economics in our lives literary scholars have long been reluctant to consider economic issues as they examine key texts This volume seeks to fill one of these conspicuous gaps in the critical literature by focusing on various connections between science fiction and economics with some attention to related fields such as politics and government Its seventeen contributors include five award winning scholars five science fiction writers and a widely published economist Three topics are covered what noted science fiction writers like Robert A Heinlein Frank Herbert and Kim Stanley Robinson have had to say about our economic and political future how the competitive and ever changing publishing marketplace has affected the growth and development of science fiction from the nineteenth century to today and how the scholars who examine science fiction have themselves been influenced by the economics of academia Although the essays focus primarily on American science fiction the traditions of Russian and Chinese science fiction are also examined A comprehensive bibliography of works related to science fiction and economics will assist other readers and critics who are interested in this subject

"Repent, Harlequin!" Said the Ticktockman Harlan Ellison, 2016-07-12 Winner of the Hugo and Nebula Awards A science fiction classic about an antiestablishment rebel set on overthrowing the totalitarian society of the future One of science fiction's most antiestablishment authors rails against the accepted order while questioning blind obedience to the state in this unique pairing of short story and essay Repent Harlequin Said the Ticktockman is set in a dystopian future society in which time is regulated by a heavy bureaucratic hand known as the Ticktockman The rebellious Everett C Marm flouts convention masquerading as the anarchic Harlequin disrupting the precise schedule with bullhorns and jellybeans in a world where being late is nothing short of a crime But when his love Pretty Alice betrays Everett out of a desire to return to the punctuality to which she is programmed he is forced to face the Ticktockman and his gauntlet of consequences The bonus essay included in this volume Stealing Tomorrow is a hard to find Harlan Ellison masterwork an exploration of the rebellious nature of the writer's soul Waxing poetic on humankind's intellectual capabilities versus its emotional shortcomings the author depicts an inner self that guides his words against the established bureaucracies assuring us that the intent of his soul is to come lumbering into town on a pink and yellow elephant fast as Pegasus and throw down on the established order Winner of the Prometheus Hall of Fame Award Repent Harlequin Said the Ticktockman has become one of the most reprinted short stories in the English language Fans of George Orwell's Nineteen Eighty Four and Aldous Huxley's Brave New World will delight in this antiestablishment vision of a Big Brother society and the rebel determined to take it down The perfect complement Stealing Tomorrow is a hidden gem that reinforces Ellison's belief in humankind's inner nobility and the necessity to buck totalitarian forces that hamper our steady evolution

Slusser, Jaume Marti-Olivella, 2022-06-08 *The Fantastic Other* is a carefully assembled collection of essays on the increasingly significant question of alterity in modern fantasy the ways in which the understanding and construction of the Other shapes both our art and our imagination The collection takes a unique perspective seeing alterity not merely as a social issue but as a biological one Our fifteen essays cover the problems posed by the Other which after all go well beyond the bounds of any single critical perspective With this in mind we have selected studies to show how insights from deconstruction Marxism feminism and Freudian Jungian and evolutionary psychology help us understand an issue so central to the act of reading
