**Making Men** Coomber J W, Federation of N.S.W. Police-Citizens Boys' Clubs, 1948      Making Men in the Age of Sail Graeme J. Milne, 2024-06-15 Myths and stereotypes surrounding seafarers in the Age of Sail persist to this day Sailors were celebrated for their courage strength and skill yet condemned for militancy vice and fecklessness As sail gave way to steam sailing ship mariners became nostalgic symbols of maritime prowess and heritage representing a timeless heroic masculinity in an era when the modernizing industrial world was challenging assumptions about gender class work and society Drawing on British seafaring memoirs from the late nineteenth century *Making Men in the Age of Sail* argues that maritime writing moulded the reading public's image of the merchant seaman Authors chronicled their lives as they grew from boy sailors to trained seafarers telling colourful tales of the men they worked with most never doubted that the sailing ship had made them better men Their testimony reinforced and preserved conservative perspectives on seafaring manhood as Britain's economic and technological priorities continued to evolve in the new steamship age Offering a gender analysis of the image of the seafarer *Making Men in the Age of Sail* brings the history of British sailors into wider debates about modernity and masculinity

**Making Men Into Fathers** Barbara Meil Hobson, 2002-01-10 Fatherhood is on the political agenda in many countries often cast in terms of crisis One side of the policy debate focuses on fathers as deadbeat dads who do not provide financial support and care for their children The other revolves around making men into active and engaged fathers However these policies are often at odds with the employers reluctance to accommodate work schedules to fathers needs In *Making Men into Fathers* prominent scholars in gender studies and the critical studies of men consider how varied institutional settings and policy logics around cash and care contour the possibilities and constraints for new models of fatherhood determining the choices open to men From different historical and societal perspectives the authors provide insights into the studies of men as gendered subjects including the role of transnational and global issues of fatherhood and the emergence of men's movements contesting and reimagining fatherhood

Edmondson,1999 Explores the gendered subjectivity of West Indian writers and their dependence on models from Victorian England for their narratives of self and nation      **Making Men in Ghana** Stephan Miescher,2005 By featuring the life histories of eight senior men Making Men in Ghana explores the changing meaning of becoming a man in modern Africa Stephan F Miescher concentrates on the ideals and expectations that formed around men who were prominent in their communities when Ghana became an independent nation Miescher shows how they negotiated complex social and economic transformations and how they dealt with their mounting obligations and responsibilities as leaders in their kinship groups churches and schools Not only were notions about men and masculinity shaped by community standards but they were strongly influenced by imported standards that came from missionaries and other colonial officials As he recounts the life histories of these men Miescher reveals that the passage to manhood and a position of power seniority authority and leadership was not always welcome or easy As an important foil for studies on women and femininity this groundbreaking book not only explores masculinity and ideals of male behavior but offers a fresh perspective on African men in a century of change      Making Men: Rugby and Masculine Identity Timothy J.L. Chandler,John Nauright,2013-01-11 This text looks at

how an understanding of rugby can provide insight into what it has meant to be a man in societies influenced by the ideals of Victorian upper and middle classes It shows that rugby has been a means of promoting male exclusivity but also been a means of cultural incorporation      **Treasury Decisions Under Customs and Other Laws** United States. Department of the Treasury,1914      Making Men Maud W. Gleason,2018-06-05 The careers of two popular second century rhetorical virtuosos offer Maud Gleason fascinating insights into the ways ancient Romans constructed masculinity during a time marked by anxiety over manly deportment Declamation was an exhilarating art form for the Greeks and bilingual Romans of the Second Sophistic movement and its best practitioners would travel the empire performing in front of enraptured audiences The mastery of rhetoric marked the transition to manhood for all aristocratic citizens and remained crucial to a man's social standing In treating rhetoric as a process of self presentation in a face to face society Gleason analyzes the deportment and writings of the two Sophists Favorinus a eunuch and Polemo a man who met conventional gender expectations to suggest the ways character and gender were perceived Physiognomical texts of the era show how intently

men scrutinized one another for minute signs of gender deviance in such features as gait gesture facial expression and voice Rhetoricians trained to develop these traits in a masculine fashion Examining the successful career of Favorinus whose high pitched voice and florid presentation contrasted sharply with the traditionalist style of Polemo Gleason shows however that ideal masculine behavior was not a monolithic abstraction In a highly accessible study treating the semiotics of deportment and the medical cultural and moral issues surrounding rhetorical activity she explores the possibilities of self presentation in the search for recognition as a speaker and a man

**Treasury Decisions Under the Customs, Internal Revenue, Industrial Alcohol, Narcotic and Other Laws** United States. Department of the Treasury,1915 *Annual Report of the Commissioner of Labor* United States. Department of Labor,1901 *Making Men* Stephen Wilson,2015-11-02 Making Men identifies and elaborates on a theme in the Hebrew Bible that has largely gone unnoticed by scholars the transition of a male adolescent from boyhood to manhood Wilson locates five examples of the male coming of age theme in the Hebrew Bible The protagonists of these stories include the well known biblical heroes Moses Samuel David and Solomon He also reveals the existence of a narrative theme of failing to mature to manhood exemplified in the tales of Samson and Gideon s son Jether Beyond identifying the coming of age theme Wilson describes how the theme is employed by biblical narrators and redactors to highlight broader messages and transitions in the historical narratives of the Hebrew Bible He additionally considers how these stories provide unique insight into the varying representations of biblical masculinity and how the ideals associated with manhood can change dramatically over time

The Man Question Nancy E. Dowd,2010-09-20 Among the many important tools feminist legal theorists have given scholars is that of anti essentialism all women are not created equal and privilege varies greatly by circumstances particularly that of race and class Yet at the same time feminist legal theory tends to view men through an essentialist lens in which men are created equal The study of masculinities inspired by feminist theory to explore the construction of manhood and masculinity questions the real circumstances of men not in order to deny men s privilege but to explore in particular how privilege is constructed and what price is paid for it In this groundbreaking work feminist legal theorist Nancy E Dowd exhorts readers to apply the anti essentialist model so dominant in feminist jurisprudence to the study of masculinities She demonstrates how men s treatment by the law and society in general varies by race economic position sexuality and other factors She applies these insights to both boys and men examining how masculinities analysis exposes both privilege and subordination She examines men s experience of fatherhood and sexual abuse and boys experience in the contexts of education and juvenile justice Ultimately Dowd calls for a more inclusive feminist theory which by acknowledging the study of masculinities can broaden our understanding of privilege and subordination

*Making Men Whole* J. B. Phillips,2012-07-01 About the Contributor s John Bertram Phillips 1906 1982 was a Bible translator writer and clergyman His work translating the New Testament made him one of Britain s most famous Bible communicators He talked of the revelation received as he translated the New Testament describing it as extraordinarily

alive unlike any experience he had had with non scriptural ancient texts He referred to Scripture speaking to his condition in an uncanny way Phillips was a masterful apologist and defender of the Christian faith He upheld the basic tenets of the faith and was able to present them as fresh to the modern reader and hearer much as he had done with his translation of the New Testament      **Making Men from "The Boys"** Nick Olynk,2015-07-07 A collection of stories from the author s career each containing a significant lesson about masculinity Making Men From The Boys will motivate young men to ask more of life and take more personal action to achieve it even as young men get more mixed signals about what it is to be a man than ever before      **Summary of Tariff Information, 1920** United States.
