*Perspectives On Kashmir* Raju Gc Thomas, 2019-05-28 This work examines the long standing conflict between India and Pakistan over Kashmir exploring the issues from the perspectives of all the actors involved The contributors reevaluate the Kashmir problem in the context of the revival of the dispute in 1990 and as an outgrowth of the politics of integration and separatism in South Asia since the p

*Unconventional Warfare in South Asia* Scott Gates, Kaushik Roy, 2016-02-17 India is the world's tenth largest economy and possesses the world's fourth largest military The subcontinent houses about one fifth of the world's population and its inhabitants are divided into various tribes clans and ethnic groups following four great religions Buddhism Christianity Hinduism and Islam Framing the debate using case studies from across the region as well as China Afghanistan and Burma and using a wealth of primary and secondary sources this incisive volume takes a closer look at the organization and doctrines of the shadow armies and the government forces which fight the former Arranged in a thematic manner each chapter critically asks Why stateless marginal groups rebel How do states attempt to suppress them What are the consequences in the aftermath of the conflict especially in relation to conflict resolution and peace building

*Unconventional Warfare in South Asia* is a welcomed addition to the growing field of interest on civil wars and insurgencies in South Asia An indispensable read which will allow us to better understand whether South Asia is witnessing a New War and whether the twenty first century belongs to the insurgents

*Midnight's Furies* Nisid Hajari, 2015-06-09 A fast moving and highly readable account of the Indo Pakistani War of 1947 and its lasting legacy in today's geopolitical tensions The New York Times An NPR and Seattle Times Best Book of the Year Nobody expected the events of 1947 in Southeast Asia to be so bloody The liberation of India and the birth of Pakistan were supposed to realize the dreams of Muslims and Hindus who had been ruled by the British for centuries Jawaharlal Nehru Gandhi's protégé and the political leader of India believed Indians were an inherently nonviolent peaceful people Pakistan's founder Mohammad Ali Jinnah was a secular lawyer not a firebrand In August 1946 exactly a year before Independence Calcutta erupted in street gang fighting A cycle of riots targeting Hindus then Muslims then Sikhs spiraled out of control As the summer of 1947 approached all three groups were arming themselves as the British rushed to evacuate Some of the most brutal and widespread ethnic cleansing in modern history erupted on both sides of the new border searing a divide between India and Pakistan that remains a root cause of many evils From jihadi terrorism to nuclear proliferation the searing tale told in *Midnight's Furies* explains all too many of the headlines we read today

*Poonch: India's Invincible Citadel* Brigadier J S Grewal, 2022-08-01 Reminiscing events and circumstances that shaped the history of Poonch through the ages up to 1947-48 This book contains narratives of Invasions on Poonch Invincibility of Poonch Dynasties that ruled Poonch Saga of the Dogra Dynasty of Poonch Impromptu saving of Srinagar Salvaging the ravaged and plundered Baramulla Securing the beleaguered Naushera and Jhangar Recapture of the badly mauled massacred Rajouri Liberation of the besieged Poonch Saving Srinagar in the face of invaders and recapture of Baramulla Uri enabled defeating the siege of Poonch Link up with Poonch in 1948 was achieved only after recapture of

Naushera Jhangar and Rajouri A thorough and a befitting account of Indian Armed Forces quickest reaction The giant leap that saved Kashmir in 1947 48 A Well researched and lucidly written book **The Crimson Chinar** Brig Amar Cheema, VSM,2015-03-31 Among cataclysmic events that have shaped India's post independence history none compare with the conflict in and over the erstwhile princely state of Jammu and Kashmir Kashmir is truly unique as not only is it the nub of the Indo Pak feud but also with her other adversary China Historically speaking Kashmir has remained a frontline ever since the Great Game In view of China's growing outreach and the fact that Kashmir's occupied territory link both India's adversaries it portends volatility in the India Pakistan China triangular relationship Brig Amar Cheema's well researched endeavour recounts the Kashmir imbroglio beyond episodic accounts but by providing the record in continuum provides a broader perspective The Crimson Chinar delivers a blow by blow account of the many wars and continues the narrative through the phases of No War No Peace insurgency and limited war that have progressively ravaged the state The context and geo strategic environment has been re created based on in depth research and captured the rationale of the times The important take away being wherever and whenever India has responded pro actively and with determination results have been significantly different 1965 1971 and Siachen being prime examples With myriad external and internal dimensions Kashmir continues to cast shadows on the progression of the sub continent Peace remains as elusive as it was in the forties if anything the adversaries both known and unknown have grown stronger While the reasons for the conflict may have changed with the times the underlying causes remain as profound as they were decades ago Defence from the Skies: 80 Years of the Indian Air Force ,2013-08-15 Indian Air Force now completes 80 years since it was formed as an independent component of India's armed forces Time and again the air force has performed magnificently even against severe odds and built up a professional reputation that is the envy of leading air forces of the world This volume as the Second Edition of the earlier volume published in 2007 has been extensively revised and updated Air Forces are unique in the sense that they are the only national military institution exclusively devoted to military operations in the aerospace continuum The Indian Air Force is no different But their dominant role in modern warfare the high costs of aerospace power and a host of other factors demand closer attention to their role in modern defence and the protection of national interests Air Forces don't win wars by themselves and no one in the Indian Air Force has ever claimed it But no war can be won without them We learnt that seminal lesson the hard way when we did not use the potent force of the IAF's combat fleet in the Sino Indian War of 1962 It is from this perspective that this study or rather an interpretative essay reflecting on the significant issues and events of the past 80 years approaches the challenges the Indian Air Force faces in the coming decades IAF combat force levels have slumped while its commitments are rapidly growing in consonance with our expanding economic and political interests well beyond our territorial boundaries The Image of the Enemy Paul Maddrell,2015-11-01 Intelligence agencies spend huge sums of money to collect and analyze vast quantities of national security data for their political leaders How well is this intelligence

