television alongside the more traditional fare of novels and short stories this book aims to break down the boundaries that sometimes exist between these forms using the sidekick as a defining thread to link them together into a wider conceptual argument that covers a broad range of crime narratives **The Publishers Weekly** ,1999 *The Mammoth Book of Locked Room Mysteries & Impossible Crimes* Mike Ashley,2011-09-01 This collection of criminal conundrums are more than whodunits they re howdunits and are intended to stretch your powers of deduction to the limits **The World's Finest Mystery and Crime Stories, Fourth Annual Collection** Ed Gorman,Martin H.
