Kenneth Pomeranz

The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937:

The Making of a Hinterland Kenneth Pomeranz, 2023-12-22 This wholly original reassessment of critical issues in modern Chinese history traces social economic and ecological change in inland North China during the late Qing dynasty and the Republic Using many new sources Kenneth Pomeranz argues that the development of certain regions entailed the systematic underdevelopment of other regions He maps changes in local finance farming transportation taxation and popular protest and analyzes the consequences for different classes sub regions and genders Pomeranz attributes these diverse developments to several causes the growing but incomplete integration of North China into the world economy the state s abandonment of many hinterland areas and traditional functions and the effect of local social structures on these processes He shows that hinterlands were made not merely found and were powerfully shaped by the strategies of local groups as well as outside forces This wholly original reassessment of critical issues in modern Chinese history traces social economic and ecological change in inland North China during the late Qing dynasty and the Republic Using many new sources Kenneth Pomeranz argues that the dev

Economic Change in China, C.1800-1950 Philip Richardson, Economic History Society, 1999-11-13 This concise 1999 introduction focuses on China s transition to economic modernisation **East Asia's Reemergence** Philip S. Golub, 2016-05-27 East Asia has re emerged after a long eclipse as a centre of world wealth creation and growth Over the past four decades the region s share of world GDP has risen from less than 10 to 30 percent a ratio that is set to rise to 40 percent by 2030 What has made East Asia s remarkable ascent possible and what does this economic rebalancing between East and West mean for world politics In this insightful and provocative book Philip Golub addresses these questions tracing the region s rise from the early modern European Asian encounter to the imperial confrontations of the nineteenth century and China s state capitalist turn in the latter half of the twentieth century Together he argues the dynamics of imperialism war and revolution led to the constitution of developmental states that made possible East Asia s return to a central position in the global economy Combining rich historical narrative and social theory this book is an invaluable guide to one of the core issues in world politics today **The Chinese Worker After Socialism** William

Hurst, 2009-03-05 This fascinating study considers the fate of 35 million workers laid off from the state owned sector in China

White Lotus Rebels and South China Pirates Wensheng Wang, 2014-01-06 The reign of Emperor Jiaqing 1796 1820 CE has occupied an awkward position in studies of China s last dynasty the Qing Conveniently marking a watershed between the prosperous eighteenth century and the tragic post Opium War era this quarter century has nevertheless been glossed over as an unremarkable interlude separating two well studied epochs of transformation *White Lotus Rebels and South China Pirates* presents a major reassessment of this period by examining how the emperors bureaucrats and foreigners responded to the two crises that shaped the transition from the Qianlong to the Jiaqing reign Wensheng Wang argues that the dramatic combination of internal uprising and transnational piracy rather than being a hallmark of inexorable dynastic decline

propelled the Manchu court to reorganize itself through modifications in policymaking and bureaucratic structure. The resulting Jiaqing reforms initiated a process of state retreat that pulled the Qing Empire out of a cycle of aggressive overextension and resistance and back onto a more sustainable track of development. Although this pragmatic striving for political sustainability was unable to save the dynasty from ultimate collapse, it represented a durable and constructive approach to the compounding problems facing the late Qing regime and helped sustain it for another century.

The Routledge Handbook of Chinese Citizenship Zhonghua Guo, 2021-11-29. Two assumptions prevail in the study of Chinese citizenship: one holds that citizenship is unique to the Western political culture and China has historically lacked the necessary conditions for its development; the other implies that China is an authoritarian regime that has always been subject to autocratic power in which citizens and citizenship play a limited role. This volume negates both assumptions. On the one hand, it shows that China has its own unique and rich experiences of the emergence, development, rights, obligations, acts, culture, education, and sites of citizenship, indicating the need to widen the scope of citizenship studies to include non-Western societies. On the other hand, it aims to show that citizenship has been a core issue running through China's political development since the modern period, urging scholars to bring citizenship into consideration in the study of Chinese politics. This Handbook sets a new agenda for citizenship studies and Chinese politics. Its clear, accessible style makes it essential reading for students and scholars interested in citizenship and China studies.

