The Mahdi of Allah Richard Arnold Bermann,1931 *The Mahdi of Allah* Richard A. Bermann,2006-10-01 Today as a new Islamic revolution faces a Western response this classic exploration of fundamentalist Islamic religious leader Muhammad Ahmad 1844 1885 deserves a second look The self proclaimed Mahdi or end time redeemer of Islam Ahmad and his armies took back control of the Sudan from foreign conquerors in the late 19th century only to himself be defeated his rebellion thwarted Students of the history of the Sudan and of Islam in recent centuries will be fascinated by this 1932 work which reveals as much about European reaction to aggressive Islamism as it does about one of the great figures of the faith itself Austrian journalist RICHARD ARNOLD BERMANN 1883 1939 is also the author of Home from the Sea Robert Louis Stevenson in Samoa British Military Operations in Egypt and the Sudan Harold E. Raugh Jr.,2008-05-02 The British Army's campaigns in Egypt and the Sudan from 1882 to 1899 were among the most dramatic and hard fought in British military history In 1882 the British sent an expeditionary force to Egypt to quell the Arabic Revolt and secure British control of the Suez Canal its lifeline to India The enigmatic British Major General Charles G Gordon was sent to the Sudan in 1884 to study the possibility of evacuating Egyptian garrisons threatened by Muslim fanatics the dervishes in the Sudan While the dervishes defeated the British forces on a number of occasions the British eventually learned to combat the insurrection and ultimately largely through superior technology and firepower vanquished the insurgents in 1898 British Operations in Egypt and the Sudan A Selected Bibliography enumerates and generally describes and annotates hundreds of contemporary current and hard to find books journal articles government documents and personal papers on all aspects of British military operations in Egypt and the Sudan from 1882 to 1899 Arranged chronologically and topically chapters cover the various campaigns focusing on specific battles leading military personalities and the contributions of imperial nations as well as supporting services of the British Army This definitive volume is an indispensable reference for researching imperialism colonial history and British military operations leadership and tactics **Hitler's Exiles** Volkmar Zuhlsdorff,2005-07-26 This book is an extraordinary first hand account of the German Academy in Exile The Academy was established in 1936 as a platform for German intellectuals in America to speak out against Hitler Its membership covered the leading German speaking intellectuals who went into exile in opposition to Hitler's National Socialist government artists writers musicians scientists philosophers film directors and architects including Albert Einstein Sigmund Freud Thomas Mann Bertold Brecht and many more Together they helped to shape intellectual and cultural developments in the western world in the second half on

the twentieth century They came together in the Academy to show the world that Hitler and the Nazis were not Germany and that their country could resume its place in the civilised and humane world *Living with Colonialism* Heather J.

Sharkey,2003-03-18 Histories written in the aftermath of empire have often featured conquerors and peasant rebels but have said little about the vast staffs of locally recruited clerks technicians teachers and medics who made colonialism work day to day Even as these workers maintained the colonial state they dreamed of displacing imperial power This book examines the history of the Anglo Egyptian Sudan 1898 1956 and the Republic of Sudan that followed in order to understand how colonialism worked on the ground affected local cultures influenced the rise of nationalism and shaped the postcolonial nation state Relying on a rich cache of Sudanese Arabic literary sources including poetry essays and memoirs as well as on colonial documents and photographs this perceptive study examines colonialism from the viewpoint of those who lived and worked in its midst By integrating the case of Sudan with material on other countries particularly India Sharkey gives her book broad comparative appeal She shows that colonial legacies such as inflexible borders atomized multi ethnic populations and autocratic governing structures have persisted hobbling postcolonial nation states Thus countries like Sudan are still living with colonialism struggling to achieve consensus and stability within borders that a fallen empire has left behind

(Translated by Robin John.) With Plates. Richard Arnold BERMANN, Robin JOHN, 1931 *Three Empires on the Nile* Dominic Green, 2007-01-23 A secular regime is toppled by Western intervention but an Islamic backlash turns the liberators into occupiers Caught between interventionists at home and fundamentalists abroad a prime minister flounders as his ministers betray him alliances fall apart and a runaway general makes policy in the field As the media accuse Western soldiers of barbarity and a region slides into chaos the armies of God clash on an ancient river and an accidental empire arises This is not the Middle East of the early twenty first century It is Africa in the late nineteenth century when the river Nile became the setting for an extraordinary collision between Europeans Arabs and Africans A human and religious drama the conflict defined the modern relationship between the West and the Islamic world The story is not only essential for understanding the modern clash of civilizations but is also a gripping epic tragic adventure Three Empires on the Nile tells of the rise of the first modern Islamic state and its fateful encounter with the British Empire of Queen Victoria Ever since the self proclaimed Islamic messiah known as the Mahdi gathered an army in the Sudan and besieged and captured Khartoum under its British overlord Charles Gordon the dream of a new caliphate has haunted modern Islamists Today Shiite insurgents call themselves the Mahdi Army and Sudan remains one of the great fault lines of battle between Muslims and Christians blacks and Arabs The nineteenth century origins of it all were even more dramatic and strange than today s headlines In the hands of Dominic Green the story of the Nile s three empires is an epic in the tradition of Kipling the bard of empire and Winston Churchill who fought in the final destruction of the Mahdi s army It is a sweeping and very modern tale of God and globalization slavers and strategists missionaries and messianists A pro Western regime collapses from its own corruption a jihad threatens the global economy a liberation movement degenerates into a tyrannical cult military intervention goes wrong and a temporary occupation lasts for decades In the rise and fall of empires we see a parable for our own times and a reminder that while American military involvement in the Islamic world is the beginning of a new era for America it is only the latest chapter in an older story for the people of the region **Africa** ,1932 Includes Proceedings of the Executive council and List of members also section Review of books Luzac & Co.'s Oriental List ,1929 Just Wars, Holy Wars, and Jihads Sohail H.
