cities cricket and the elite school system the function of the game in shaping relations between the New Zealand provinces cricket encounters with the Australian colonies in the context of an Australasian world A central theme is cricketing relations with England at a time when New Zealand society was becoming acutely conscious of both its own identity and its place within the British Empire This imperial relationship reveals structures ideals and objectives unique to New Zealand Articulate engaging and entertaining Ryan demonstrates convincingly how the cricketing experience of New Zealand was quite different from that of other colonies
