Challenges on the Emmaus Road T. Felder Dorn, 2021-11-25 While slavery and secession divided the Union during the American Civil War they also severed the Northern and Southern dioceses of the Protestant Episcopal Church In *Challenges on the Emmaus Road* T. Felder Dorn focuses on the way Northern and Southern Episcopal bishops confronted and responded to the issues and events of their turbulent times Prior to the Civil War Southern bishops were industrious in evangelizing among enslaved African Americans but at the same time they supported the legal and social aspects of the peculiar institution Southern and Northern bishops parted company over the institution of slavery not over the place of blacks in the Episcopal Church As Southern states left the Union Southern dioceses separated from the Episcopal Church in the United States The book s title was inspired by the Gospel of Luke 24 13-35 in which the resurrected Jesus Christ walked unrecognized with his disciples and discussed the events of his own crucifixion and disappearance from his tomb Dorn perceives that scriptural episode as a metaphor for the responses of Episcopal bishops to the events of the Civil War era Dorn carefully summarizes the debates within the church and in secular society surrounding the important topics of the era In doing so he lays the groundwork for his own interpretations of church history and also provides authentic data for other church scholars to investigate such topics as faith and doctrine evangelism and the administrative history of one of the most important institutions in America Dorn devotes the final chapters to the postwar reunification of the Episcopal Church and Southern bishops involvement in establishing the Commission on Freedmen to offer help with the educational and spiritual needs of the recently emancipated slaves

Ancient Slavery and Its New Testament Contexts Christy Cobb, Katherine A. Shaner, 2025-04-10 An essential resource for understanding slavery in the New Testament and early Christianity Slavery permeated society in the ancient

world The realities of slavery and its shadows pervade the New Testament and other early Christian texts Yet enslavement remains an under taught aspect of the context of the New Testament and early Christianity Because of this readers are left with numerous questions about ancient slavery How did people become enslaved What kinds of work did enslaved people do Who enslaved people How did ancient slavery compare with more contemporary enslavement eras Did anyone in the ancient world criticize slavery Was ancient slavery racialized Did Christians have a different understanding of slavery than others These are just some of the questions students ask in higher education and in Bible study classrooms alike This volume takes on these questions introducing students to the textures complexities and material realities of slavery in the Greco Roman world Ancient Slavery and Its New Testament Contexts draws on the expertise of scholars around the world with a focus on introductory information accessibility and readability It does not attempt to dismiss or downplay the role of New Testament texts in the perpetuation of either ancient slavery or slavery in the North American context Rather the volume helps students and teachers alike wrestle with the ongoing historical theological and ethical legacies of slavery in their own faith formation and engagement with the biblical text

The Second American Revolution Harvey Smith Sr.,2014-05-19 The book will describe the major gaps that exist between African Americans and their white counterparts The story is a historical presentation of decisions that were made by political and religious leaders dating back to the early 17th century that would eventually lead to the sad state of the modern day African American A positive solution to the problem will be presented that will give all Americans hope that each of the four gaps can eventually be closed Thus the story is based on a problem solution format The book will answer the question are all men created equal

Southern Slavery and the Law, 1619-1860 Thomas D. Morris,2004-01-21 This volume is the first comprehensive history of the evolving relationship between American slavery and the law from colonial times to the Civil War As Thomas Morris clearly shows racial slavery came to the English colonies as an institution without strict legal definitions or guidelines Specifically he demonstrates that there was no coherent body of law that dealt solely with slaves Instead more general legal rules concerning inheritance mortgages and transfers of property coexisted with laws pertaining only to slaves According to Morris southern lawmakers and judges struggled to reconcile a social order based on slavery with existing English common law or in Louisiana with continental civil law Because much was left to local interpretation laws varied between and even within states In addition legal doctrine often differed from local practice And as Morris reveals in the decades leading up to the Civil War tensions mounted between the legal culture of racial slavery and the competing demands of capitalism and evangelical Christianity

