Vera Roos, 2016-07-13 This volume describes the development and application of the Mmogo method as a projective visual data gathering method applied in different contexts and with different groups of people Mmogo means togetherness in

Setswana one of the 11 official languages of South Africa The Mmogo method provides a deep understanding of personal relational and group experiences and is particularly useful in cross cultural contexts and across age groups By allowing visual expressions of the self as a complex dynamic social system it overcomes some of the limitations of traditional data collection methods such as questionnaires or interviews The book draws together contributions by leading social scientists to show how this flexible visual data collection method can be used independently or jointly with other data gathering techniques such as journalling or in depth interviewing to acquire rich information The research method described here enables investigators to access perceptions feelings and personal experiences participants might otherwise find hard to verbalize and explain Researchers in disciplines such as education social sciences consumer sciences market research and city and town planning will find this book and its innovative method particularly valuable in addressing a gap in available visual and other data collection resources *The Facilitator's Fieldbook* Tom Justice, David W. Jamieson, 2012-08-31 An invaluable guide that provides you with the comprehensive tools and knowledge you need to help your teams and ultimately your organization succeed The completely revised third edition of this longtime go to resource for novice and experienced facilitators provides new team building exercises as well as updated information on virtual meetings mediation strategic planning and much more Loaded with procedures checklists guidelines samples and templates The Facilitator's Fieldbook covers all the key areas of successful team management including establishing ground rules planning meetings and agendas brainstorming resolving conflict making decisions and helping groups optimize their time You ll also gain tips on maintaining the tone and flow of meetings and will learn to determine when to delegate projects to individuals rather than assembling a group Collaborative projects have become an increasingly prevalent feature of modern business strategies and workplace dynamics But intentional strategic facilitation is essential to making sure these groups and teams are effective

Communicating Professionally, Third Edition Catherine Sheldrick Ross, Kirsti Nilsen, 2013-07-17 An updated and expanded version of the training guide Booklist called one of the most valuable professional publications to come off the presses in a long time the new third edition of Communicating Professionally is completely revised with new sections outlining the opportunities offered by contemporary communication media With more resource information on cross cultural communication including new applications of communication principles and the latest research based material on communication in general this comprehensive manual covers Fundamental skills such as listening speaking and writing Reading others nonverbal behavior How to integrate skills with tips for practicing Sense making a theory of information as communication Common interactions like speaking one on one working in groups and giving presentations Training others in communication skills including a special section on technology based training *Dare to Become A Renaissance Leader* Victor L Vogel, 2023-08-15 Research companies like Gallup Pew Research and DDI indicate a leadership decline resulting in less employee engagement impacting business Before the Pandemic in 2020 there was a noticeable decline in leadership

effectiveness This has been and is happening even though we are increasingly spending billions of dollars annually on leadership development What is causing this inversion of cost with leadership decline In studying this problem it jumped out at me that we have spent excessive time and money teaching people leadership skills We have provided them with in depth descriptions of the skills What we haven't done is introduce a leader to developing themselves so they can assimilate the needed skills internalize them and personalize them to fit an individual leader so they can feel comfortable applying the skills effectively to change others behaviors build a trusting relationship which will instill motivation in others to follow that leader Shirzad Chamine in his work on Positive Intelligence showed how we can exercise our brain to minimize the part of our brain that causes us to judge and instills fear anxiety criticism logic flight or fight the side of our brain designed to cause us to hesitate and resist change Emotional Intelligence expanded by Daniel Goleman showed that people respond better to empathy and compassion than judgment and harshness which fits perfectly with Positive Intelligence research What we need to do is create a new paradigm of leadership development One that integrates Interpersonal Communication Positive Intelligence and Emotional Intelligence and creates a Renaissance Leader A program focused on developing the leader themselves first so they can then assimilate leadership skills and apply them more effectively to influence employees and build trusting relationships and spur motivation This book is a start in that direction Are you ready to take it further
