The Man With The Presidents Mind:

The President's Words Michael Nelson, Russell L. Riley, 2010-10-25 When Ronald Reagan invoked a shining city on a hill or George H W Bush a thousand points of light their words were engraved on the public's consciousness as signatures to their personal beliefs and a catalysts for political action Such iconic phrases in presidential speeches are often the creation of presidential speechwriters who are entrusted with framing a message consistent with each administration's broad goals and reflecting each president's personality and rhetorical skills This book takes a closer look at presidential speeches over the course of six administrations Editors Michael Nelson and Russell Riley have brought together an outstanding team of academics and professional writers including nine former speechwriters who worked for every president from Nixon to Clinton to examine how the politics and crafting of presidential rhetoric serve the various roles of the presidency They consider four types of speeches convention acceptance speeches inaugural addresses state of the union addresses and crisis and other landmark speeches that often rise out of unpredictable circumstances Together these scholars and writers enable readers to sort out the idiosyncratic from the institutional while gaining insider perspectives on the operating style and rhetorical manner of each of the six presidents The book is rich in character sketches such as Jimmy Carter's attempt to tie his understanding of original sin to the practice of American politics and brimming with insights into the internal dynamics of the White House including tales of internecine bloodletting under Ronald Reagan Most significant these discussions help us better understand the contemporary presidency by revealing the enduring and evolving features of the institution underscoring how the operating style and rhetorical manner of each president shapes the speechwriting process in the service of his broader policymaking goals These essays show not only how speechmaking has become a major presidential activity but also how speechwriters have become important political actors in their own right They offer students and observers of the political scene a rare opportunity to consider the crafting of those utterances before weighing their effects

Cowboy Presidents David A. Smith, 2021-02-11 For an element so firmly fixed in American culture the frontier myth is surprisingly flexible How else to explain its having taken two such different guises in the twentieth century the progressive forward looking politics of Rough Rider president Teddy Roosevelt and the conservative old fashioned character and Cold War politics of Ronald Reagan This is the conundrum at the heart of Cowboy Presidents which explores the deployment and consequent transformation of the frontier myth by four U S presidents Theodore Roosevelt Lyndon B Johnson Ronald Reagan and George W Bush Behind the shape shifting of this myth historian David A Smith finds major events in American and world history that have made various aspects of the Old West frontier more relevant and more useful for promoting radically different political ideologies and agendas And these divergent adaptations of frontier symbolism have altered the frontier myth Theodore Roosevelt with his vigorous pursuit of an activist federal government helped establish a version of the frontier myth that today would be considered liberal But then Smith shows a series of events from the Lyndon Johnson through Jimmy

Carter presidencies including Vietnam race riots and stagflation seemed to give the lie to the progressive frontier myth In the wake of these crises Smith s analysis reveals the entire structure and popular representation of frontier symbols and images in American politics shifted dramatically from left to right and from liberal to conservative with profound implications for the history of American thought and presidential politics The now popular idea that frontier American leaders and politicians are naturally Republicans with conservative ideals flows directly from the Reagan era Cowboy Presidents gives us a new clarifying perspective on how Americans shape and understand their national identity and sense of purpose at the same time reflecting on the essential mutability of a quintessentially national myth the book suggests that the next iteration of the frontier myth may well be on the horizon