Wives Not Slaves Kirsten Sword,2024-05-31 Wives not Slaves begins with the story of John and Eunice Davis a colonial American couple who in 1762 advertised their marital difficulties in the New Hampshire Gazette a more common practice for the time and place than contemporary readers might think John Davis began the exchange after Eunice left him with a notice resembling the ads about runaway slaves and servants that were a common feature of eighteenth century newspapers John warned neighbors

against entertaining her or harbouring her or giving her credit Eunice defiantly replied If I am your wife I am not your slave With this pointed but problematic analogy Eunice connected her individual challenge to her husband s authority with the broader critiques of patriarchal power found in the politics religion and literature of the British Atlantic world Kirsten Sword s richly researched history reconstructs the stories of wives who fled their husbands between the mid seventeenth and early nineteenth centuries comparing their plight with that of other runaway dependents Wives not Slaves explores the links between local justice the emerging press and transatlantic political debates about marriage slavery and imperial power Sword traces the relationship between the distress of ordinary households domestic unrest and political unrest shedding new light on the social changes imagined by eighteenth century revolutionaries and on the politics that determined which patriarchal forms and customs the new American nation would and would not abolish *Three lectures on British and Colonial Slavery, etc* George Thompson,1832 Slavery Abolished C. CONKLING,1862 **Past Forward** James Sabathne,Jason Stacy,2016-09 Over the last fifteen years undergraduate U S history courses have made great progress in incorporating primary sources and diverse voices into the survey However teachers still struggle to find professional writing by working historians in a format useful to undergraduates Also in 2014 the College Board redesigned the AP U S History curriculum and assessments to require students to demonstrate a critical approach to historical writing by professional historians These facts have increased demand among teachers for access to high quality secondary material by professional historians in a single convenient publication Past Forward Articles from the Journal of American History selects some of the best articles from The Journal of American History to meet the needs of students and teachers of the U S history survey Exploring all of the required key concepts and historical thinking skills required in the new AP U S History curriculum the book provides pedagogical and historiographical supports for each article It also contains concise academic biographies of the authors that highlight their path to practicing history and their major publications which will draw students deeper into historical discourses *Transatlantic Slavery* Anthony Tibbles,Anthony H. Tibbles,2005-01-01 Between 1500 and 1870 European traders transported millions of Africans to the Americas to work as slaves yet despite the wealth of scholarship on this period many people remain uninformed about the history of the slave trade and its implications for the modern black experience Published to accompany a permanent gallery in the Merseyside Maritime Museum Transatlantic Slavery documents this era through essays on women in slavery the impact of slavery on West and Central Africa and the African view of the slave trade Richly illustrated it reveals how the slave trade shaped the history of three continents Africa the Americas and Europe and how all of us continue to live with its consequences Frontiers in American Children's Literature Dorothy Clark,Linda Salem,2016-02-29 Frontiers in American Children s Literature is a groundbreaking work by both established and emerging scholars in the fields of children s literature criticism history and education It offers 18 essays which explore and critically examine the expanding canon of American children s books against the backdrop of a social

Paul and the Dynamics of Power Kathy Ehrensperger,2007-09-01 In this illuminating study Kathy Ehrensperger looks at the question of Paul s use of power and authority as an apostle who understands himself as called to proclaim the Gospel among the gentiles Ehrensperger examines the broad range of perspectives on how this use of power should be evaluated These range from the traditional interpretation of unquestioned taken for granted for a church leader to a feminist interpretation She examines whether or not Paul s use of power presents an open or hidden re inscription of hierarchical structures in what was previously a discipleship of equals Paul and the Dynamics of Power questions whether such hierarchical tendencies are rightly identified within Paul s discourse of power Furthermore it considers whether these are inherently and necessarily expressions of domination and control and are thus in opposition to a discipleship of equals In her careful analysis Ehrensperger draws on such wide ranging figures as Derrida Michel Foucault and James Scott This enables fresh insights into Paul s use of authority and power in its first century context

