From local pubs and meeting halls to the parliament and cabinet from pamphleteers and stump orators to party agents and operatives this enthralling account looks at the political insiders in the halls of power as well as the agitators and outsiders who sought to shape the nation from the margins. A work of political history like no other *Dreamers and Schemers* will transform the way you look at Australian politics. With acuity and grace Bongiorno divines the soul of the nation. All told with a cheeky eye for detail and nose for skullduggery by a historian in full archival narrative and rhetorical flight. A landmark work. Clare Wright Bongiorno is one of our premier historians and this is his masterwork. An original take on our politics and people written with an open mind and warm Australian heart. George Megalogenis. Penetrating and vividly written this a political history that broadens our understanding of politics one that offers genuinely fresh insights and resists tidy generalisations. From First Nations politics to the democracy sausage *Dreamers and Schemers* never disappoints. It will stand as one of the most essential works in Australian history for decades to come. Mark McKenna. Shortlisted for the Australian History Prize in the NSW Premier's History Awards.

*A General Biographical Dictionary* John Gorton, 1828      Defence Policy-Making Arthur Tange, 2008-07-01 Sir Arthur Tange was perhaps the most powerful Secretary of the Australian Defence Department and one of the most powerful of the great mandarins who dominated the Commonwealth Public Service between the 1940s and the 1970s. His strong and often decisive influence on both administration and policy was exerted by virtue of his intellectual capacity, his administrative ability and the sheer force of his personality. Controversies from his time in Defence including those associated with the Tange report and the Tange reforms echo to this day and it is still easy to identify both staunch admirers and vitriolic critics in defence and public service circles. Tange wrote this account in his last years. It is a memoir based largely on memory supplemented by limited reference to documentary material that focuses upon his career after he came to Defence in 1970. It records his own account of his part in those administrative reforms and policy shifts as well as his involvement or non involvement or alleged involvement in several of the political crises of the 1970s including the downfall of John Gorton as Prime Minister and the dismissal of the Whitlam Government.      *Consent of the People* David

Kemp, 2022-10-18 *Consent of the People: Human Dignity through Freedom and Equality 1966-2022* explores how Australia's founding Enlightenment ideals were shaped into a unique national liberalism embodied in liberal democratic institutions, political parties and shared values. Despite intense partisan loyalties, conservative and radical resistance and a politics of unequal power and influence, inequality was addressed and personal freedom strengthened. This final book in the landmark five volume *Australian Liberalism* series examines the place of liberal ideas in governments from Harold Holt to Scott Morrison. It shows how reform urgency led to the nation's greatest political crisis in 1975, how prime ministers Fraser and

Hawke struggled to manage an economy dominated by powerful union business and global interests how during twenty four crucial years Hawke Keating and Howard led one of the nation s greatest reform eras and how social reform continued despite the leadership instability of the post Howard era David Kemp assesses political parties as the instruments of reform and the difficulties of achieving reform in the public interest highlighting the dangers of factionalism and loss of purpose He examines how an international revival of liberal thought and rising levels of education revolutionised Australian society and politics creating a moral and moralistic ruling class In a remarkable half century Australians strove with growing success to achieve their dreams

*Pivot of Power* Paul Strangio,Paul 't Hart,James Walter,2017-08-28 The prime ministership remains the main prize in Australian politics but it is a precarious one Leadership turnover in recent years has seen more prime ministers rise and fall than at any time since the decade after federation What explains this volatility The Pivot of Power is the second volume in a unique blend of collective biography and institutional history that shows the skills limitations and passions of incumbents are only part of the story The ways in which prime ministers thrive and fail are influenced by the resources at their command the evolving nature of the parties they lead the daunting public expectations they face under a relentless media gaze and the challenges that history throws at them Recent changes in these areas have had a destabilising effect and made the role of prime minister more onerous than ever After decades of strong national leadership the office has rarely seemed quite so confounding as it does for its contemporary holders The Pivot of Power explains how this has come about And its rich account of prime ministerial fortune since the mid twentieth century yields historical lessons for overcoming the current malaise