Accidental Presidents Jared Cohen,2020-01-28 This New York Times bestselling deep dive into the terms of eight former presidents is chock full of political hijinks and d j vu Vanity Fair and provides a fascinating look at the men who came to the office without being elected to it showing how each affected the nation and world The strength and prestige of the American presidency has waxed and waned since George Washington Eight men have succeeded to the presidency when the incumbent died in office In one way or another they vastly changed our history Only Theodore Roosevelt would have been elected in his own right Only TR Truman Coolidge and LBJ were re elected John Tyler succeeded William Henry Harrison who died 30 days into his term He was kicked out of his party and became the first president threatened with impeachment Millard Fillmore succeeded esteemed General Zachary Taylor He immediately sacked the entire cabinet and delayed an inevitable Civil War by standing with Henry Clay s compromise of 1850 Andrew Johnson who succeeded our greatest president sided with remnants of the Confederacy in Reconstruction Chester Arthur the embodiment of the spoils system was so reviled as James Garfield s successor that he had to defend himself against plotting Garfield s assassination but he reformed the civil service Theodore Roosevelt broke up the trusts Calvin Coolidge silently cooled down the Harding scandals and preserved the White House for the Republican Herbert Hoover and the Great Depression Harry Truman surprised everybody when he succeeded the great FDR and proved an able and accomplished president Lyndon B Johnson was named to deliver Texas electorally He led the nation forward on Civil Rights but failed on Vietnam Accidental Presidents shows that history unfolds in death as well as in life The Wall Street Journal and adds immeasurably to our understanding of the power and limits of the American presidency in critical times

Public Papers of the Presidents of the United States United States. President,2009 Containing the public messages speeches and statements of the President 1956 1992

David McCullough American Presidents E-Book Box Set David McCullough,2011-05-24 From America s most beloved biographer David McCullough Time a collection of his bestselling biographies of American Presidents This ebook box set features David McCullough s award winning biographies of American Presidents John Adams is the magisterial Pulitzer Prize winning biography of the independent irascible Yankee patriot one of our nation s founders and most important figures who became our second president Mornings on Horseback is the brilliant

Ghosts of Presidents Past - A Reckoning James Mikel Wilson, 2020-10-26 Ghosts of Presidents Past A Reckoning serves as a metaphor for the chaos in American politics from 2015 2020 The work combines historical fiction with political parody and humor Normally we don't see ghosts and phantoms except on Halloween when trick or treaters knock on front doors If Halloween in government existed how might twenty three former US presidents beginning with George Washington respond to the siren call to visit a president who ignores the Constitution and suppresses and manipulates information for political gain What if that president disrespected his obligations to the Nation's revered institutions and the American public What if he lacked moral fiber and used the office for personal gain What if he had attained the highest office in the land through unscrupulous means What if his ego drove him to manipulate the truth to enhance his image What if he bullied his opponents and called them sophomoric names What if he alienated friends and stalwart allies What if that president disrespected his obligations to the Nation's revered institutions and the American public What if he lacked moral fiber and used the office for personal gain What if he had attained the highest office in the land through unscrupulous means What if his ego drove him to manipulate the truth to enhance his image What if he bullied his opponents and called them sophomoric names What if he alienated friends and stalwart allies In Ghosts of Presidents Past President Daniel Hands violates the public trust He desecrates the Oval Office so egregiously that past occupants return to confront him What could they say to POTUS that might reform him During their journey each shares some relevant success and regrets while in office Ghosts of Presidents Past A Reckoning encapsulates many of the more shocking public utterances and events over the last several years where each new one often eclipses its predecessor Ghosts will entertain readers who enjoy presidential history The visiting presidents bring some surprises and share some little known or forgotten moments in their lives The book will speak primarily to moderate Republicans Democrats and Independents Charles Dickens's A Christmas Carol provided the inspiration for this book And like his work it is political satire and a statement of the times The author is a Proud Supporter of NPR and PBS Houston Public Media stations Readers can follow the author on www.jamesmikelwilson.com Instagram and The Authors Guild

