The Limits Dan M. Mrejeru, 2006-02-20 The Limits is my first work in English with English as my second language It dates back to 1994 It has been my first intellectual attempt since I came to the U S in 1985 My first try in 1994 was a very hard work which at that time went nowhere because of my language limitations and because my general knowledge was not to the level of this task However at the beginning of 1995 I abandoned this writing as a literary work and turned toward upgrading my scientific knowledge through personal study In 2000 I made a new attempt and the result was the original draft of the Seven Essays on Creation which is my second book with AuthorHouse In 2001 I abandoned this new work and continued with my science study A special conjecture in 2003 made me publish the first book with AuthorHouse which was Multiple Harmonics Create the Patterns of Real World from Chaos After publishing this at the beginning of 2004 when I threw away mountains of old papers I discovered the Seven Essays and I decided to give it another chance In three months it became another book which was the Seven Essays on Creation which was also published in 2004 In September 2005 while searching among some old papers I discovered the original draft of The Limits and I decided to do something about it I have to say that The Limits has been on my mind for more than ten years and I adored this old work However I was afraid that I would never be again be capable of writing the way I did in 1994 In the meantime I was happy that at the present I had the answer to the philosophy that I wondered about eleven years ago It was the nonlinear thinking that changed me a lot over the years It was real and I decided to rewrite The Limits I tried to preserve as much as possible from the old draft and I inserted in each chapter some nonlinear wisdom