Hinterlands and Commodities, 2014-11-20. In *Hinterlands and Commodities: Place, Space, Time, and the Political Economic Development of Asia over the Long Eighteenth Century*, well-known economic and social historians examine important questions concerning temporal and spatial relationships among central places, hinterlands, commodities, and political economic developments in Asia and the Global economy over the long eighteenth century. These timely essays engage hinterlands and commodities, providing novel foci on historical impacts, maritime trade, on political economic developments involving place, space, and time in Asia, thereby furnishing historical background for current conditions. They contribute to discourse concerning historical interactions among indigenous Asian merchant activities and European commercial counterparts. Contributors are George Bryan Souza, Dennis O'Flynn, Marie A. Lee, Ghulam A. Nadri, Bhaswati Bhattacharya, Tsukasa Mizushima, Tomotaka Kawamura, Atushi Ota, Ryuto Shimada, and Ei Murakami.

Gender in Motion Bryna Goodman, Wendy Larson, 2005-05-12. Bringing together the work of distinguished China historians, anthropologists, and literary and film scholars, *Gender in Motion* raises provocative questions about the diversity of gender practices during the late imperial society and the persistence and transformation of older gender ideologies under the conditions of modernity in China. While several studies have investigated gender or labor in late imperial and twentieth-century China, this book brings these two concepts together, asking how these two categories interacted and produced new social practices and theories. Individual chapters examine agricultural and urban work, travel within China, overseas study, polyandry, the acting profession, courtesan culture, female politicians, Maoist work culture, and the

boundaries of virtue and respectability Governing notions of the social order and interrelated constructions of gender changed radically in the modern era initially with the questioning of the imperial dynastic order and the creation of a Chinese republic in the early twentieth century later with the creation of a Communist government and most recently with China's political and cultural transformations in the post Mao era As ideas and practices of gender have changed the persistence of older rhetorical signs in the interstices of new political visions has complicated the social projects and understandings of modernity especially in terms of the creation of new public spaces new concepts of work and virtue and new configurations of gender Contributions by Madeleine Yue Dong Bryna Goodman Gail Hershatter Ellen R Judd Joan Judge Wendy Larson Susan Mann Kenneth L Pomeranz Tze Ian Deborah Sang Matthew H Sommer Luo Suwen Catherine Vance Yeh and Wang Zheng

The Central Politics School and Local Governance in Nationalist China Chen-cheng Wang, 2023-01-09 This book is a political history of global attempts to reduce politics to science and the results of such an attempt in modern China The book follows the discourses and activities of a special group of local officials in China's Nationalist government 1928-1949 These officials had been students or faculty at the Central Politics School CPS the only national university in modern Chinese history that trained professional bureaucrats according to the blueprint of the United States science of public administration conceived by Frank Goodnow Through its accounts of how these officials handled land administrative reforms the battlefield of statebuilding during World War II and rebellions of ethnic minorities the book discusses why some of the most talented CPS officials resorted to non modern humanistic political techniques and achieved a Chinese statecraft more efficient and sustainable than science As such the book invites readers to think whether science and the rational legal authority proposed by Woodrow Wilson and Max Weber is a proper conceptual framework for understanding politics in China and the rest of world **Engineering Trouble: US-Chinese Experiences of Professional Discontent, 1905-1945** Thorben

Pelzer, 2023-07-31 In the early twentieth century the first large batch of Chinese civil engineers had graduated from the USA and together with their American senior colleagues returned to China They were enthusiastic about reconstructing the young republic by building new railways highways and canals but what the engineers experienced in China including mismanaged railways useless highways and silted canals did not always meet their expectations and ideals In this book Thorben Pelzer makes the stories of these Chinese and American engineers come to life through exploring previously unpublished letters rare images maps and a rich biographical dataset He argues that the experiences of these engineers include a myriad of contradictions disillusionment and discontent keeping the engineering profession in a constant flux of searching for its meaning and its place in Republican China Shifting Ground Peter H. Lindert, 2000-10-12 Peter Lindert evaluates environmental concerns about soil degradation in two very large countries China and Indonesia where anecdotal evidence has suggested serious problems In this book Peter Lindert evaluates environmental concerns about soil degradation in two very large countries China and Indonesia where anecdotal evidence has suggested serious problems Lindert does what no