Ideologues and Presidents Thomas S. Langston, 2017-07-05 Ideologues and

Presidents argues that ideologues have been gaining influence in the modern presidency There were plenty of ideologues in the New Deal but they worked at cross purposes and could not count on the backing of the cagey pragmatist in the Oval Office Three decades later the Johnson White House systematically sought the help of hundreds of liberals in drawing up blueprints for policy changes But when it came time to implement their plans Lyndon Johnson s White House proved to have scant interest in ideological purity By the time of the Reagan Revolution the organizations that supported ideological assaults on government had never been stronger The result was a level of ideological influence unmatched until the George W Bush presidency In Bush s administration not only did anti statists and social conservatives take up positions of influence throughout the government but the president famously pursued an elective war that had been promoted for a decade by a networked band of ideologues In the Barack Obama presidency although progressive liberals have found their way into niches within the executive branch the real ideological action continues to be Stage Right How did American presidential politics come to be so entangled with ideology and ideologues Ideologues and Presidents helps us move toward an answer to this vital question

Truman, Dwight D. Eisenhower, John F. Kennedy, and Lyndon B. Johnson* Patrick Anderson,1968 **Hearings Before the President's Commission on the Assassination of President Kennedy** Estados Unidos. President's Commission on the Assassination of President Kennedy,1964 **The Assassinated Presidents** Charles River Editors,2025-05-01

Until April 14 1865 John Wilkes Booth was one of the most famous actors of his time and President Abraham Lincoln had even watched him perform But his most significant performance at a theater did not take place on the stage That night Booth became one of history s most infamous assassins when he assassinated President Lincoln at Ford s Theatre in Washington D C Booth was a member of the prominent 19th century Booth theatrical family from Maryland and by the 1860s was a well known actor But he was also a Confederate sympathizer who dabbled in espionage and he was increasingly outraged at the Lincoln Administration Although Robert E Lee s Army of Northern Virginia had surrendered days earlier Booth believed the war was not yet over because Confederate General Joseph E Johnston s army was still fighting the Union Army so he and his group of conspirators plotted to kill Lincoln and other top officials in a bid to decapitate the federal government and help the South Perhaps not surprisingly the actor s flair for the dramatic came at a cost to the plot It took almost no time for the shocked public and the federal government to begin unraveling Booth s conspiracy which had mostly faltered from the beginning Following the shooting America s most famous manhunt commenced which itself became the stuff of legends After the shooting during which it is believed he broke his leg Booth fled

south on horseback with authorities hot on his tail 12 days later while he was at a farm in rural northern Virginia Booth was tracked down and shot by Boston Corbett a Union soldier who acted against orders Eight others were tried for their alleged involvement in the plot and convicted and four were hanged shortly thereafter as a result of some of the nation's most famous trials He was the only sitting member of the House of Representatives elected President to date but he served only about half a year in the office He was the second president in less than 20 years felled by an assassin's bullet Yet James A Garfield a man little known outside his own party before his dark horse nomination by the Republican Party in 1880 was significant in a number of ways Garfield's short term marked the first entrance of a reformist strain into the presidency that sought to root out corruption and political favoritism in government Much of what we know as the modern federal bureaucracy has its roots in Garfield's advocacy of a professional civil service to fill most positions in the government rather than filling those positions through political patronage the spoils system that went back to the administration of Andrew Jackson He did not live to see his proposed reforms enshrined in law but Garfield's contribution to the history of the United States should not be underestimated In 1880 Garfield ran as a Republican for president and one of his supporters was a man named Charles Guiteau who wrote and circulated a speech called Garfield vs Hancock that aimed to rally support for the Republican candidate Though few knew it Guiteau's family had already deemed him insane and attempted to keep him committed in an asylum only to have him manage an escape from confinement Garfield went on to narrowly edge Winfield Scott Hancock in the election and Guiteau harboring delusions of grandeur believed he had helped tip the scales in Garfield's favor As such he believed that he was entitled to a post in Garfield's nascent administration perhaps even an ambassadorship and he continued to rack up debts while operating under the assumption that he would soon have the government salary to pay them back However despite lobbying around Republican headquarters in New York City and even approaching Cabinet members no post was forthcoming for the troubled man Eventually in May 1881 Secretary of State James Blaine told him to never show up again Enraged by the perceived slight Guiteau bought a revolver and plotted to kill the president He got his chance on July 2 1881 at a railroad station shooting Garfield in the back twice and bragging to the authorities I am a Stalwart of the Stalwarts Arthur is president now Garfield would live for nearly three more months and the poor standards of medical care in the 1880s would end up being responsible for the fact he did not survive wounds that he would've survived at the end of the 19th century Indeed Guiteau would cite medical malpractice at trial stating I deny the killing if your honor please We admit the shooting Those kinds of statements and his generally odd behavior helped ensure Guiteau's lawyers would claim he was insane one of the first high profile attempts to use that as a defense against a crime However that never had much chance of succeeding and claims of insanity were heartily rejected by prosecutors Although he is often overlooked in American history today few presidents marked a turning point for the country quite like William McKinley As the last president to have served in the Civil War he represented the end of an era while at the same time his pro business policies

