Redd,2024-05-27 Join a trio of Florida historians on this exploration of Florida by air Few states can claim an aeronautical heritage as rich as Florida s From early flights in tiny cloth covered planes to the latest rocket ships and from the first passenger flights to journeys that span the globe Florida skies have seen the most primitive forms of aviation evolve into the most technologically advanced In 1910 Lincoln Beachey won 1500 at the Orange County Fair for staying in the air for five minutes just three years before Domingo Rosillo made the 90 mile flight across the Florida Strait in two hours and eight minutes setting world records for both distance flown over water and altitude attained A couple decades later Amelia Earhart and Fred Noonan left Miami on the first leg of their around the world flight that ended in disaster     Return to the Marshes Gavin Young,2011-10-20 It was the legendary traveller Wilfred Thesiger who first introduced Gavin Young to the Marshes of Iraq Since then Young has been

entranced by both the beauty of the Marshes and by the Marsh Arabs who inhabit them a people whose lifestyle is almost unchanged from that of their predecessors the Ancient Sumerians On his return to the Marshes some years later Gavin Young found that the twentieth century had rudely intruded on this lifestyle and that war was threatening to make the Marsh Arabs existence extinct Return to the Marshes first published in 1977 is at once a moving tribute to a unique way of life as well as a love story to a place and its people A superbly written essay which combines warmth of personal tone a good deal of easy historical scholarship and a talent for vivid description rarely found outside good fiction Jonathan Raban Sunday Times
