Why Are My Goals Not Working? Keith Schreiter,Tom "Big Al" Schreiter,2019-11-03 Can goals be easy What is the secret Some goals feel difficult Other goals feel easy to achieve Why is this There are many factors that can help us or sabotage us on our way to achieving our goals Once we understand these building blocks we can put them to use to design goals that work for us Building blocks Think of them as tools that remove difficulty and enhance achievement Look at these five common sense ideas that help First humans are short term thinkers Our initial goals need short timelines We also have short term memories Second our initial goals should be small We need to build our goal achieving muscles This will give us confidence Third we must understand our personality style This is what sabotages most goals If our goals are not in alignment with our personality it all goes wrong fast Fourth do our goals match our internal core values If not how can we be motivated when we feel that nagging doubt Fifth instead of using willpower could we put mini habits to work instead This would take away our mental stress Setting goals that work for us is easy when we have guidelines and a checklist Don t feel guilty for not achieving your goals Instead feel the adrenaline rush of success each time you achieve your new goals Scroll up and order your copy of this book now
