I imagined myself being led into one of those plots as familiar as myths on the Avenue—into a black room where I would be beaten and robbed by a couple of two-buck hoods in fat tan and double-breasted suits, a style they stole from late movies on TV. My head filled with images of knuckles glancing off my cheekbones, I sputtered, "Where . . . are you . . . taking me?"

My eyes must've said more than my mouth because she replied, "Don't worry, Honey, my place is safe as heaven," bearing a face full of surprisingly even teeth.

It is only now I understand that smile: It was pride in the state of mind she evoked, in her ability to remove the seeds of a man without damaging the skin; pride in that she administered her comforts democratically to the construction workers, the pool sharks, the policemen, the insurance brokers, the soldiers, the bartenders, the actors, the farmers, the travel agents, the shopkeepers, the priests . . . even to the unemployed, who always came back to pay their debts, like money tithed to the church. Better to stall on the grocery bill than on debts of the soul.

At last we reached her landing, out from which spread a mold-green passageway—too narrow to be called a hallway. Up from the pit of the stairs we rose like prehistoric creatures out of the sea, mottled by the spotty brown light. Behind one of the anonymous doors a wild y was cut loose and swiftly failed. My skin tightened,

**The Burgher and the Whore** Lotte van de Pol, 2011-03-31 Amsterdam was after London and Paris the third largest city in early modern Europe and was renowned throughout Europe for its widespread and visible prostitution. Delving deep into a wide range of sources but making particular use of the transcripts of thousands of trials, *The Burgher and the Whore* reconstructs Amsterdam's whoredom in detail. The colourful and fascinating descriptions of the prostitutes, their bawds, their clients and the police shed new light on the cultural, social and economic conditions of the lives of poor women in a seafaring society. Lotte van de Pol explores how the vice trade was embedded in Amsterdam's society, economy and judicial system and how legislation and policing were shaped by misogynist attitudes towards women and fear of God's wrath and venereal diseases towards sex. The story concentrates on the people living at the margins of a rich metropolis in which there was a large surplus of women, many of them poor immigrants with little prospect of marriage. Many changes are visible in the 150 years under scrutiny, including the view of prostitution from immorality to trade and of prostitutes from whores and criminals to paupers. The result is a book that can be read as the history of the Dutch Golden Age from below.
