Transnational Feminist Politics, Education, and Social Justice Silvia Edling,Sheila Macrine,2021-11-18 Written by an international group of feminist scholars and activists the book explores how the rise in right wing politics fundamentalist religion and radical nationalism is constructed and results in gendered and racial violence The chapters cover a broad range of international contexts and offer new ways of combating assaults and oppression to understand the dangers

inherent within the current global political and social climate The book includes a foreword by the distinguished critical activist Antonia Darder as well as a chapter by renowned feminist scholar Chandra Talpade Mohanty **The Ghost in the Tower: An Episode in Jacobia** Earl Howell Reed,1907-01-01 A GHOST never makes the mistake of appearing before more than one person at a time There may be much logic in this for the element of mystery which is one of the essential attributes to comfortable ghostly existence would be destroyed if that existence should be established at some one time and place by a preponderance of unimpeachable testimony There is a ghost in my friend Jacobs water tower over in Michigan or at least there was one there last Christmas eve To me he was visible most of the time during a long interview I had with him and to me he had all of the elements of reality Nobody who reads this narrative will be in a position to dispute his existence for so far as I know he and I were the only occupants of the tower at the time If my nebulous friend should choose to make himself known to somebody else it may furnish material for discussion and comparison of experiences in the future but in the meantime controversy is quite useless To those who do not live in the world of romance and errant fancy the winter landscapes along the eastern shore of Lake Michigan offer few allurements The sweeping miles of piled and broken ice the bleak and desolate bluffs with their pale brows fringed with naked trees in moody relief against the dull skies that are flecked with the white forms of the roving winter gulls seem to repel every thought except that of hoped for creature comforts in some human habitation beyond If it were not for these distant aureoles of hope mirages though they often are how gray and dreary the world would be Notwithstanding a love of Nature in her sterner moods it was not for this that I journeyed to my friend s country retreat in the winter time I knew that warm hearted hospitality awaited me in the little farm house nestled among the knolls back of the bluffs High up on one of the hills of Jacobia the tower bares its lofty brow to the blasts of the gales The huge structure seems calmly to defy the winter winds whistling through its upper casements and pounding against its sturdy sides The swirling snows envelop its weather scarred top in the darkness and an atmosphere of loneliness and isolation seems to pervade the great bulk silhouetted against the flying legions of shredded and angry clouds scudding across the gloomy and storm embattled skies at night **Sexual Subordination and State Intervention** R. Amy Elman,1996 One of the foremost Brazilian philosophers of education presents some of his ideas focusing on people their actions and their consciousness He begins with the premise that human history is the product of people s struggle against inequality which he describes in terms of a dialectic of oppositions and a pedagogy of consciousness Dialectics for Gadotti is both a means of inquiry and the textual and dynamic foundation of human and cultural evolution Annotation copyright by Book News Inc Portland OR **The Politics of Nordsploitation** Pietari Kääpä,Tommy Gustafsson,2021-01-14 The Politics of Nordsploitation takes a transnational approach to exploring Nordic exploitation films in their industrial contexts viewing them as not only political manifestations of domestic considerations but also to position Nordic film cultures in a global context Incorporating a wide range of films from international cult classics like They Call Her One Eye 1974 homegrown martial arts films like The

Ninja Mission 1984 to contemporary crowd sourced fan productions like Iron Sky 2012 this volume examines the remarkable diversity of genre based commercially and culturally exploitative film production throughout the Nordic countries emphasized here through the term Nordsploitation This volume provides a historical exposition of largely ignored marginal films and film cultural patterns It also outlines how influential these films have been in shaping the development of Nordic cinema The effects are visible in the films of the new millennium as previously marginalized practices now enter the mainstream With sharp insights and new research The Politics of Nordsploitation redefines the concept of exploitation and its role in small nation cinemas

Allegation by Political Laundering Farhad Malekian,2018-10-29 The Julian Assange case reminds us of the well known Scandinavian narrative Keiserens Nye kl der The Emperor s New Clothes Once upon a time two tailors weaved new clothes for an emperor They claimed they used a magic fabric that apparently less talented people could not see In reality they wove nothing they had no loom at all However they pretended with gestures of the hand that the loom was active No one wanted to be the less gifted person so everyone lied and confirmed the clothes were progressing The emperor finally put on the magic clothes and marched naked around the capital city with the members of his entourage holding the magic train Unexpectedly a guiltless little child shouted out with a confident voice Men han har jo ikke noget paa But he doesn t have anything on The emperor knew the child was right but decided he must bear it until the procession was over Human rights or international criminal justice is not simply hocus pocus but it seems to be so in the case of Assange who has enlightened the world population about the hidden criminal political laundering of the big powerful states This book explores the propensity towards evil in the nature of collective entities based on political and economic gains against the international community as a whole It underlines that immoral criminal political laundering is the basic reason for money laundries throughout the globe
