The Illustrated Man Ray Bradbury, 2013-04-30 You could hear the voices murmuring small and muted from the crowds that inhabited his body A peerless American storyteller Ray Bradbury brings wonders alive The Illustrated Man is classic Bradbury eighteen startling visions of humankind s destiny unfolding across a canvas of decorated skin In this phantasmagoric sideshow living cities take their vengeance technology awakens the most primal natural instincts Martian invasions are foiled by the good life and the glad hand and dreams are carried aloft in junkyard rockets Provocative and powerful Ray Bradbury s The Illustrated Man is a kaleidoscopic blending of magic imagination and truth as exhilarating as interplanetary travel as maddening as a walk in a million year rain and as comforting as simple familiar rituals on the last night of the world

Body and Text: Cultural Transformations in New Media Environments David Callahan, Anthony Barker, 2019-08-10 This book presents a collection of academic essays that take a fresh look at content and body transformation in the new media highlighting how old hierarchies and canons of analysis must be revised The movement of narratives and characterisations across forms conventionally understood as adaptation has commonly involved high status classical forms drama epic novel being transformed into recorded and broadcast media film radio and television or from the older recorded media to the newer ones The advent of convergent digital platforms has further transformed hierarchies and the formation of global conglomerates has created the commercial conditions for ever more lucrative exchanges between different media Now source texts can move in any direction and take up any configuration as emerging interacting fan bases drive innovation and new creative and commercial possibilities are deployed Moreover transformation may be not just a technology driven creative practice and response but at the very centre of the thematic worlds developed in those forms of story telling which are currently popular television series video games films and novels The magic transformation of your money into their money is paralleled in contemporary media and culture by the centrality of transformation of one product to another as a media industry practice as well as the transformation of bodies as a major theme both in the ensuing media products and in people s identity practices in daily life

Crossing the Event Horizon Jonathan Zap, 2012-02-24 Crossing the Event Horizon provides evidence that we are both individually and collectively hurtling toward an evolutionary event horizon Using the tools of Jungian psychology the nature of the singularity is defined by its myriad manifestations emerging from the collective unconscious These include dreams motifs and themes found in art science fiction and fantasy literature and films religious cults and the paranormal especially near death experiences and UFO encounters Key aspects of the Singularity Archetype include Logos Beheld visually comprehended linguistic intent often associated with a collective telepathic network Homo gestalt a new species where individuality is conserved but also telepathically networked and a parallelism between the individual event horizon of death and eschaton the collective event horizon of the species Apocalypticism is analyzed as an example of the Singularity Archetype pathologizing A study of the Heaven s Gate saucer suicide cult illustrates what can

happen when people become possessed by the Singularity Archetype and are driven by it into delusory projections The Singularity Archetype is viewed apocalyptically by the ego and as a transcendent evolutionary event by the Self and the duality of these views is explored in many examples The evolutionary origins of the ego and its metamorphosis as it approaches the event horizon are explored Evolutionary theory which relates to the Singularity Archetype through a number of dynamic paradoxes is discussed Many popular books and movies are analyzed as permutations of the Singularity Archetype including Avatar Childhood s End Village of the Damned Powder and 2001 A Space Odyssey The Singularity Archetype is a primordial image of human evolutionary metamorphosis which emerges from the collective unconscious How the Archetype Manifests a Composite Picture A rupture of plane event occurs usually threatening the survival of the individual and or species The event is a shock that disrupts the equilibrium of body physical world and also individual collective psyche It is an ontological shock that will be viewed as the worst thing possible by individual collective ego There is another rupture of plane that may actually be the same rupture as above but seen from a cosmic rather than a personal view The shock is revealed to be a transcendent evolutionary event The revelation of the transcendent aspect will often involve spiral motifs and unusual lights Consciousness and communication metamorphose and with them core aspects ego individuality connection to linear time corporeality gender identification social order etc fundamentally transform There is a vision or actualization of release from some or all limits of corporeal incarnation and the emergence of glorified bodies which have enhanced powers and various degrees of etherialization More visual and telepathic modes of consciousness and communication emerge and this is part of a transformation of individuality into Homo gestalt a new species where individual psyches are networked telepathically The Singularity Archetype may be experienced and even actualized to various degrees by an individual through transcendent and or anomalous experiences such as near death experiences NDEs UFO abduction close encounter experiences kundalini and psychotropic episodes As with encounters with all archetypes individuals and groups attach idiosyncratic material to it such as particular end dates and scenarios Another way of defining the Singularity Archetype in its collective form is as a resonance flowing backward through time of an approaching Singularity at the end of human history The Singularity Archetype relates to both the evolutionary event horizon of the species and for the individual the event horizon of death

Shaffer,2017-11-15 This book is a further continuation of the kind of content and format style that you found in this writer s two immediately preceding books Light and Dark 1982 edition revised August 2015 and its slightly younger but bigger sibling Lighter and Darker June 2016 If you read or sampled and liked those books then you ll surely like this one also That same alphabetical arrangement by title used in those productions is used here as well That first one safaried you from Aardvark to Zeitgeist In the second you were invited to learn About Backbones And Breakfast Foods ultimately leading to Zero Heroes In this one you ll go all the way from reminiscently looking at an Afterimage to uncomfortably listening to a Zookeeper s Tale Also in this A through Z arrangement you ll yet again equivocally encounter that same still strange and often epileptically eclectic selection of richly mixed subjects topics and treatments this writer had and still has at various times felt some compelling need to put on paper for his own relief and the possible amusement or edification of imagined others You may already be a member of this group or have promising potential for becoming one If you ve favorably sampled a few then this may be just the book for you or someone you know or once knew But caveat time if you should have an insensitivity let alone active dislike for heavy use of rhyme and alliteration in your random recreational reading matter then this book is definitely not for you As I ve previously advised most especially to any braille reader for whom it might prove toxic to touch put it down immediately and move on to another safer shelf or pile But seriously this collection does offer a rich full spectrum of the silly and the serious often tightly word woven within the blending body of the same composition

making for a medley or mosaic of meanings often in a meandering sometimes mildly morbid but more often I hope musically amusing monolog I characterized my original collection of poem pieces as a runic ragout of wry rhyme writings and this still seems adequately apt for this grouping Of course when it comes to the consumption of ragouts there can be no disputing that it remains a matter of tastes Yes it s still a De gustibus issue So once again may my critics please forbear and accept a little more saucy Ogden Nash hash here and preferably without too much unsavory or dumb disputandum and or fusstibus *Do Rats Eat Soap?*.
