# KENNEDY, MACMILLAN AND THE NUCLEAR TEST-BAN DEBATE, 1961-63

KENDRICK OLIVER

GENERAL EDITOR: MICHAEL DOCKRILL

# Smsbkennedy Macmillan Nuc Test Ban

**James W. Douglass**

## **Smshkennedy Macmillan Nuc Test Ban:**

**Kennedy, Macmillan and the Nuclear Test-Ban Debate, 1961-63** K. Oliver, 1997-11-24 Drawing upon newly released official and private papers this book provides an intimate account of Anglo American debates over one of the most grave and politically sensitive foreign policy issues of the early 1960s It examines the roles played by John F Kennedy and Harold Macmillan in the test ban negotiations between 1961 and 1963 It also describes the way in which contrasting domestic political imperatives and conceptions of how the Cold War could best be won created tensions between the two allies Nevertheless they retained a broad unity of perspective and purpose eventually producing the imaginative diplomacy that resulted in the signing of the Limited Nuclear Test Ban Treaty in August 1963 **Nuclear Test Ban Treaty** United States. Congress. Senate. Committee on Foreign Relations, 1963 **Nuclear Test Ban Treaty** United States. Congress. Senate. Foreign Relations, 1963 **Kennedy, Macmillan and the Cold War** N. Ashton, 2002-09-18 Nigel J Ashton analyses Anglo American relations during a crucial phase of the Cold War He argues that although policy makers on both sides of the Atlantic used the term interdependence to describe their relationship this concept had different meanings in London and Washington The Kennedy Administration sought more centralized control of the Western alliance whereas the Macmillan Government envisaged an Anglo American partnership This gap in perception gave rise to a crisis of interdependence during the winter of 1962 3 encompassing issues as diverse as the collapse of the British EEC application the civil war in the Yemen the denouement of the Congo crisis and the fate of the British independent nuclear deterrent **Kennedy's Wars: Liberal Anti Communism; 2 Beyond Massive Retaliation; 3 The Third World Alternative; 4 Policies and People. Section 2 Berlin and Nuclear Statag; 5 The New Strategy; 6 To Vienna and Back; 7 The Berlin Anomaly; 8 A Contest of Resolve; 9 The Wall; 10 Tests and Tension; 11 Flexible Resp** Lawrence Freedman, 2002 In Kennedy's Wars noted historian Lawrence Freedman draws on the best of Cold War scholarship and newly released government documents to illuminate Kennedy's approach to war and his efforts for peace *British Nuclear Weapons and the Test Ban 1954-1973* John R. Walker, 2016-05-23 In 1962 Dean Acheson famously described Britain as having lost an Empire but not yet found a role Perhaps nowhere is this more apparent than in the realms of nuclear weapons An increasingly marginal world power successive post war British governments felt that an independent nuclear deterrent was essential if the country was to remain at the top table of world diplomacy Focusing on a key twenty year period this study explores Britain's role in efforts to bring about a nuclear test ban treaty between 1954 and 1973 Taking a broadly chronological approach it examines the nature of defence planning the scientific goals that nuclear tests were designed to secure Anglo American relationships the efficacy of British diplomacy and its contribution to arms control and disarmament A key theme of the study is to show how the UK managed to balance the conflicting pressures created by its determination to remain a credible nuclear power whilst wanting to pursue disarmament objectives and how these pressures shifted over the period in question Based on a wealth of

primary sources this book opens up the largely ignored subject of the impact of arms control on the UK nuclear weapons programme Its appraisal of the relationship between the requirements and developments of the UK nuclear weapons programme against international and domestic pressures for a test ban treaty will be of interest to anyone studying post war British defence and foreign policy history of science arms control disarmament and non proliferation and international relations It also provides important background information on current events involving nuclear proliferation and disarmament

The Department of State Bulletin United States. Department of State,1964      Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency,1962      The Berlin Crisis of 1961 Robert M. Slusser,2019-12-01

Originally published in 1973 This book uses the Berlin Crisis of 1961 as a starting point to investigate Soviet American relations in the Khrushchev period The book first chronicles the timeline of the succession of events during the Berlin Crisis and their interrelation It then turns to the close interaction between Soviet and foreign policy before situating the event into the broader timeline of Soviet history

**The Washington Embassy** M. Hopkins,S. Kelly,J. Young,2009-04-28 This book is the first study of the role of British Ambassadors in shaping Anglo American relations during the first generation of the special relationship As well as showing how ambassadors wielded influence in Washington and helped to formulate British foreign policy it offers insights into the role of the embassy in modern diplomacy

Ideas, Concepts, Doctrine Robert Frank Futrell,1974      The American Nuclear Disarmament Dilemma, 1945-1963 David Tal,2008-09-25 the atomic bombs dropped on Hiroshima and Nagasaki in 1945 quickly ushered in a popular and political movement toward nuclear disarmament Across the globe heads of state high ranking ministers and bureaucrats led intense efforts to achieve effective disarmament agreements Ultimately these efforts failed In *The American Nuclear Disarmament Dilemma* David Tal offers a detailed analysis of U S policy from 1945 to the summer of 1963 exploring the reasons for failure and revealing the complex motivations that eventually led to the Limited Test Ban Treaty While previous books have focused on the policies of specific administrations Tal s is the first to consider negotiations as an evolving phenomenon that preoccupied three presidents from Truman to Kennedy Drawing on extensive archival research the author examines the profound dilemma faced by leaders on all sides forced by political pressure to engage in negotiations whose success they saw as injurious to national interests Far from believing that the nuclear arms race would inevitably lead to war the United States regarded nuclear weapons as the greatest guarantee that war would not happen

