Secret Agents Jeremy Packer,2009 Why does the secret agent never seem to die Why in fact has the secret agent not only survived the Cold War which critics and pundits surmised would be the death of James Bond and of the genre more generally but grown in popularity Secret Agents attempts to answer these questions as it investigates the political and cultural ramifications of the continued popularity and increasing diversity of the secret agent across television film and popular culture The volume opens with a foreword by Tony Bennett and proceeds to investigate programs figures and films such as Alias Austin Powers Spy Kids the new Bond Girl Flint Mission Impossible Jason Bourne and concludes with an afterword by Toby Miller Chapters throughout question what it means for this popular icon to have far wider currency and meaning than merely that of James Bond as the white male savior of capital and democracy

Beyond the Black Curtain Wayne Kyle Spitzer,2022-06-09 After breaking their sworn oaths in a fit of forbidden passion a sacrificial bride Shekalane and her fearsome escort the ferryman Dravidian find themselves alone and on the run in the subterranean river world of Ursathrax From Beyond the Black Curtain Permission would not have been granted nor did he ask instead he went straight to the detention block after his meeting with the prefect and located Shekalane s cell It was easy to do for it was the only one with a light beneath its door Indeed it was the only one in the entire cellblock that was occupied Shekalane he whispered crouching and braced the meal flap open with his finger It s Dravidian At last she said sounding distant and utterly confused I cannot see you Opening the flap triggers a light It it hurts my eyes and burns the skin of my face And yet it is cold the cell I mean So

cold He withdrew his finger allowing the flap to close and thought he heard her teeth chatter The dragger s great paddle wheel churned Why have you come to me Dravidian of the ferrymen You are about to be interviewed by the prefect himself Asmodeus During this interview you will be asked about your involvement with Valdus and his revolution Answer him truthfully names dates tactical information he has assured me personally that you will be spared if you do so Do you understand A silence followed Spared That s a curious choice of words I trust by this you mean I will not be punished or killed but that I will still be delivered into sexual slavery Shekalane I ve had a great amount of time to think Dravidian It s it s in our nature we women that when faced with a closed door yet another door opens in our minds And I ve decided that Valdus has been right all along the Lottery must end She paused as the great ship rumbled all around them And I ve decided something else which is that his methods are justified after all Indeed what is death physical death I mean when compared to imprisonment and the suffocation of one s soul The former at least provides an escape but the latter No Dravidian I will not cooperate Not even if I am tortured unto death You don t mean that Shekalane What know you of what I mean and what I do not You who mistook a ploy and a successful one for an expression of love for Valdus You who in turn used that to retreat into your former self and turn your back on all that we have learned and experienced No I tell you plainly that I will not submit and you your order will be forced to destroy me Now please go away For although I love you I cannot abide by what you have done At last Dravidian lowered his head Nor can I abide by what you have done Shekalane For by aiding and abetting Valdus if only in bringing him comfort you did also turn your back on all his crimes and victims And you would aid him still He stood and swung his mask around on its strap prepared to put it on It would seem we are at an impasse at last Whatever our fates then He fingered the fa ade s velvety lining Know that you too are loved Then he whirled to leave and whirling came face to face with a brownie in a dung colored goblin mask and holding a tray who quickly looked away and just as quickly looked back as though recognizing him as someone personally significant to him Dravidian stared at him for perhaps two breaths taken aback by the directness of his gaze and sensing too something well he could not define it and quickly placed his mask to his face and depressed the pad at his temple sealing it with a hiss *The Magnificent Bastards* Wayne Kyle

Spitzer,2018-11-29 There was a single sharp tap of the drums followed by a rapid succession of beats as the crushed velvet curtains spread and the audience gasped for Tran had taken her position in the box and was even now being secured as Williams struck a gunfighter pose and his hand hovered next to his weapon Ladies and gentlemen I think it goes without saying said the announcer over the speaker system Do not try this at home Williams relaxed his entire body even as his mind cycled through the calculations altitude the breeze humidity temperature the curvature of the earth the spinning of the earth It was like music a largely mathematical proposition a cold equation he d had a gift for ever since he could remember ever since he was a boy with a Daisy BB gun in the backyard of their southern California home He focused on the knife blade as the balloons to each side of it warbled in the breeze It was a funny thing sharpshooting so utterly unlike music in that each

time he did it he felt like he was doing it for the first time felt like he was starting over from scratch With music his fingers just automatically found the frets just instantly knew where to begin and where to end he never felt as though he were lost in a vortex of potentialities never doubted his ability to perform But sharpshooting was a different beast altogether With sharpshooting he had to call on something outside of himself as well as from within something which was not his to control Something which either kissed him with its ghostly lips or turned away with perfect indifference like love itself he supposed Or God And then the drum taps stopped and he was alone with the breeze and it was time to make the intuitive leap which would set the bullet in motion And as he breathed out and drew his revolver and squeezed its trigger softer than he would a daisy he knew even before the crack and the ka chink and the pop of the balloons that the projectile had found its target That it had found the slim blade and split like an atom becoming two loaves rather than one two soft but lethal slugs which had spread like shrapnel in the Fresno heat and ruptured the red balloons releasing their air in a vacuum like rush and causing the audience to gasp and to cheer And then his wife was there having loosed her mock bonds and scrambled out of the tall wooden box with its crushed velvet curtains and bulletproof glass and she d bowed to the audience before embracing him like the wind and he had kissed her as he always did after completing their final act when air raid sirens sounded and he looked at the sky which had darkened with a storm front as fast moving as it was inexplicable *Fake History* Jo