scholar before him has done using new archival data sets he measures changes in soil productivity over long enough periods of time to reveal the influence of human activity China and Indonesia are good test cases because of their geography and history China has been at the center of global concerns about desertification and water erosion which it may have accelerated with intense agriculture Most of Indonesia's lands were created by volcanoes and erosion and its rapid deforestation and shifting slash burn agriculture have been singled out for international censure Lindert's investigation suggests that human mismanagement is not on average worsening the soil quality in China and Indonesia Human cultivation lowers soil nitrogen and organic matter but has offsetting positive effects Economic development and rising incomes may even lead to better soil Beyond the importance of Lindert's immediate findings this book opens a new area of study quantitative soil history and raises the standard for debating soil trends

The Anxious Triumph Donald

Sassoon, 2019-06-27 A magnum opus an accessible and genuinely global history This is a book for today and tomorrow Financial Times Capitalist enterprise has existed in some form since ancient times but the globalization and dominance of capitalism as a system began in the 1860s when in different forms and supported by different political forces states all over the world developed their modern political frameworks the unifications of Italy and Germany the establishment of a republic in France the elimination of slavery in the American south the Meiji Restoration in Japan the emancipation of the serfs in Tsarist Russia This book magnificently explores how after the upheavals of industrialisation a truly global capitalism followed For the first time in the history of humanity there was a social system able to provide a high level of consumption for the majority of those who lived within its bounds Today capitalism dominates the world With wide ranging scholarship Donald Sassoon analyses the impact of capitalism on the histories of many different states and how it creates winners and losers by constantly innovating This chronic instability he writes is the foundation of its advance not a fault in the system or an incidental by product And it is this instability this constant churn which produces the anxious triumph of his title To control or alleviate such anxieties it was necessary to create a national community if necessary with colonial adventures to develop a welfare state to intervene in the market economy and to protect it from foreign competition Capitalists needed a state to discipline them to nurture them and to sacrifice a few to save the rest a state overseeing the war of all against all Vigorous argumentative surprising and constantly stimulating *The Anxious Triumph* gives a fresh perspective on all these questions and on its era It is a masterpiece by one of Britain's most engaging and wide ranging historians

Bourgeois Dignity

Deirdre Nansen, 2010-11-15 The big economic story of our times is not the Great Recession It is how China and India began to embrace neoliberal ideas of economics and attributed a sense of dignity and liberty to the bourgeoisie they had denied for so long The result was an explosion in economic growth and proof that economic change depends less on foreign trade investment or material causes and a whole lot more on ideas and what people believe Or so says Deirdre N McCloskey in *Bourgeois Dignity* a fiercely contrarian history that wages a similar argument about economics in the West Here she turns

her attention to seventeenth and eighteenth century Europe to reconsider the birth of the industrial revolution and the rise of capitalism According to McCloskey our modern world was not the product of new markets and innovations but rather the result of shifting opinions about them During this time talk of private property commerce and even the bourgeoisie itself radically altered becoming far more approving and flying in the face of prejudices several millennia old The wealth of nations then didn't grow so dramatically because of economic factors it grew because rhetoric about markets and free enterprise finally became enthusiastic and encouraging of their inherent dignity An utterly fascinating sequel to her critically acclaimed book *The Bourgeois Virtues* *Bourgeois Dignity* is a feast of intellectual riches from one of our most spirited and ambitious historians a work that will forever change our understanding of how the power of persuasion shapes our economic lives

Force and Contention in Contemporary China Ralph Thaxton, 2016-08-08 This book shows how memories of Mao era suffering drive popular resistance to state power in authoritarian China