**Press and Publications Summary** United States Information Service (Taipei, Taiwan),1963      *Political Fallout* Toshihiro Higuchi,2020-05-05 *Political Fallout* is the story of one of the first human driven truly global environmental crises radioactive fallout from nuclear weapons testing during the Cold War and the international response Beginning in 1945 the United States Britain and the Soviet Union detonated hundreds of nuclear weapons in the atmosphere scattering a massive amount of radioactivity across the globe The scale of contamination was so vast and radioactive decay so slow that the cumulative effect on humans and the environment is still difficult to fully

comprehend The international debate over nuclear fallout turned global radioactive contamination into an environmental issue eventually leading the nuclear superpowers to sign the landmark Partial Test Ban Treaty PTBT in 1963 Bringing together environmental history and Cold War history Toshihiro Higuchi argues that the PTBT originally proposed as an arms control measure transformed into a dual purpose initiative to check the nuclear arms race and radioactive pollution simultaneously Higuchi draws on sources in English Russian and Japanese considering both the epistemic differences that emerged in different scientific communities in the 1950s and the way that public consciousness around the risks of radioactive fallout influenced policy in turn Political Fallout addresses the implications of science and policymaking in the Anthropocene an era in which humans are confronting environmental changes of their own making

**Hearings and Reports on Atomic Energy** United States. Congress. Joint Committee on Atomic Energy,1963 *Foreign Relations of the United States* United States. Department of State,1961 **Documents of the World Peace Assembly, Accra, Ghana**,1963 **Michael Beschloss on the Cold War** Michael Beschloss,Strobe Talbott,2018-11-06 Riveting accounts of the Cold War power struggles from the New York Times bestselling author and nation s leading presidential historian Newsweek The Crisis Years A national bestseller on the complex relationship between President John F Kennedy and Soviet Premier Nikita Khrushchev this definitive history covers the tumultuous period from 1960 through 1963 when the Berlin Wall was built and the Bay of Pigs invasion and the Cuban Missile Crisis brought the United States and Soviet Union to the brink of nuclear war David Remnick The New Yorker Impressively researched and engrossingly narrated Los Angeles Times Mayday On May Day 1960 Soviet forces downed a CIA U 2 spy plane flown by Francis Gary Powers two weeks before a crucial summit This forced President Dwight Eisenhower to decide whether to admit to Nikita Khrushchev and the world that he had secretly ordered the flight Drawing on previously unavailable CIA documents diaries and letters as well as the recollections of Eisenhower s aides Beschloss reveals the full high stakes drama One of the best stories yet written about just how those grand men of diplomacy and intrigue conducted our business Time At the Highest Levels Cowritten with Strobe Talbott At the Highest Levels exposes the complex negotiations between President George Bush and Soviet Premier Mikhail Gorbachev In December 1989 the Berlin Wall had fallen millions across the Eastern Bloc were enjoying new freedoms and the USSR was crumbling But a peaceful end to the Cold War was far from assured requiring an unlikely partnership as the leaders of rival superpowers had to look beyond the animosities of the past and embrace an uncertain future Intimate and utterly absorbing The New York Times **JFK and the Unspeakable** James W. Douglass,2010-10-19 THE ACCLAIMED BOOK NOW IN PAPERBACK with a reading group guide and a new afterword by the author At the height of the Cold War JFK risked committing the greatest crime in human history starting a nuclear war Horrified by the specter of nuclear annihilation Kennedy gradually turned away from his long held Cold Warrior beliefs and toward a policy of lasting peace But to the military and intelligence agencies in the United States who were committed to winning the Cold War at any cost Kennedy s

change of heart was a direct threat to their power and influence Once these dark Unspeakable forces recognized that Kennedy s interests were in direct opposition to their own they tagged him as a dangerous traitor plotted his assassination and orchestrated the subsequent cover up Douglass takes readers into the Oval Office during the tense days of the Cuban Missile Crisis along on the strange journey of Lee Harvey Oswald and his shadowy handlers and to the winding road in Dallas where an ambush awaited the President s motorcade As Douglass convincingly documents at every step along the way these forces of the Unspeakable were present moving people like pawns on a chessboard to promote a dangerous and deadly agenda     Foreign Relations of the United States, 1961-1963 Charles S. Sampson,John Michael Joyce,David S. Patterson,1998 State Department Publication 10544 Edited by Charles S Sampson et al Presents a full accounting of the overall nature and structure of United States Soviet relations together with a more detailed documentary record of those high level meetings discussions and policy debates on the broad range of issues making up the diplomacy of the cold war

## Unveiling the Magic of Words: A Review of "**Smshkennedy Macmillan Nuc Test Ban**"
