Shelly Kagan

Skepticism In Ethics:

Skepticism in Ethics Panayot Butchvarov,1989 Through thorough metaphysical epistemological and phenomenological investigation Butchvarov develops a substantive ethical theory that withstands the challenge of moral skepticism In rich detail he traces the roots of his theory to classical Greek and medieval ethics twentieth century British intuitionism and continental phenomenology

Skepticism and Moral Principles Curtis L. Carter,1973 *Moral Skepticism* Diego E. Machuca,2017-10-20 Moral skepticism is at present a vibrant topic of philosophical inquiry Particularly since the turn of the millennium the debates between moral skeptics of various stripes and their opponents have gained renewed force not only by taking account of innovative ideas in moral philosophy but also by drawing on novel positions in epistemology metaphysics and philosophy of language as well as on recent findings in empirical sciences As a result new arguments for and against moral skepticism have been devised while the traditional ones have been reexamined This collection of original essays will advance the ongoing debates about various forms of moral skepticism by discussing such topics as error theory disagreement constructivism non naturalism expressivism fictionalism and evolutionary debunking arguments It will be a valuable resource for academics and advanced students working in metaethics and moral philosophy more generally

Montaigne and the Ethics of Skepticism Zahi Anbra Zalloua,2005 As one of the 16th century s most brilliant writers Montaigne formed his ethical self and his eventual theories of physical and spiritual skepticism Zalloua explores this enlightened thinker s mind

Literary Criticism *Between Universalism and Skepticism* Michael Philips,1994 He goes on to criticize major recent attempts to develop nonuniversalist alternatives to skepticism arguing that they rely on excessively abstract and philosophically indefensible preference satisfaction theories of the good

How Skeptics Do Ethics Aubrey Neal,2007 Enlightenment philosophers are often credited with formulating challenging theories about humankind and society and in our postmodern age we still live with some of the very same compelling contentious and often unresolved questions they posed Aubrey Neal suggests that one such issue that still lingers today is skepticism and in *How Skeptics Do Ethics* he unravels the thread of this philosophy from its origins in Enlightenment thinking down to our present age Neal contends that in our increasingly complicated world we face unique moral challenges and that modern ethics has not kept pace with modern life The traditional language of moral introspection does not translate adequately into such contexts as politics public service and the global economy Referencing such luminary thinkers as Hume Kant Hegel and Wittgenstein Neal seeks to re ignite age old questions and challenge the meaning of traditional philosophical debates and their value for our society today

The SAGE Encyclopedia of Business Ethics and Society Robert W. Kolb,2018-03-27 Thoroughly revised updated and expanded The SAGE Encyclopedia of Business Ethics and Society Second Edition explores current topics such as mass social media cookies and cyber attacks as well as traditional issues including accounting discrimination environmental concerns and management The new edition also includes an in depth examination of current and recent ethical affairs such as the dangerous work

environments of off shore factories for Western retailers the negligence resulting in the 2010 BP oil spill the gender wage gap the minimum wage debate and increasing income disparity and the unparalleled level of debt in the U S and other countries with the challenges it presents to many societies and the considerable impact on the ethics of intergenerational wealth transfers

Key Features Include Seven volumes available in both electronic and print formats contain more than 1 200 signed entries by significant figures in the field Cross references and suggestions for further readings to guide students to in depth resources Thematic Reader s Guide groups related entries by general topics Index allows for thorough browse and search capabilities in the electronic edition

Essays in Moral Skepticism Richard Joyce,2016 This volume draws together Richard Joyce s work from the last decade on moral skepticism the view that there is no such thing as moral knowledge Joyce s radical view is that in making moral judgments speakers attempt to state truths but that the world isn t furnished with the properties and relations necessary to render such judgments true

Slightly Beyond Skepticism Leonard William Doob,1987

Answering Moral Skepticism Shelly Kagan,2023 This book is an accessible defence of the belief in objective morality Most books on metaethics the part of moral philosophy that investigates the existence and nature of morality primarily discuss problems that particularly intrigue specialists in the field Answering Moral Skepticism focuses instead on examining the worries about morality that are more likely to trouble ordinary reflective individuals

Moral Scepticism and Moral Knowledge Renford Bambrough,2020-07-20 Originally published in 1979 this book shows that a recognition of the rationality of moral judgment and moral action in no way involves us in diminishing our respect for liberty authenticity sincerity or integrity It maintains that the resolution of these issues lies in recognising that the necessary involvement of the emotions in moral judgments and moral choices need not give rise to any hesitation or reluctance to treat moral questions as needing and permitting the use of the resources of human understanding

Moral Skepticism Walter Sinnott-Armstrong,2006-01-26 All contentious moral issues from gay marriage to abortion and affirmative action raise difficult questions about the justification of moral beliefs How can we be justified in holding on to our own moral beliefs while recognizing that other intelligent people feel quite differently and that many moral beliefs are distorted by self interest and by corrupt cultures Even when almost everyone agrees e g that experimental surgery without consent is immoral can we know that such beliefs are true If so how These profound questions lead to fundamental issues about the nature of morality language metaphysics justification and knowledge They also have tremendous practical importance in handling controversial moral questions in health care ethics politics law and education Sinnott Armstrong here provides an extensive overview of these difficult subjects looking at a wide variety of questions including Are any moral beliefs true Are any justified What is justified belief The second half of the book explores various moral theories that have grappled with these issues such as naturalism normativism intuitionism and coherentism all of which are attempts to answer moral skepticism Sinnott Armstrong argues that all these approaches fail to rule out moral nihilism the view that nothing is really morally wrong or

right bad or good Then he develops his own novel theory moderate Pyrrhonian moral skepticism which concludes that some moral beliefs can be justified out of a modest contrast class but no moral beliefs can be justified out of an extreme contrast class While explaining this original position and criticizing alternatives Sinnott Armstrong provides a wide ranging survey of the epistemology of moral beliefs Essays on Skepticism, Relativism, and Ethics in the Zhuangzi Paul Kjellberg, P. J. Ivanhoe, Chair Professor of East Asian and Comparative Philosophy and Religion and Director of the Center for East Asian and Comparative Philosophy (Ceacop) Philip J Ivanhoe, 1996-01-01 The Chinese philosophical text Zhuangzi was written by Zhuangzi in the fourth century BCE With humor and relentless logic Zhuangzi attacks claims to knowledge about the world especially evaluative knowledge of what is good and bad or right and wrong This book is about the man and the text

