Although the complete manuscript of this volume was placed in the hands of the editor before the publication of the late Mr C  
J Cornish s *Life of Sir William Flower* in 1904 yet the present writer was aware that such a work was in progress and that it  
would deal with the social and personal rather than with the scientific side of Sir William s career Consequently it was  
decided at an early period of the work to concentrate attention in the present volume on the latter aspect of the subject as  
indeed is only fitting in the case of a biography belonging to a series specially devoted to men of science An incidental  
advantage of this arrangement is that the writer has been able in the main to confine himself to the discussion of topics with  
which he is more or less familiar rather than to attempt to chronicle events and episodes to which he must of necessity be a  
stranger and to attempt an appreciation of a fine character for which he is in no wise qualified It will be obvious from the  
above that any references in the text to earlier biographies do not relate to Mr Cornish s Volume About the Publisher
