The Man Of Confidence:

The confidence-man, his masquerade Herman Melville, 1857 General Books publication date 2009 Original publication date 1857 Original Publisher Longman Brown Green Longmans **The Confidence Man** Herman Melville, 2011-01-27 Poorly received when first published in 1857 The Confidence Man is now considered Herman Melville's most nearly perfect work and one that occupies a central place in the American literary tradition of masquerade and trickery Set on April Fool's Day aboard a Mississippi steamer this powerful and engaging novel through the conversations of the confidence man who may be looked on as the Devil or God explores America and American values Part satire part hoax The Confidence Man is also a dark look at the nothingness lurking beneath our beliefs and assumptions a look at a universe in which neither God nor the Devil exists and where Christianity is only a comforting fiction little better than an April Fool's prank The Confidence-Man: His Masquerade Herman Melville, 2022-09-15 In his satirical novel The Confidence Man His Masquerade Herman Melville crafts a complex narrative that unfolds on a Mississippi River steamboat where a mysterious conman assumes various identities to exploit the gullibility of his fellow passengers This work is notable for its rich dialogue and innovative structure employing a fragmentary style that reflects the disillusionment of 19th century America Through clever disguises and philosophical discourse Melville critiques human nature the American dream and the pervasive theme of deception in society positioning the narrative in the context of post Civil War uncertainties and moral ambivalence Herman Melville a pivotal figure in American literature is best known for his masterwork Moby Dick Influenced by his own sea voyages and encounters with diverse cultures Melville possessed a deep understanding of the complexities of human behavior His exploration of existential themes and social criticism in The Confidence Man resonates with his broader literary agenda reflecting his struggles with faith and skepticism in an increasingly commercialized world For readers intrigued by psychological depth and social commentary The Confidence Man His Masquerade is an essential read It invites critical reflection on the art of persuasion and the moral ambiguities of society making it a timeless exploration of identity and trust that echoes in today's world *The Comedian as Confidence Man* Will Kaufman, 1997 In this lively and fascinating analysis of humorists and their work Will Kaufman breaks new ground with his irony fatigue theory The Comedian as Confidence Man examines the humorist's internal conflict between the social critic who demands to be taken seriously and the comedian who never can be the irony fatigue condition Concentrating on eight American literary and performing comedians from the 18th 19th and 20th centuries this study explores the irony fatigue affect that seems to pervade the work of comedians those particular social observers who are obliged to promise Only kidding folks even when they may not be in G B Shaw's words they must put things in such a way as to make people who would otherwise hang them believe they are joking If these social observers are obliged to become in effect confidence men with irony as the satiric weapon that both attacks and diverts then the implications are great for those social critics who above all wish to be heeded **The Confidence-man** Herman

Melville, 1857 At sunrise on a first of April there appeared suddenly as Manco Capac at the lake Titicaca a man in cream colors at the water side in the city of St Louis His cheek was fair his chin downy his hair flaxen his hat a white fur one with a long fleecy nap He had neither trunk valise carpet bag nor parcel No porter followed him He was unaccompanied by friends From the shrugged shoulders titters whispers wonderings of the crowd it was plain that he was in the extremest sense of the word a stranger In the same moment with his advent he stepped aboard the favorite steamer Fido on the point of starting for New Orleans Stared at but unsaluted with the air of one neither courting nor shunning regard but evenly pursuing the path of duty lead it through solitudes or cities he held on his way along the lower deck until he chanced to come to a placard nigh the captain's office offering a reward for the capture of a mysterious impostor supposed to have recently arrived from the East quite an original genius in his vocation as would appear though wherein his originality consisted was not clearly given but what purported to be a careful description of his person followed [The Confidence-Man and Billy Budd, Sailor](#)

Subversive Genealogy Michael Rogin, 1985-04-18 This book makes several claims which ought to be stated at the outset that Herman Melville is a recorder and interpreter of American society whose work is comparable to that of the great nineteenth century European realists that there was crisis of bourgeois society at midcentury on both continents but that in America it entered politics by way of slavery and race rather than class that the crisis called into question the ideal realm of liberal political freedom and also that Melville was particularly sensitive to the American crisis because of the political importance of his clan and the political history of his family