The Stakes of Regulation Steven L. Kaplan, 2015-08-15 Scholars have long regarded *Bread Politics and Political Economy in the Reign of Louis XV* 1976 as marking an important moment in the study of the social political and cultural history of eighteenth century France *The Stakes of Regulation* is the companion volume to a new edition of this landmark study revealing how Kaplan's thinking has evolved in reaction both to the changing intellectual epistemological historiographical and socio political environment and to the significant scholarship that has been accomplished during the past forty years Kaplan remains faithful to his original premise that the subsistence question is at the core of eighteenth century history and that the issues joined by the struggle over liberalization continue to shape our destiny today through the bristling tension between liberty and equality and the debate over the necessity legitimacy and character of regulation

The Cambridge History of Capitalism: Volume 1, The Rise of Capitalism: From Ancient Origins to 1848 Larry Neal, Jeffrey G. Williamson, 2014-01-23 The first volume of *The Cambridge History of Capitalism* provides a comprehensive account of the evolution of capitalism from its earliest beginnings Starting with its distant origins in ancient Babylon successive chapters trace progression up to the Promised Land of capitalism in America Adopting a wide geographical coverage and comparative perspective the international team of authors discuss the contributions of Greek Roman and Asian civilizations to the development of capitalism as well as the Chinese Indian and Arab empires They determine what features of modern capitalism were present at each time and place and why the various precursors of capitalism did not survive Looking at the eventual success of medieval Europe and the examples of city states in northern Italy and the Low Countries the authors address how British mercantilism led to European imitations and American successes and ultimately how capitalism became global

A Companion to World History Douglas Northrop, 2014-12-15 A COMPANION TO WORLD HISTORY This new volume offers insightful reflections by both leading and emerging world historians on approaches methodologies arguments and pedagogies of a sub discipline that has continued to be in flux as well as in need of defining itself as a relevant alternative to the traditional national regional or chronological

fields of inquiry Choice The focus on the practicalities of how to do world history probably gives it its edge Its thirty three chapters are grouped into sections that address how to set up research projects in world history how to teach it how to get jobs in it how to frame it and how it is done in various parts of the globe It is an actual handbook in other words as opposed to a sample of exemplary work English Historical Review A Companion to World History offers a comprehensive overview of the variety of approaches and practices utilized in the field of world and global history This state of the art collection of more than 30 insightful essays including contributions from an international cast of leading world historians and emerging scholars in the field identifies continuing areas of contention disagreement and divergence while pointing out fruitful directions for further discussion and research Themes and topics explored include the lineages and trajectories of world history key ideas and methods employed by world historians the teaching of world history and how it draws upon and challenges traditional approaches and global approaches to writing world history By considering these interwoven issues of scholarship and pedagogy from a transnational interregional and world global scale fresh insights are gained and new challenges posed With its rich compendium of diverse viewpoints A Companion to World History is an essential resource for the study of the world s past

An Economic History of China Richard von Glahn,2016-03-10 The first comprehensive study of China s economic development across 3 000 years of history to be published in English *The Yellow River* Ruth Mostern,2021-09-28 A three thousand year history of the Yellow River and the legacy of interactions between humans and the natural landscape From Neolithic times to the present day the Yellow River and its watershed have both shaped and been shaped by human society Using the Yellow River to illustrate the long term effects of environmentally significant human activity Ruth Mostern unravels the long history of the human relationship with water and soil and the consequences at times disastrous of ecological transformations that resulted from human decisions As Mostern follows the Yellow River through three millennia of history she underlines how governments consistently ignored the dynamic interrelationships of the river s varied ecosystems grasslands riparian forests wetlands and deserts and the ecological and cultural impacts of their policies With an interdisciplinary approach informed by archival research and GIS geographical information system records this groundbreaking volume provides unique insight into patterns transformations and devastating ruptures throughout ecological history and offers profound conclusions about the way we continue to affect the natural systems upon which we depend

The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age,

obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Making Of A Hinterland State Society And Economy In

Inland North China 1853 1937 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937 is one of the best book in our library for free trial. We provide copy of The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937. Where to download The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937 online for free? Are you looking for The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937 PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of The Making Of A Hinterland State Society And Economy In Inland North China 1853 1937 are for sale to free while some are payable.
