The Mafia Don A Picaresque Romance:

The Mafia Don George William Rae, 1972

A Companion to the Spanish Picaresque Novel Edward H.

Friedman, 2022 Written by an international group of scholars this edited collection provides an overview of the Spanish picaresque from its origins in tales of lowborn adventurers to its importance for the modern novel along with consideration of the debates that the picaresque has inspired The term picaresque describes a specific set of early modern Spanish narratives relating the life story of a lowborn adventurer in a realist ironic and often humorous manner The protagonist the picaresque or picaresque rascal seeks upward mobility in a resolutely hierarchical society determined to prevent his or her ascent and both are rich targets of satire Spanish picaresques inspired Anglo French rogues including Gil Blas and Tom Jones and paved the way for the modern novel Written by an international group of scholars this edited collection provides an overview of the Spanish picaresque novel from its origins to the present day along with a treatment of the debates that the picaresque has inspired After introductory chapters on the picaresque genre and the origin of the phenomenon the book analyses canonical texts and their role in the picaresque spectrum Further chapters then turn to critical approaches to the genre and manifestations of the picaresque in Hispanic America France England and modern Spain Overall the book affords readers a broad sense of the range of this rich tradition and an in depth view of the field and its major texts

Movie Lists Paul Simpson, 2011-05-26

Action African greats alcohol Robert Aldrich aliens Woody Allen Pedro Almodovar Robert Altman animated anime apocalypses Argentina art Asia minor avant garde And that's just A for you A taste of this fabulously quirky and enjoyable book which is both a celebration of movies and movie trivia and a handy entertaining guide to films that we know you will enjoy It is fantastically functional The lists are well conceived and easy to understand mostly assembled by genre actor director theme or country of origin and the reviews are witty and informative Oddly enough most movie guides are not full of recommendations But Movie Lists is in spades leaving readers in no doubt that the films reviewed are the business Oh and you don't have to watch them all before you die There is no premise of death in this book You just need to get down to the local Blockbusters or flick your remote to Movies on Demand Only the popcorn is not supplied
