Biskupski,2012-09-13 The 11th of November 1918 Polish Independence Day is a curious anniversary whose commemoration has been only intermittently observed in the last century In fact the day and the several symbols that rightly or wrongly have become associated with it has a rather convoluted history filled with tradition and myth which deserves attention Independence Day is more than just the history of a day or the evolution of its celebration but an explanation of what meaning has come to be associated with that date It offers a re reading of Polish history not by a series of dates but through a series of symbols whose combination allows the Poles to understand who they are by what they have been Its focus is on the era 1914 2008 and the central actor is the charismatic Jozef Pilsudski He came to represent a disposition regarding the meaning of Polish history which eventually penetrated virtually all of modern Polish society The work is constructed by the analysis of memoirs documents coins stamps films maps monuments and many other features making it a multi disciplinary and multi dimensional volume Lone Star Muslims Ahmed Afzal,2015 Lone Star Muslims offers an engaging and insightful look at contemporary Muslim American life in Texas It illuminates the dynamics of the Pakistani Muslim community in Houston a city with one of the largest Muslim populations in the south and southwestern United States Drawing on interviews and participant observation at radio stations

festivals and ethnic businesses the volume explores everyday Muslim lives at the intersection of race class profession gender sexuality and religious sectarian affiliation to demonstrate the complexity of the South Asian experience Importantly the volume incorporates narratives of gay Muslim American men of Pakistani descent countering the presumed heteronormativity evident in most of the social science scholarship on Muslim Americans and revealing deeply felt affiliations to Islam through ritual and practice It also includes narratives of members of the highly skilled Shia Ismaili Muslim labor force employed in corporate America of Pakistani ethnic entrepreneurs the working class and the working poor employed in Pakistani ethnic businesses of community activists and of radio program hosts Decentering dominant framings that flatten understandings of transnational Islam and Muslim Americans such as terrorist on the one hand and model minority on the other Lone Star Muslims offers a glimpse into a variety of lived experiences It shows how specificities of class Islamic sectarian affiliation citizenship status gender and sexuality shape transnational identities and mediate racism marginalities and abjection

*When Jesus actually returns | A dialogue between The Messiah & Google's A.I* Jean Paul Martienz,2023-07-30 In a world on the brink of chaos because of a meltdown a messiah emerges to lead humanity into a new era of peace and prosperity But as the messiah s power grows so too does his doubt Can he really be the one to save humanity or is he just another false prophet When the messiah meets with Bard the world s most powerful AI he is confronted with questions that challenge his beliefs and force him to question his own purpose Questions that have puzzled philosophers for centuries such as the meaning of life the purpose of suffering and the future of humanity They explore these questions in a way that has never been done before They draw on the wisdom of the ages as well as the latest insights from science and technology In the process they uncover truths that will change the course of history They learn that the future of humanity is not predetermined and that they have the power to shape their own destiny The Jesus actually returns is a gripping and thought provoking dialogue that will challenge your beliefs and change the way you see the world It is a story about the power of faith the importance of free will and the potential of AI to shape the future of humanity When the messiah meets with Bard the world s most powerful AI he is confronted with questions that he has never even considered What is the meaning of life What is the purpose of suffering And what is the future of humanity As the messiah and Bard engage in a long and deep conversation they explore the most fundamental questions of existence They discuss the nature of good and evil the role of free will and the possibility of a higher power They also explore the impact of AI on society and the potential for AI to become a threat to humanity In the process the messiah and Bard uncover truths that will change the course of history They learn that the future of humanity is not predetermined and that they have the power to shape their own destiny They also learn that AI is not a threat to humanity but rather a tool that can be used for good or evil The Messiah and the AI is a gripping and thought provoking novel that will challenge your beliefs and change the way you see the world It is a story about the power of faith the importance of free will and the potential of AI to shape the future of humanity Boys Who Rocked the World Michelle Roehm McCann,2012-10-30 Short profiles of famous men throughout history from King Tut to Crazy Horse to Stan Lee to Shaun White Suggested level primary intermediate **Holy-days and holidays, a treasury of historical material, sermons, poetry [&c.] relating to holy days and holidays, compiled by E.M. Deems** Holy days,1902 **Parades and the Politics of the Street** Simon P. Newman,2010-08-03 Simon P Newman vividly evokes the celebrations of America s first national holidays in the years between the ratification of the Constitution and the inauguration of Thomas Jefferson He

demonstrates how by taking part in the festive culture of the streets ordinary American men and women were able to play a significant role in forging the political culture of the young nation The creation of many of the patriotic holidays we still celebrate coincided with the emergence of the first two party system With the political songs they sang the liberty poles they raised and the partisan badges they wore Americans of many walks of life helped shape a new national politics destined to replace the regional practices of the colonial era **Congressional Record** United States. Congress,1997 **The making of Independence day** Rachel Aberly,Volker Engel,1996 *The Joshua Generation* Rachel Havrelock,2020-06-30 How a controversial biblical tale of conquest and genocide became a founding story of modern Israel No biblical text has been more central to the politics of modern Israel than the book of Joshua Named after a military leader who became the successor to Moses it depicts the march of the ancient Israelites into Canaan describing how they subjugated and massacred the indigenous peoples The Joshua Generation examines the book s centrality to the Israeli occupation today revealing why nationalist longing and social reality are tragically out of sync in the Promised Land Though the book of Joshua was largely ignored and reviled by diaspora Jews the leaders of modern Israel have invoked it to promote national cohesion Critics of occupation meanwhile have denounced it as a book that celebrates genocide Rachel Havrelock looks at the composition of Joshua showing how it reflected the fractious nature of ancient Israelite society and a desire to unify the populace under a strong monarchy She describes how David Ben Gurion Israel s first prime minister convened a study group at his home in the late 1950s where generals politicians and professors reformulated the story of Israel s founding in the language of Joshua Havrelock traces how Ben Gurion used a brutal tale of conquest to unite an immigrant population of Jews of different ethnicities and backgrounds casting modern Israelis and Palestinians as latter day Israelites and Canaanites Providing an alternative reading of Joshua The Joshua Generation finds evidence of a decentralized society composed of tribes clans and woman run households one with relevance to today when diverse peoples share the dwindling resources of a scarred land
