark brown hair as a keepsake I was sitting at the head of his bed examining our handiwork when I heard Adam say jokingly Mom what the fuck did you do to my hair In that pivotal moment if I d talked myself out of believing what I d just experienced I would have grieved Adam s death in an entirely different way Trusting the communication from Adam was real not only allowed me to accept the loss of Adam s physical presence it allowed me to create an entirely new relationship with the part of Adam that is eternal Adam s lungs kidneys pancreas and liver saved the lives of two individuals and significantly improved the lives of three others Adam s liver went to a young mother from Indiana

where I was born Adam's pancreas went to a woman with diabetes who'll never have to suffer another amputation Adam's kidneys went to a woman from somewhere in California and to a man in Oakland who no longer plans their life around the need for dialysis Adam's lungs went to a seventy-two-year-old man from Arizona From January 2011 to February 2023 Adam led me on a twelve-year-long wild goose chase where I collected seemingly random puzzle pieces that when presented altogether finally make sense From a past life as a knowledge keeper in Atlantis to serving as an intergalactic guardian Adam's mind-blowing after-death adventures will change everything you thought you knew about life and death and the world as we know it Don't let your skin suit fool you into thinking you're anything less than a co-creator with God We don't have to die to evolve to a higher level of consciousness When it comes to consciousness-raising Adam and I are giving away the cheats Adam's Gift is more than a memoir it's a multidimensional multimedia experience Brace yourself you're in for an e-ticket ride Adams debut memoir is an effectively concise account of a mother navigating her own grief while also finding ways to help others heal Adams vividly renders her story of her life's journey and her sense of exuberance is evident throughout Kirkus review The story of Adam and the special bond he shares with his mom gives those who question an afterlife Dannion Brinkley internationally bestselling author of *Saved by the Light* *At Peace in the Light* and *Secrets of the Light* You don't have to have experienced loss to love Adam's Gift It isn't a book of grief Its gift to the reader is about the resilience of love and the unwavering faith of a mother faced with unimaginable circumstances and boundless faith Meg Blackburn Losey PhD author of international bestsellers *The Children of Now* *The Secret History of Consciousness* and *Touching the Light* Through the experiences recounted by Adam's mother readers are immersed in a world where love transcends physical boundaries and continues to connect souls even after death Rhys Wynn Davies Australia's 2023 Psychic of the Year and author of *How to Talk to the Dead in 10 Easy Steps* Adam's Gift was so riveting to read I came away from it feeling as if I had gained so much I can't thank Adam and Cindy enough for writing this book Sarah Breskman Cosme bestselling author of *A Hypnotist's Journey to Atlantis* *A Hypnotist's Journey to the Secret of the Sphinx* and *A Hypnotist's Journey from the Trail to the Star People*

Christiane Weller **Early Medieval Exegesis in the Latin West** Thomas O'Loughlin, 2023-04-14 One of the significant developments in scholarship in the latter half of the twentieth century was the awareness among historians of ideas historians of theology and medievalists of the importance of the Christian scriptures in the Latin Middle Ages In contrast to an earlier generation of scholars who considered the medieval period as a Bible free zone recent investigations have shown the central role of scripture in literature art law liturgy and formal religious education Indeed to understand the Latin Middle Ages one must understand the value they placed upon the Bible how they related to it and how they studied it However despite the new emphasis on the Bible's role and the place of exegesis in medieval thought our detailed understanding is all too meagre and generalisations often imagined as valid for a period of close to a millennium abound How the Scriptures were used in one pursuit formal theology for example relied heavily on allegory was often very different to the way they were used in another e g in history writing was interested in literal meanings and exegesis differed over time and with cultures Similarly while most medieval writers were agreed that there were several senses within the text the number and nature varied greatly as did the strategies for accessing those meanings This collection of fifteen articles concentrating on the early Latin middle ages explores this variety and highlights just how patchy has been our understanding of medieval exegesis We now may be aware of the importance of the Bible but the task of studying that phenomenon is in its infancy **The History of Our Lord as Exemplified in Works of Art** Mrs. Jameson (Anna), 1892 **The Greater Men and Women of the Bible** James Hastings, 1913 *Current Literature* , 1898
