The Male Role in Pregnancy Loss and Embryo Implantation Failure Richard Bronson, 2015-07-15 Novel topics compiled in this one of a kind volume provide tantalizing hints for clinical application through future translational research Only recently have we come to ask what role the male might play in pregnancy loss and embryo implantation failure beyond contributing an abnormal set of paternal chromosomes at fertilization This volume explores the recent evidence that these conditions might also be related to the transmission of previously unrecognized chromosomal micro deletions and duplications or via the epigenetic dysregulation of early embryonic gene function by spermatozoal microRNAs or alterations in sperm DNA methylation patterning or by DNA damage secondary to either reactive oxygen species or environmental toxicants In addition the composition of seminal plasma has been found to be highly complex containing many factors that play important roles in altering the uterine environment and the female immune system permissive of embryo implantation and trophoctoderm outgrowth leading to successful pregnancy Coverage includes an examination of both spermatozoa and seminal fluid component factors

The Male and Female Brain: Molecular Mechanisms of Sex Differences Laura Musazzi, Jordan Marrocco, 2021-12-30

Manliness and the Male Novelist in Victorian Literature Andrew Dowling, 2017-03-02 The purpose of this book is to address two principal questions Was the concept of masculinity a topic of debate for the Victorians and Why is Victorian literature full of images of male deviance when Victorian masculinity is defined by discipline In his introduction Dowling defines Victorian masculinity in terms of discipline He then addresses the central question of why an official ideal of manly discipline in the nineteenth century co existed with a literature that is full of images of male deviance In answering this question he develops a notion of hegemonic deviance whereby a dominant ideal of masculinity defines itself by what it is not Dowling goes on to examine the fear of effeminacy facing Victorian literary men and the strategies used to combat these fears by the nineteenth century male novelist In later chapters concentrating on Dickens and Thackeray he examines how the male novelist is defined against multiple images of unmanliness These chapters illustrate the investment made by men in constructing male others those sources of difference that are constantly produced and then crushed from within gender divide By analysing how Victorian literary texts both reveal and reconcile historical anxieties about the meaning of manliness Dowling argues that masculinity is a complex construction rather than a natural given

The Male Brain Louann Brizendine, MD, 2010-03-23 From the author of the groundbreaking New York Times bestseller The Female Brain here is the eagerly awaited follow up book that demystifies the puzzling male brain Dr Louann Brizendine the founder of the first clinic in the country to study gender

differences in brain behavior and hormones turns her attention to the male brain showing how through every phase of life the male reality is fundamentally different from the female one Exploring the latest breakthroughs in male psychology and neurology with her trademark accessibility and candor she reveals that the male brain is a lean mean problem solving machine Faced with a personal problem a man will use his analytical brain structures not his emotional ones to find a solution thrives under competition instinctively plays rough and is obsessed with rank and hierarchy has an area for sexual pursuit that is 2.5 times larger than the female brain consuming him with sexual fantasies about female body parts experiences such a massive increase in testosterone at puberty that he perceives others faces to be more aggressive The Male Brain finally overturns the stereotypes Impeccably researched and at the cutting edge of scientific knowledge this is a book that every man and especially every woman bedeviled by a man will need to own