analyzed how often is it acted on by policymakers and does it have a positive or negative effect on decision making Drawing on declassified documents interviews with intelligence veterans and policymakers and other sources *The Image of the Enemy* breaks new ground as it examines how seven countries analyzed and used intelligence to shape their understanding of their main adversary The cases in the book include the Soviet Union's analysis of the United States and vice versa East Germany's analysis of West Germany and vice versa British intelligence in the early years of the Troubles in Northern Ireland Israeli intelligence about the Palestinians Pakistani intelligence on India and US intelligence about Islamist terrorists These rivalries provide rich case studies for scholars and offer today's analysts and policymakers the opportunity to closely evaluate past successes and failures in intelligence analysis and the best ways to give information support to policymakers Using these lessons from the past they can move forward to improve analysis of current adversaries and future threats **India's**

**Borderland Disputes** Anna Orton, Boundaries are manifestations of national identity They can be trip wires of war This is all the more important if the involved parties are nuclear powers It threatens to inflame long standing boundary disputes that India has with China Pakistan Nepal and Bangladesh This book attempts to examine all the major aspects of these disputes Going deep into their historical legacies it discusses at length their causes consequences and the ways to how to solve them

Limited War in South Asia Scott Gates, Kaushik Roy, 2017-11-13 This book examines the origins courses and consequences of conventional wars in post colonial South Asia Although South Asia has experienced large scale conventional warfare on several occasions since the end of World War II there is an almost total neglect of analysis of conventional warfare in the Indian subcontinent Focusing on China India and Pakistan this volume therefore takes a unique approach Regional rivalries between India and Pakistan are linked with global rivalries between the US and USSR later Russia and then China and war is defined in a broader perspective The book analyses the conduct of land sea and air warfare as well as the causes and consequences of conflicts Tactical conduct of warfare the nature of mobile armoured strikes and static linear infantry combat supported by heavy artillery and generalship are studied along with military strategy doctrine and grand strategy national security policy which is an amalgam of diplomacy military strategy and economic policy While following a realpolitik approach this book blends the development of military strategies and doctrines with the religious and cultural ethos of the subcontinent's inhabitants Drawing on sources not easily accessible to Western scholars the overall argument put forward by this work is that conventional warfare has been limited in South Asia from the very beginning for reasons both cultural and realpolitik This book will be of much interest to students of South Asian politics security studies war and conflict studies military studies and International Relations in general The Aeroplane and the Making of Modern India Aashique Ahmed Iqbal, 2023 Tracing the Indian state's engagement with aviation both civil and military from the Second World War to the nationalisation of airlines in 1953 this book argues that aviation played a critical role in state formation in modern South Asia **Crafting Peace in Kashmir** Verghese Koithara, 2004-08-30 Presenting a completely new perspective

on the Kashmir conflict this book argues that resolving the situation can be brought about through a peace strategy rather than a war strategy Through an analysis of the conflicts in Northern Ireland Sri Lanka and Palestine the author draws parallels between the India Pakistan conflict He also presents reasons why a durable peace based on the Line of Control becoming the settled border and the two parts of Jammu and Kashmir being given parallel and substantial autonomy can be achieved in today's conditions The book concludes that peace between India and Pakistan is possible based on political realism and that strategic solutions that safeguard the interests of both countries are available

*India's Intelligence Culture and Strategic Surprises* Dheeraj Chaya, 2022-09-29 This book examines India's foreign intelligence culture and strategic surprises in the 20th century The work looks at whether there is a distinct way in which India thinks about and does intelligence and by extension whether this affects the prospects of it being surprised Drawing on a combination of archival data secondary source information and interviews with members of the Indian security and intelligence community the book provides a comprehensive analysis of the evolution of Indian intelligence culture from the ancient period to colonial times and subsequently the post colonial era This evolutionary culture has played a significant role in explaining the India's foreign intelligence failure during the occurrences of strategic surprises such as the 1962 Sino Indian War and the 1999 Kargil War while it successfully prepared for surprise attacks like Operation Chenghiz Khan by Pakistan in 1971 The result is that the book argues that the strategic culture of a nation and its interplay with intelligence organisations and operations is important to understanding the conditions for intelligence failures and strategic surprises This book will be of much interest to students of intelligence studies strategic studies Asian politics and International Relations

notion of strategy from its original military moorings to a more policy oriented and influenced conception and elaborates upon a tripartite framework of policy strategy and doctrine to think about understand and analyse the use of force The book explores the politics of India Pakistan conflict in order to root the study of Indian military strategy in the political sphere It discusses three main issues that have ensured the persistence of conflict incompatible national identities Pakistan s congenital quest for parity with and compulsion to challenge India and irreconcilable positions on the Kashmir issue The book argues that India has invariably pursued limited political aims that did not threaten Pakistan s survival or form of government or regime in power albeit containing a counter offensive elements It states that India employed the strategy of exhaustion during the Indian Army s campaigns in the 1947 48 conflict and 1965 war which made way to strategy of annihilation during the 1971 war East Pakistan but after Pakistan s acquisition of nuclear weapons capability the strategy is back to exhaustion The book highlights the importance of designing an overall military strategy for waging limited war and pursuing carefully calibrated political and military objectives by creatively combining the individual doctrines of the three services by establishing a Chief of Defence Staff system
