The Malory Debate:

Re-viewing Le Morte Darthur Kevin Sean Whetter, Raluca L. Radulescu, 2005 New articles offer a variety of fresh perspectives on some of the most important areas of Malory criticism

Contested Language in Malory's Morte Darthur R. Lexton, 2014-06-18 Examining Malory's political language this study offers a revisionary view of Arthur's kingship in the Morte Darthur and the role of the Round Table fellowship Considering a range of historical and political sources Lexton suggests that Malory used a specific lexicon to engage with contemporary problems of kingship and rule

The Malory Debate Bonnie Wheeler, Robert L. Kindrick, Michael Norman Salda, 2000 Seminal essays on one of the most crucial issues in Arthurian studies

Malory's Contemporary Audience Thomas Crofts, 2006 This book seeks to place Malory's Morte Darthur more firmly in its cultural and historical context Its composition in the mid to late fifteenth century took place at a time of great upheaval for England a period beginning with the loss of Bordeaux and the Hundred Years War and ending with the rise of Richard III During this time the Morte was translated from numerous French sources copied by scribes and finally in July 1485 printed by William Caxton The author argues that in this unique production history are reflected the ideological crises which loomed so massively over England's ruling class in the fifteenth century and that the book is in fact inseparable from these crises

BOOK JACKET *The Book Unbound* Siân Echard, Stephen Partridge, Stephen Bradford Partridge, 2004-01-01 Contemporaries of Erasmus contains biographical information about more than 1900 people mentioned in the correspondence and other writings of Erasmus This paperback edition is a reprint of the three volume set published between 1985 and 1987 The volumes have been combined into a single volume without any editorial changes to provide a manageable and affordable edition of a magisterial work The remarkable breadth of Erasmus' contacts throughout his life is reflected in this unique volume Differing substantially from the national biographical dictionaries that restrict themselves to major figures Contemporaries of Erasmus combines the famous with the obscure popes and politicians artists and poets knights and theologians covering every individual mentioned whose death occurred after the year 1450 Well known figures include Martin Luther King Henry VIII Machiavelli Popes Nicholas V and Peter IV and Emperor Charles V Dipping into the pages of this fully illustrated volume will intrigue and delight the casual reader but the combined volume will also be an indispensable tool for those who have searched in vain for a biographical dictionary of the Renaissance and the Reformation

The Manuscript and Meaning of Malory's Morte Darthur Kevin Sean Whetter, 2017 An examination of the rubricated letters in the Morte makes a convincing case for the design being by Malory himself The red ink names that decorate the Winchester manuscript of Malory's Morte Darthur are striking yet until now no one has asked why the rubrication exists This book explores the uniqueness and thematic significance of the physical layout of the Morte in its manuscript context arguing that the layout suggests and the correlations between manuscript design and narrative theme confirm that the striking arrangement is likely to have been the product of authorial design rather than something unusual dreamed up by patron

scribe reader or printer The introduction offers a thorough account of not only the textual tradition of the Morte but also the ways in which scholarship to date has not done enough with the manuscript contexts of Malory's *Arthuriad* The book then goes on to establish the singularity and likely provenance of Winchester's rubrication of names In the second half of the study the author elucidates the narrative significance of this rubrication pattern outlining striking connections between manuscript layout and major narrative events characters and themes He suggests that the manuscript mise en page underscores Malory's interest in human character and knighthood creating a memorializing function similar to the many inscribed tombs that dominate the landscape of the Morte's narrative pages Inshort Winchester's design creates a memorializing tomb for Arthurian chivalry K S WHETTER is Professor of English at Acadia University Canada *Arthurian Literature* XXXII Elizabeth Archibald, David F. Whetter, 2025-09-02 Readers encountering the Middle English Arthurian tradition are confronted by three texts with confusingly similar titles an anonymous poem in alliterative verse called *Morte Arthure* an anonymous poem in eight line stanzas entitled *Le Morte Arthur* and Sir Thomas Malory's influential prose *Arthuriad* *LeMorte Darthur* sic To add to the confusion Malory made use of both English poems to augment his French sources in composing his *Morte Darthur* so specialists often speak of two or more of these English Mortes in the same breath Yet each Morte poem deserves to be studied on its own merits *Arthurian Intertextualities* offers new readings of Malory's Morte as well as the two English poems that most influenced him Tolhurst and Whetter situate Malory's Arthur story in the context of fourteenth and fifteenth century England Combining these contexts with intertextual

analysis of scenes and characters from *Le Morte Darthur* and both sources the authors illustrate the full extent of Malory's debt to these two English poems while making a stronger case for Malory's artistry and the stanzaic poet's artistry than previous scholarship has acknowledged. These new readings demand a reassessment of Arthurian women, kingship and warfare and heroism including reconsidering the alliterative poet's attitude to war and to Arthur as conqueror. The authors also offer a spirited defense of Malory's Guenevere who remains frequently maligned by scholars and argue for Palomides's acceptance by his Round Table Fellowship. Arthurian Intertextualities will appeal to readers who are interested in the book that serves as the source for most of the Arthuriana, whether novels, plays, works of art or films in today's world.

