And God Knows the Martyrs Nathan S. French, 2020-03-24 Narratives of Jihadi Salafi operations are often filled with praise for what are considered exemplary acts of self renunciation in the vein of early Islamic tradition While many studies sift through the biographies of these so called martyrs for evidence of social psychological political or economic strain in an effort to rationalize what are often labeled suicide bombings Nathan French argues that through their legal arguments Jihadi Salafis craft a theodicy that is meant to address the suffering and oppression of the global Muslim community

The History of Jihad Robert Spencer, 2018 It is taken for granted even among many Washington policymakers that Islam is a fundamentally peaceful religion and that Islamic jihad terrorism is something relatively new a product of the economic and political ferment of the twentieth century But in *The History of Jihad* From Muhammad to ISIS Islamic scholar Robert Spencer proves definitively that Islamic terror is as old as Islam itself as old as Muhammad the prophet of Islam who said I have been made victorious through terror Spencer briskly traces the 1 400 year war of Islamic jihadis against the rest of the world detailing the jihad against Europe including the 700 year struggle to conquer Constantinople the jihad in Spain where non Muslims fought for another 700 years to get the jihadi invaders out of the country and the jihad against India where Muslim warriors and conquerors wrought

unparalleled and unfathomable devastation in the name of their religion Told in great part in the words of contemporary chroniclers themselves both Muslim and non Muslim The History of Jihad shows that jihad warfare has been a constant of Islam from its very beginnings and present day jihad terrorism proceeds along exactly the same ideological and theological foundations as did the great Islamic warrior states and jihad commanders of the past The History of Jihad From Muhammad to ISIS is the first one volume history of jihad in the English language and the first book to tell the whole truth about Islam s bloody history in an age when Islamic jihadis are more assertive in Western countries than they have been for centuries This book is indispensable to understanding the geopolitical situation of the twenty first century and ultimately to formulating strategies to reform Islam and defeat radical terror **Possessed by the Right Hand** Bernard K. Freamon,2019-05-20 In Possessed by the Right Hand the first comprehensive legal history of slavery in Islam ever offered to readers Bernard K Freamon an African American Muslim law professor provides a penetrating analysis of the problems of slavery and slave trading in Islamic history After examining the issues from pre Islamic times through to the nineteenth century Professor Freamon considers the impact of Western abolitionism arguing that such efforts have been a failure with the notion of abolition becoming nothing more than a cruel illusion He closes this ground breaking account with an examination of the slaving ideologies and actions of ISIS and Boko Haram asserting that Muslims now have an important and urgent responsibility to achieve true abolition under the aegis of Islamic law See Bernard Freamon live at Rutgers Law School October 8 2019 Listen to Possessed by the Right Hand An Interview with Prof Bernard Freamon from Network ReOrient on Anchor **Apuleius' Invisible Ass** Geoffrey C. Benson,2019-05-09 Argues that invisibility is a central motif in Apuleius Metamorphoses presenting a new interpretation of this Latin masterpiece *The secret doctrine. Vol. 3 [comprising posthumous papers, ed. by A. Besant].* Elena Petrovna Blavatskaya,1897 Russian-Ottoman Borderlands Lucien J. Frary,Mara Kozelsky,2014-08-12 During the nineteenth century as violence population dislocations and rebellions unfolded in the borderlands between the Russian and Ottoman Empires European and Russian diplomats debated the Eastern Question or What should be done about the Ottoman Empire Russian Ottoman Borderlands brings together an international group of scholars to show that the Eastern Question was not just one but many questions that varied tremendously from one historical actor and moment to the next The Eastern Question or from the Ottoman perspective the Western Question became the predominant subject of international affairs until the end of the First World War Its legacy continues to resonate in the Balkans the Black Sea region and the Caucasus today The contributors address ethnicity religion popular attitudes violence dislocation and mass migration economic rivalry and great power diplomacy Through a variety of fresh approaches they examine the consequences of the Eastern Question in the lives of those peoples it most affected the millions living in the Russian and Ottoman Empires and the borderlands in between **Liminal Minorities** Günes Murat Tezcür,2024-04-15 Winner of the Religion and International Relations Book Award of the Religion and International Relations Section of the

International Studies Association Winner of the Hubert Morken Award of the Religion and Politics Section of the American Political Science Association

Liminal Minorities addresses the question of why some religious minorities provoke the ire of majoritarian groups and become targets of organized violence even though they lack significant power and pose no political threat. G. Ne Murat Tezcan argues that these faith groups are stigmatized across generations as they lack theological recognition and social acceptance from the dominant religious group. Religious justifications of violence have a strong mobilization power when directed against liminal minorities which makes these groups particularly vulnerable to mass violence during periods of political change. Offering the first comparative historical study of mass atrocities against religious minorities in Muslim societies, Tezcan focuses on two case studies: the Islamic State's genocidal attacks against the Yazidis in northern Iraq in the 2010s and massacres of Alevis in Turkey in the 1970s and 1990s while also addressing discrimination and violence against followers of the Bahá'í faith in Iran and Ahmadis in Pakistan and Indonesia. Analyzing a variety of original sources including interviews with survivors and court documents, Tezcan reveals how religious stigmatization and political resentment motivate ordinary people to participate in mass atrocities.

[The General History of Drugs Volume Three Part One](#) Antonio Escobedo, 2022-12-31 Drug history from the Renaissance through the nineteenth century **Watching Slavery** Joe Lockard, 2008 How did witnesses of slavery relate their experiences and what effect did their reports have? This book examines travel accounts, fictions, poetry, and legal texts to analyze direct and indirect encounters with slavery in the antebellum United States. It discusses the rhetorical politics of British and American and black and white observations of slavery. The discussion raises critical questions about the role of witness and its link with political action both in antebellum and contemporary America.

[The Isis-book](#) Apuleius, 1975-01-01 [Apuleius' Metamorphoses](#) Stefan Tilg, 2014 This volume reveals how Apuleius' *Metamorphoses*, the only fully extant Roman novel and a classic of world literature, works as a piece of literature exploring its poetics and the way in which questions of production and reception are reflected in its text. Providing a roughly linear reading of key passages, the volume develops an original idea of Apuleius as an ambitious writer led by the literary tradition, rhetoric, and Platonism and argues that he created what we could call a serio-comic philosophical novel *avant la lettre*. The author focuses in particular on the ways in which Apuleius drew attention to his achievement and introduced the Greek *ass* story to Roman literature. Thus, the volume also sheds new light on the forms and the literary and intellectual potential of the genre of the ancient novel.

Advancing the Legal Status of Women in Islamic Law Mona Samadi, 2021-05-25 Mona Samadi examines the sources of gender differences within the Islamic legal tradition and describes how Islamic law entitles individuals to justice according to their status abilities and potential In the case of men and women's capabilities the underlying principle is that they are entitled to the same rights as long as their capabilities are the same In the legal construction of women's status women have been prescribed lacking the same abilities and capabilities as men As such their status and rights differ justifying men to be the maintainers of women By presenting the historical development of women's status and how women's legal status is debated in contemporary Muslim societies Mona Samadi convincingly provides various methods for facilitating change within the Islamic legal theory framework