Contemporary Human Rights Challenges Carla Ferstman,Tony Gray,2018-09-03 The Universal Declaration of Human Rights UDHR was drafted by the UN Commission on Human Rights in the aftermath of the World War II in an attempt to address the wrongs of the past and plan for a better

future for all With contributions from President Jimmy Carter UNESCO Secretary General Audrey Azoulay and the former Archbishop of Canterbury Rowan Williams this collection of essays Contemporary Human Rights Challenges The Universal Declaration of Human Rights and its Continuing Relevance by leading international experts offers a timely contemporary view on the UDHR and its continuing relevance to today s issues Reflecting the structure of the UDHR the chapters written by 28 academics practitioners and activists bring a contemporary perspective to the original principles proclaimed in the Declaration s 30 Articles It will be a stimulating accessible read with real world examples for anyone involved in thinking about designing or applying public policy particularly government officials politicians lawyers journalists and academics and those engaged in promoting social justice Examined through these universal principles which have enduring relevance the authors grapple with some of today s most pressing challenges some of which for example equality and gender related rights would not have been foreseen by the original drafters of the Declaration who included Eleanor Roosevelt Ren Cassin and John Humphrey The essays cover a wide range of topics such as an individual s right to privacy in a digital age freedom to practise one s religion and the right to redress and make a compelling and detailed argument for the on going importance and significance of the Declaration and human rights in our rapidly changing world **The Making of New World Slavery**

Robin Blackburn,2020-05-05 The Making of New World Slavery argues that independent commerce geared to burgeoning consumer markets was the driving force behind the rise of plantation slavery The baroque state sought successfully to feed upon this commerce and with markedly less success to regulate slavery and racial relations To illustrate this thesis Blackburn examines the deployment of slaves in the colonial possessions of the Portuguese the Spanish the Dutch the English and the French Plantation slavery is shown to have emerged from the impulses of civil society not from the strategies of individual states Robin Blackburn argues that the organization of slave plantations placed the West on a destructive path to modernity and that greatly preferable alternatives were both proposed and rejected Finally he shows that the surge of Atlantic trade predicated on the murderous toil of the plantations made a decisive contribution to both the Industrial Revolution and the rise of the West **More Than Chattel**

David Barry Gaspar,Darlene Clark Hine,1996-04-22 Essays exploring Black women s experiences with slavery in the Americas Gender was a decisive force in shaping slave society Slave men s experiences differed from those of slave women who were exploited both in reproductive as well as productive capacities The women did not figure prominently in revolts because they engaged in less confrontational resistance emphasizing creative struggle to survive dehumanization and abuse The contributors are Hilary Beckles Barbara Bush Cheryl Ann Cody David Barry Gaspar David P Geggus Virginia Meacham Gould Mary Karasch Wilma King Bernard Moitt Celia E Naylor Ojurongbe Robert A Olwell Claire Robertson Robert W Slenes Susan M Socolow Richard H Steckel and Brenda E Stevenson A much needed volume on a neglected topic of great interest to scholars of women slavery and African American history Its broad comparative framework makes it all the more important for it offers the basis for evaluating similarities and contrasts in the role of gender in

different slave societies This will be required reading for students all of the American South women s history and African American studies Drew Gilpin Faust Annenberg Professor of History University of Pennsylvania

The Afterlife of Reproductive Slavery Alys Eve Weinbaum,2019-02-14 In *The Afterlife of Reproductive Slavery* Alys Eve Weinbaum investigates the continuing resonances of Atlantic slavery in the cultures and politics of human reproduction that characterize contemporary biocapitalism As a form of racial capitalism that relies on the commodification of the human reproductive body biocapitalism is dependent upon what Weinbaum calls the slave episteme the racial logic that drove four centuries of slave breeding in the Americas and Caribbean Weinbaum outlines how the slave episteme shapes the practice of reproduction today especially through use of biotechnology and surrogacy Engaging with a broad set of texts from Toni Morrison s *Beloved* and Octavia Butler s dystopian speculative fiction to black Marxism histories of slavery and legal cases involving surrogacy Weinbaum shows how black feminist contributions from the 1970s 1980s and 1990s constitute a powerful philosophy of history one that provides the means through which to understand how reproductive slavery haunts the present

Celia, a Slave Melton A. McLaurin,2021-12-15 Originally published in 1991 *Celia a Slave* illuminates the moral dilemmas that lie at the heart of a slaveholding society by telling the story of a young slave who was sexually exploited by her enslaver and ultimately executed for his murder Melton A McLaurin uses *Celia* s story to reveal the tensions that strained the fabric of antebellum southern society by focusing on the role of gender and the manner in which the legal system was used to justify slavery An important addition to our understanding of the pre Civil War era *Celia a Slave* is also an intensely compelling narrative of one woman pushed beyond the limits of her endurance by a system that denied her humanity at the most basic level
