The Man Who Wore The Star Realtime Perspectives On A Businessleaders Changing World:

Winning Legally Constance E. Bagley, 2005-11-10 The rash of corporate scandals in recent years underscores a fact too often ignored in the business world flouting the law holds serious consequences Indeed all it takes is one rogue trader one greedy executive or one misinformed manager to place an entire organization at risk But respected legal expert Constance E Bagley argues that staying out of trouble is only part of the picture when it comes to legality in business In **Winning Legally** Bagley shows how managers can proactively harness the power of the law to maximize corporate value marshal human and financial resources and manage risk Through scores of classic and contemporary examples across the business landscape this no nonsense guide completely re frames the relationship of law to business Bagley explains how managers can use the law as a strategic tool to help select and work effectively with legal advisers spot legal issues before they become problems weigh the legal risks of specific opportunities and more Ultimately the responsibility for making tough business decisions lies with managers not with lawyers This timely book shows how managers can combine business audacity and vision with integrity and respect for the law to build truly great and enduring firms Constance E Bagley is an associate professor of business administration at Harvard Business School She was formerly a partner of Bingham McCutchen LLP and co author of **The Entrepreneur s Guide to Business Law**

The Man Who Wore the Star James W. Kinnear, 2001 The **Man Who Wore the Star** is the first book by an experienced corporate CEO to offer a special kind of real time perspective on a CEO s work The author James W Kinnear brings a special credibility to the task He faced a blockbuster problem when he became CEO of Texaco in January of 1987 a 10.5 billion court judgment the company couldn t pay and couldn t appeal Texaco was forced to file for Chapter 11 bankruptcy protection the largest U S corporation ever to do so Yet within two years the company had settled the court case gotten out of bankruptcy and fought off a takeover bid For years to come this will rank as one of the great corporate turnarounds The **Man Who Wore the Star** builds on these experiences to offer a unique perspective on the problem solving process For it puts forward not only what this CEO says today about his challenges but also the texts of speeches through which he addresses these issues and exercised leadership The topics addressed are as wide ranging as the job of a CEO How do you rally employees to work harder than ever when the company s future seems less secure than ever See Chapter 2 How do you secure the loyalty of shareholders when the stock is struggling and a takeover offer is on the table See Chapter 3 Can or should leaders in business ignore ethical concerns See Chapter 4 What about a company s responsibility to the environment See Chapter 7 How can a CEO deal with new technologies that developed after his or her career was mature See Chapter 8 Throughout the books runs the theme of leadership the special skill that responds to every one of these challenges Leaders writes Jim Kinnear are driven by their dreams of success for the enterprise rather than for themselves They lead by words and by example They must be accountable Above all they must have and they must project a strong sense of ethics About the Author A graduate of the U S Naval Academy James W Kinnear joined Texaco after service in

the Korean War He served in domestic and international assignments of increasing responsibility becoming president and chief executive officer of Texaco in 1987 He retired from the company in 1993 but remains active in business and charitable activities **Editor & Publisher** ,1929 The fourth estate *Congressional Record* United States.