Ethics: Essential Readings in Moral Theory George Sher, 2012-11-27 Ethics Essential Readings in Moral Theory is an outstanding anthology of the most important topics theories and debates in ethics compiled by one of the leading experts in the field It includes sixty six extracts covering the central domains of ethics why be moral the meaning of moral language morality and objectivity consequentialism deontology virtue and character value and well being moral psychology applications including abortion famine relief and consent Included are both classical extracts from Plato Aristotle Hume Kant and Mill as well as contemporary classics from philosophers such as Thomas Nagel Thomas Scanlon Martha Nussbaum Derek Parfit and Peter Singer A key feature of the anthology is that it covers the perennial topics in ethics as well as very recent ones such as moral psychology responsibility and experimental philosophy Each section is introduced and placed in context by the editor making this an ideal anthology for anyone studying ethics or ethical theory *Moral Scepticism* Clement Dore, 1991-01-01 **The Limits of Doubt** Petr Lom, 2001-07-19 The Limits of Doubt studies the skepticism of Nietzsche Sextus Empiricus Hobbes Diderot and Montaigne in order to illustrate how different forms of skepticism can produce remarkably different implications These include toleration chastening of character the prohibition of cruelty indifference corrosiveness of liberal principles and freeing of the will from moral restraint Demonstrating how skepticism is an underdetermined and unstable category accompanied by varying unquestioned intentions and beliefs this book shows how these limits of doubt shape its various possible implications A unique examination of skepticism from a moral and political perspective The Limits of Doubt will interest all those concerned with the possibilities for life in an age of doubt **Moral Responsibility** Carlos Moya, 2006-09-27 We are strongly inclined to believe in moral responsibility the idea that certain human agents truly deserve moral praise or blame for some of their actions However recent philosophical discussion has put this natural belief under suspicion and there are important reasons for thinking that moral responsibility is incompatible with both determinism and indeterminism therefore potentially rendering it an impossibility Presenting the major arguments for scepticism about moral responsibility and subjecting them to sustained and penetrating critical analysis Moral Responsibility lays out the intricate dialectic involved in these issues in a helpful and accessible way A well written and lively account the

book then goes on to suggest a way in which scepticism can be avoided arguing that excessive pre eminence given to the will might lie at its root Offering an alternative to this scepticism Carlos Moya shows how a cognitive approach to moral responsibility that stresses the importance of belief would rescue our natural and centrally important faith in the reality of moral responsibility

Epistemology and Methodology in Ethics Tristram McPherson,2020-06-11 This Element introduces several prominent themes in contemporary work on the epistemology and methodology of ethics Topics addressed include skeptical challenges in ethics epistemic arguments in metaethics what if anything is epistemically distinctive of the ethical Also considered are methodological questions in ethics including questions about which ethical concepts we should investigate and what our goals should be in ethical inquiry

Beyond Belief Martin Bridgstock,2009-10-29 Whether ghosts astrology or ESP up to 80 per cent of the population believes in one or more aspects of the paranormal Such beliefs are entertaining and it is tempting to think of them as harmless However there is mounting evidence that paranormal beliefs can be dangerous cases of children dying because parents rejected orthodox medicine in favour of alternative remedies and psychics who trade on the grief of the bereaved for personal profit and gain Expenditure on the paranormal runs into billions of dollars each year In Beyond Belief Skepticism Science and the Paranormal Martin Bridgstock provides an integrated understanding of what an evidence based approach to the paranormal a skeptical approach involves and why it is necessary Bridgstock does not set out to show that all paranormal claims are necessarily false but he does suggest that we all need the analytical ability and critical thinking skills to seek and assess the evidence for paranormal claims

The Emphatic Skeptic Pasquale De Marco,2025-04-21 The Emphatic Skeptic is a book about the importance of skepticism in the modern world Skepticism is the practice of doubting or questioning claims especially those that are based on faith or tradition It is a valuable tool for critical thinking and decision making and it can help us to avoid being misled by false or misleading information In this book we will explore the different types of skepticism the benefits of skepticism and the limits of skepticism We will also discuss the role of skepticism in science faith ethics politics the paranormal conspiracy theories the media and education Skepticism is not about being negative or cynical It is about being open minded and questioning our beliefs and assumptions It is about being willing to change our minds when new evidence emerges Skepticism is a healthy and necessary part of a democratic society It helps us to hold our leaders accountable to make informed decisions and to avoid being misled by false or misleading information In the current climate of fake news and disinformation skepticism is more important than ever We are constantly bombarded with information from a variety of sources and it can be difficult to know what is true and what is not Skepticism can help us to sort through the noise and find the truth The Emphatic Skeptic is a timely and important book that will help you to think more critically about the world around you It will help you to avoid being misled by false or misleading information and it will help you to make better decisions about your life The Emphatic Skeptic is a must read for anyone who wants to live a more informed and critical life It is a book that will change the way you