Le Morte Darthur *Arthurian Literature XXXVIII* K. S. Whetter, Megan G. Leitch, 2023-04-04 Arthurian Literature has established its position as the home for a great diversity of new research into Arthurian matters. It delivers fascinating material across genres, periods and theoretical issues. TIMES LITERARY SUPPLEMENT WINNER The James Randall Leader Essay Prize WINNER The James Randall Leader Essay Prize in the Fair Well Known Category. This issue offers stimulating studies of a wide range of Arthurian texts and authors from the Middle Ages to the nineteenth century, among which is the first winner of the Derek Brewer Essay Prize awarded to a fascinating exploration of Ragnelle's strangeness in *The Wedding of Sir Gawain and Dame Ragnelle*. It includes an exploration of Irish and Welsh cognates and possible sources for Merlin, Bakhtinian analysis of Geoffrey of Monmouth's playful discourse and an account of the transmission of Geoffrey's text into Old Icelandic. In the Middle English tradition there is an investigation of material Arthuriana in *Sir Gawain and the Green Knight* followed by explorations of shame in Malory's *Morte Darthur*. The post-medieval articles see one paper devoted to the paratexts of sixteenth-century French Arthurian publishers, one to eighteenth-century Arthuriana and one to a range of nineteenth-century rewritings of the virginity of Galahad and Percival's Sister. Two Notes close this volume: one on Geoffrey's Vita Merlini and a possible Irish source and one on a likely source for Malory's linking of Tristram with the Book of Hunting and Hawking in an early form of *The Book of St Albans*.

The Cambridge Companion to Medieval English Literature 1100–1500 Larry Scanlon, 2009-06-18 The medieval period was one of extraordinary literary achievement sustained over centuries of great change anchored by the Norman invasion and its aftermath, the re-emergence of English as the nation's leading literary language in the fourteenth century and the advent of print in the fifteenth. This Companion spans four full centuries to survey this most formative and turbulent era in the history of literature in English. Exploring the period's key authors: Chaucer, Langland, the Gawain Poet, Margery Kempe among many and genres: plays, romances, poems and epics, the book offers an overview of the riches of medieval writing. The essays map out the flourishing field of medieval literary studies and point towards new directions and approaches. Designed to be accessible to students, the book also features a chronology and guide to further reading.

Texts and Territories Hülya Taflı Düzgün, 2018-07-27 The writing of a literary text is as a retrospective explanation of what is happening in the present, including social, cultural, religious and political events, and is a

deliberate re creation in actual practice The impact of immediate contemporary concerns places a literary text at least partly outside the author s control The author responds to a given context of historical and cultural incident that limits his freedom to invent adapt or explain Of these contemporary concerns the literary text is concerned first with how cultural practices and cultural changes helped to create it and second with what happens when specific historical events appear to model themselves on narrative structures and how those events can be given a conscious boost by narrative authors or patrons to make the parallels even closer History turns into literary narrative or literary narrative turns into history therefore literature and history live in each other s pockets The medieval texts that straddle the borderland between literature and history what has been called a medieval fashion for pseudo history have been repeatedly commented on over the years However the broader implications of this phenomenon for the modern understanding of medieval concepts of the past and historiography have been under explored This volume engages with the history and the literary narrative in Medieval England through a variety of approaches to an interdisciplinary array of texts ranging from Latin Old French Anglo Norman to Middle English between the eleventh and fifteenth centuries *Images of Language in Middle English Vernacular Writings* Kathy Cawsey,2020 An exploration of the use of images in Middle English texts tracing out what can be deduced of a theory of language **Ethics in the Arthurian Legend** Melissa Ridley Elmes,Evelyn Meyer,2023 An interdisciplinary and trans historical investigation of the representation of ethics in Arthurian Literature From its earliest days the Arthurian legend has been preoccupied with questions of good kingship the behaviours of a ruling class and their effects on communities societies and nations both locally and in imperial and colonizing contexts Ethical considerations inform and are informed by local anxieties tied to questions of power and identity especially where leadership service and governance are concerned they provide a framework for understanding how the texts operate as didactic and critical tools of these subjects This book brings together chapters drawing on English Welsh German Dutch French and Norse iterations of the Arthurian legend and bridging premodern and modern temporalities to investigate the representation of ethics in Arthurian literature across interdisciplinary and transhistorical lines They engage a variety of methodologies including gender critical race theory philology literature and the law translation theory game studies comparative critical and close reading and modern editorial and authorial practices Texts interrogated range from Culhwch and Olwen to Parzival Roman van Walewein Tristrams Saga Sir Gawain and the Green Knight and Malory s Morte Darthur As a whole the approaches and findings in this volume attest to the continued value and importance of the Arthurian legend and its scholarship as a vibrant field through which to locate and understand the many ways in which medieval literature continues to inform modern sensibilities and institutions particularly where the matter of ethics is concerned Texts in Transit Lotte Hellinga,2014-08-12 After Gutenberg s Bible had appeared in print in 1455 other early printers found different ways to solve problems set by the new technique Survival of printer s copy or proofs permits rare views of compositors and printers manipulating a text before it emerged in its new

Umland,2016-04-20 Unlike such romanticized renegades as Robin Hood and Jesse James there is another kind of outlaw hero one who lives between the law and his own personal code In times of crisis when the law proves inadequate the liminal outlaw negotiates between the social imperatives of the community and his innate sense of right and wrong While society requires his services he necessarily remains apart from it in self preservation The modern outlaw hero of film and television is rooted in the knight errant whose violent exploits are tempered by his solitude and devotion to a higher ideal In Hollywood classics such as Casablanca 1942 and Shane 1953 and in early series like The Lone Ranger 1949 1957 and Have Gun Will Travel 1957 1963 the outlaw hero reconciles for audiences the conflicting impulses of individual freedom versus serving a larger cause Urban westerns like the Dirty Harry and Death Wish franchises as well as iconic action figures like Rambo and Batman testify to his enduring popularity This book examines the liminal hero s origins in medieval romance his survival in the mythology of the Hollywood western and his incarnations in the urban western and modern action film **A Companion**
