Sleep And Death:

An Inquiry Into the Nature of Sleep and Death Alexander Philip Wilson Philip, 1834 Describes the neurological aspect of sleep the functions of the nervous system and death *An Inquiry Into the Nature of Sleep and Death* Alexander Philip Wilson Philip, C. Sewell, 1834 **Sleep, Death, and Rebirth** Zvi Ish-Shalom, 2021-08-17 In the sixteenth century the famous kabbalist Isaac Luria transmitted a secret trove of highly complex mystical practices to a select group of students These meditations were designed to capitalize on sleep and death states in order to effectively split one's soul into multiple parts and which when properly performed permitted the adept to free oneself from the cycle of rebirth Through an in depth analysis of these contemplative practices within the broader context of Lurianic literature Zvi Ish Shalom guides us on a penetrating scholarly journey into a realm of mystical teachings and practices never before available in English illuminating a radically monistic vision of reality at the heart of Kabbalistic metaphysics and practice **Sleep and Society** Simon J. Williams, 2013-04-03 First sociological examination of sleep Author is a key figure internationally in medical sociology

The Other Side of Death Carlyle Boynton Haynes, 1918 **Sleep, Divine and Human, in the Old Testament** Thomas McAlpine, 1987-07-01 An original and absorbing monograph blending researches in several fields semantics archaeology comparative ancient literature symbolics and the social and religious dimensions of sleep as a concept Many familiar texts are illuminated by this integrative approach *The Odd-Fellows' Casket and Review*, 1859 *The Evangelical Imagination* Karen Swallow Prior, 2023-08-08 Christianity Today 2024 Book Award Finalist Culture and the Arts Contemporary American evangelicalism is suffering from an identity crisis and a lot of bad press In *The Evangelical Imagination* acclaimed author Karen Swallow Prior analyzes the literature art and popular culture that has surrounded evangelicalism and unpacks some of the movement's most deeply held concepts ideas values and practices She shows that understanding what the term evangelical means today means understanding not only evangelicalism's faith commitments but also the images metaphors assumptions and stories that have cultivated evangelical culture Brought to life with color illustrations and paintings this book explores ideas including conversion domesticity empire sentimentality and more Provides plenty of fodder for those wishing to explore what evangelicalism is and reimagine what it might become It's an eye opener Publishers Weekly Akin to enjoying a lively conversation over a cheering yet bracing cup of tea Christianity Today 5 star review A breathtaking reminder of just how powerful the evangelical imagination has been and how much is lost when we forfeit it The Gospel Coalition *Aspects of death and correlated aspects of life in art, epigram, and poetry* Frederick Parkes Weber, 1918 *Exploring Shakespeare* S. Viswanathan, 2005 The book is a compilation of different erudite articles already published by the author in various scholarly journals and other edited volumes The essays are a study and an enquiry into a variety of dramaturgical methods and processes that contribute to the theatrical dynamics of the Shakespeare plays All the articles are concerned with the art of playmaking with an examination of the tools and devices used by Shakespeare

which contribute to the dramatic life of the play but also articulate the moral and sociocultural ideas of the time There has not been much critical work in this area before and the book is one of the first of its kind The book unravels the function and effect of many poetic rhetorical topological visual and theatrical devices which Shakespeare exploits in his plays for a dramatic effect Together the essays present an idea of the multidimensional totality of theatre language and communication which Shakespeare achieves through a masterful orchestration of dramatic resources The book will be of immense value to students scholars and researchers in the fields of theatre techniques and art literature in general and drama in particular
