The Path of the Witch Lidia Pradas,2021-04-27 The Path of the Witch is a practical and authentic guide to the different paths of witchcraft by Lidia Pradas Sala creator of the hugely popular Instagram handle Wiccan Tips *The British National Bibliography* Arthur James Wells,2000 Sleepy Dreams ,2000 Life As We Know It Michael Berube,1998-03-31 When Jamie B rub was born with Down syndrome in 1991 he was immediately subject to the medical procedures insurance guidelines policies and representations that surround every child our society designates as disabled In this wrenching yet ultimately inspiring book Jamie s father literary scholar Michael B rub describes not only the challenges of raising his son but the challenge of seeing him as a person rather than as a medical genetic or social problem **Soul Force** Paul Olsen,2014-03-03 All of us at one time or another feel fragmented cut of and powerless In this important work psychotherapist Paul Olsen tells us that what we are really experiencing is a loss of connection with our soul the energy inside us that connects us to ourselves to others to everything that exists the inner energy that propels life You cannot think your way out of an emotional dilemma Dr Olsen warns Thinking in fact is the enemy the disconnecter of the soul So is science the enemy So is education so are almost all the rules of living we learn as children and take for granted as adults In Soul Force Dr Olsen offers exploration exercises that help you discover yourself Whether your method of dealing with stress deepens the trap in which you find yourself How to learn reflexive decision making How to reconnect with your natural flow so that your inner power will be felt by everyone you meet How to disengage from arguments and win them What your worst enemy can teach you about yourself In Search of Sleep Bregje Hofstede,2023-03-14 Bregje Hofstede is an extraordinary writer Rutger Bregmans author of Utopia for Realists and Humankind A Hopeful History Jenny Odell s How to Do Nothing meets Matthew Walker s Why We Sleep in this fascinating deep dive into the science and history of sleep In Search of Sleep is both a self help manual for insomniacs and a sweeping critique of the hustle culture that blinds us to the real reasons we lie awake at night from politics to pandemics to poverty Amsterdam based writer Bregje Hofstede struggled with insomnia

for 10 years but advice from doctors and books always felt lacking in perspective Wasn't insomnia more than just an individual struggle Might it also be a rational reaction to our increasingly turbulent world Unlike the vast majority of books about sleep In Search of Sleep examines insomnia as both a physical and psychological condition and an early warning sign that something is off in society As Hofstede points out studies show that insomnia increased during the pandemic and that people with less money sleep the worst She also shows that sleeplessness is tied inextricably to loneliness while meaningful relationships can provide the security we need to slumber Interweaving neuroscience cultural anthropology history and interviews with experts In Search of Sleep invites us to see insomniacs as oracles not oddballs and offers a unique way forward for the sleep deprived and the dreamless If we are aware of both the small and large forces that keep us awake then we can begin to take political action reimagine the role of sleep in our own lives and rid ourselves of insomnia for good
