Fairbank, Denis Crispin Twitchett, 1991-11-29 In continuing the post revolution study started in Volume 14 Volume 15 considers the developments in Mao s thoughts and how they related to China s government The most comprehensive account of this turbulent period in Chinese history **Japan and the Sino-Soviet Alliance, 1950-1964** C. Braddick, 2003-12-09 Japan and the Sino Soviet Alliance 1950 1964 reveals the divisive impact of the Sino Soviet Alliance on Japanese domestic politics and foreign relations during the turbulent years between 1950 and 1964 Drawing on extensive Japanese sources and unprecedented access to previously classified government documents C W Braddick exposes the myths shrouding this formative era in Japan s postwar development The Sino-Soviet Confrontation Since Mao Zedong Alfred D. Low, 1987 Studie over de Chinees Russische relaties na de dood van de Chinese leider 1893 1976 **The Chinese Debate about Soviet Socialism, 1978-1985** Gilbert Rozman, 2014-07-14 This study based largely on Chinese journals rarely available to Western scholars explores the abrupt turnabout of Chinese views of the Soviet Union from condemnations of revisionism to appreciation for problems common to both countries Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Cambridge Handbook of Contemporary China Colin Mackerras, Amanda Yorke, 1991-05-02 The paradox of contemporary China its openness to Western technology yet its rejection of Western democratic ideals serves to make China appear remote and inaccessible to those outside The country s vast area and population only accentuate these difficulties The Cambridge Handbook of Contemporary China presents topical information on all aspects of Chinese life since 1949 with particular emphasis on the 1980s its major strength is its contemporary focus and easy to use format Useful maps and tabled statistics accompany the text which is divided into clearly defined categorized Designed for students specialists educationalists journalists and those in business and government as well as the general reader the Handbook provides easy access to information on all areas of Chinese life and is a good starting point for research **China's Relations with Arabia and the Gulf 1949-1999** Mohamed Mousa Mohamed Ali Bin Huwaidin, 2003-09-02 This book provides a detailed analysis of China s foreign policy towards the Gulf and Arabian peninsula region from the establishment of the People s Republic of China in 1949 to the end of the 20th century Based on extensive original research it looks at the relations between China and each of the countries of the region over the entire period It demonstrates that two key factors have
