 recently deceased biographical statements of the remainder together with photographic portraits of all the contributors make
 this volume a unique record of value inquiry during the past quarter century indicates previously unpublished or unpublished
 in the present form indicates substantial new material has been added The addresses cover diverse topics from broad general
 ones to value inquiry into literature bioethics and public policy to philosophy of mind to critical studies of other philosophers
 work defenses of philosophy and of applied ethics individual role and cultural relativism of values The American Society for
 Value Inquiry is nearing its 25th anniversary Its leadership is elected annually often with a vice president becoming president
 elect then president then past president a structure that serves to insure a measure of continuity Its members are drawn to
 the society not by a particularly credo or ideology or philosophical position but by a common interest in questions of value
 ranging from abstract meta value inquiry to disciplinary and trans disciplinary value inquiry For those who share this range
 of passions the volume will preserve collect organize and in a number of cases recover material in danger of being lost to

 embrace as important a particular viewpoint it may as well be a cautionary to avoid a particular error It is often a dramatic
 moment as a last act of the presidency having observed closely the trends and winds blowing through the discipline the
 speaker is afforded the opportunity to hold forth on a topic at once intensely personal and believed to be of wide interest
 While some societies publish presidential addresses in newsletters or informal proceedings and occasionally in professional
 bulletins or journals rarely have a substantial bloc of a society s presidential addresses been collected and published under

one cover Too often the presidential address is delivered discussed by those present perhaps summarized in a paragraph in a newsletter to members and filed as a fond memory of a moment of honor in the papers of the author sometimes to be forgotten lost discarded or otherwise removed from availability to scholars of the history of philosophy This volume inaugurates a series aiming at preserving presidential and other major addresses before philosophical societies It seeks to be a historical record not only of the address but also of the reflections and recollections of the author It seeks to preserve as a part of the historical record a photograph of the author And with the personal character of an autobiographical statement it seeks to humanize and render lively and real the professi
