destructive rhetoric and action against others Cynthia Burack brings together the theory work of women of color and the tools of psychoanalysis to examine the effects of group collaborations for social justice and progressive politics This juxtaposition illuminates some assumptions about race and equality encoded in psychoanalysis Burack s discursive analysis suggests the positive identity affirming aspects of group relational life for African American women One analytic response to groups emphasizes the dangers of these identifications and exhorts people to abandon or transcend them for their own good and for the good of others who may be harmed by group based forms of cultural or material violence Another response understands that people feel a need for group identifications and asks how they may be made more resistant to malignant group based discourse and action What can black feminist thought teach scholars and democratic citizens about groups

Burack shows how the rhetoric of black feminism models reparative rather than destructive forms of group dialogue and action. Although it may be impossible to eliminate group identifications that provide much of the impetus for bias and violence, she argues we can encourage more progressive forms of leadership, solidarity, and coalition politics. **Black Couples Therapy** Yamonte Cooper, Erica Holmes, 2023-08-10 Introduces research theory and practice of couples therapy with Black clients to help clinicians in providing culturally responsive care. Christian Theology in Practice Bonnie J. Miller-McLemore, 2012-02-02 For the past fifty years, scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement, redefining in the process what theology is, how it is done, and who does it. In this book, Bonnie J. Miller-McLemore shows how this trend in scholarship has led to an expanded subject matter, alternative ways of knowing, and richer terms for analysis in doing Christian theology. Tracing more than two decades of her own search for a more inclusive discipline, one that truly grapples with theology in the midst of life, Christian Theology in Practice shows not only where Miller-McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time. Looking forward, Miller-McLemore calls on the academy and Christian congregations to disrupt conventional theological boundaries and to acknowledge the multiplicity of shapes and places in which the wisdom of God appears. **Women of Color Political Elites in the U.S.** Nadia E. Brown, Christopher J. Clark, Anna Mitchell Mahoney, 2023-03-31 This volume presents a detailed and in-depth examination of women of color political elites in the United States in varying levels of office and non-elected positions. Through innovative data, novel theoretical frameworks, and compelling arguments, the chapters in this book explore how women of color political elites are changing, challenging, or upending the status quo in American politics. Beyond an additive approach of either race or gender, the authors in this volume employ an intersectional lens to explore the complexities of governing, running for office, and adjudicating in a diversifying America. This book will be of great value to upper-level students, researchers, and academics of political science interested in women's and gender studies, political leadership, as well as race and ethnic studies. The chapters in this book were originally published as a special issue of *Journal of Women Politics and Policy*. **Behind the Mask of the Strong Black Woman** Tamara Beauboeuf-Lafontant, 2009-06-26 Explores the restrictive myth of the strong black woman through interviews revealing the emotional and physical toll this performance can have. Womanism Rising Layli Maparyan, 2025-01-07 *Womanism Rising* concludes Layli Maparyan's three-book exploration of womanist studies. The collection showcases new work by emerging womanist authors who expand the womanist idea while extending womanism to new sites, new problems, and new audiences. Maparyan organizes the contributions around five key ideas. The first section looks at womanist self-care as a life-saving strategy. The second examines healing the Earth as a prerequisite to healing ourselves. In Part Three, the essays illuminate how womanism's politics of invitation provides a strategy for enlarging humanity's circle of inclusion, while Part Four considers womanism as both a challenge and antidote to dehumanization. The

final section delves into womanism's potential for constructing worlds and futures. In addition, Maparyan includes a section of works by womanist visual artists. Defiant and far-sighted, *Womanism Rising* takes readers on a journey into a new generation of concepts, ideas, and strategies for womanist studies. **Desperately Seeking Sisterhood** Magdalene Ang-Lygate, Chris Corrin, Henry Millsom, 2020-04-15. First Published in 1997. A collection of contributions from feminist researchers who attended the annual Women's Studies Network (WSN) conference in June 1995. Emphasizing theory, practice, and campaigning, chapters seek to address contemporary issues from different perspectives: theoretical, practical, and strategic.
