[The Skilled Labourer 1760-1832](#) John Lawrence Hammond, 2002 *The Skilled Labourer 1760-1832* John Lawrence Hammond, 1917 *The Skilled Labourer* John Lawrence Le Breton Hammond, Barbara Hammond, 1933 *The Skilled Labourer* J. L. Hammond, 2015-07-21 Excerpt from *The Skilled Labourer 1760-1832*: In the *Town Labourer* the writers tried to give a picture of the social conditions created by the great changes of the Industrial Revolution. They described the general character of the new life of town and factory, the ideas and difficulties of the class in power and the outlook and the temper of the workers. This book treats the same period from a different aspect. Its aim is to present the detailed history of particular bodies of skilled workers during those changes. It would be impossible to cover all industries in a book planned on the scale of this volume; the industries chosen are those for which the fullest records were available. The writers owe a substantial debt to Professor George Unwin who has helped them liberally from his large store of special knowledge of industrial history. They are under obligations to other friends, notably Mr A Clutton Brock, Mr G D H Cole, Professor L T Hobhouse, Mr R H Tawney, and Professor Graham Wallas. Mr G W Daniels has been kind enough to make some valuable suggestions on the subject of the early history of the cotton trade on which he speaks with special authority, and Mr T W Hanson of Halifax who is steeped in the exciting history of the West Riding has given important help for the chapter on the Yorkshire Luddites. The Appendix is due to Mr A G C Lloyd of Capetown. The writers published in the *Town Labourer* a list of their principal authorities. It seems unnecessary to reproduce that list, but a few books on which they have drawn more specially for this volume should be mentioned. By J. L. Hammond and Barbara Hammond. (Repr.)** John Lawrence Hammond,Barbara Bradby Hammond,1967 Chartist Revolution Rob Sewell, Chartism was the first time ever that British workers fixed their eyes on the seizure of political power in 1839 1842 and again in 1848 In this struggle they conducted a class war that at different times involved general strikes battles with the state mass demonstrations and even armed insurrection They forged weapons illegally drilled their forces and armed themselves in preparation for seizing the reins of government Such were the early revolutionary traditions of the British working class deliberately buried beneath a mountain of falsehoods and distortions This book sees Chartism as an essential part of our history from which we must draw the key lessons for today