set in motion the Progressive Era a period almost universally associated with Theodore Roosevelt Of course the reason that period is aligned with Roosevelt is because McKinley had the unfortunate distinction of being one of only four presidents to be assassinated In September 1901 the city of Buffalo was full of celebration The Pan American Exposition was ongoing and it brought notable figures to northern New York including President McKinley who had been reelected less than a year earlier But also in Buffalo was Leon Czolgosz a young man who had turned to anarchy years earlier after losing his job Embracing his philosophy wholeheartedly Czolgosz believed it was his mission to take down a powerful leader he considered oppressive and McKinley's attendance gave him the chance President James Garfield had been assassinated just 20 years earlier but McKinley didn't worry about presidential security or his own safety and that was the case in Buffalo McKinley's insistence on greeting the public and shaking hands allowed Czolgosz to walk up to him on September 6 1901 at a public reception in the Temple of Music on the expo grounds and shoot him point blank with one bullet grazing the president and another lodging in his abdomen In the aftermath of the shooting as Czolgosz was beaten and seized by the crowd he uttered I done my duty For his part McKinley said He didn't know poor fellow what he was doing He couldn't have known Despite being president McKinley's medical services were shoddy and given the still primitive medical standards of the early 20th century gunshots to the abdomen often brought death One of the best known aspects of the assassination is that Thomas Edison's x ray machine was on hand and may have been used to try to locate the bullet that doctors couldn't find but for reasons that remain unknown the x ray machine was not used Nevertheless McKinley seemed to improve over the next few days and people became optimistic he would be all right As H Wayne Morgan one of McKinley's biographers noted His hearty constitution everyone said would see him through The doctors seemed hopeful even confident It is difficult to understand the cheer with which they viewed their patient He was nearly sixty years old overweight and the wound itself had not been thoroughly cleaned or traced Precautions against infections admittedly difficult in 1901 were negligently handled Ultimately McKinley's wounds became gangrenous a week after he was shot and after he took a turn for the worse he died on the morning of September 14 nearly 8 days after he was shot McKinley was the third president to be assassinated and today he is often remembered as one of the presidents to die in office after being elected every 20 years after William Henry Harrison's 1840 election through John F Kennedy's 1960 election However the most notable consequence of the assassination is who it brought to power Ironically New York Governor Theodore Roosevelt's political enemies hoped to rid the state of their progressive governor by elevating him to national prominence At the Republican National Convention in Philadelphia the New York machine leaders decided to promote Roosevelt for the vice presidency and in so doing remove him from New York At the time the vice president was notoriously insignificant in national politics so the political machinists thought that making Roosevelt the vice president would turn him into a nobody In many ways John Fitzgerald Kennedy and his young family were the perfect embodiment of the 60s The decade began with a sense of idealism personified by the attractive Kennedy his

beautiful and fashionable wife Jackie and his young children Months into his presidency Kennedy exhorted the country to reach for the stars calling upon the nation to send a man to the Moon and back by the end of the decade In 1961 Kennedy made it seem like anything was possible and Americans were eager to believe him The Kennedy years were fondly and famously labeled Camelot by Jackie herself suggesting an almost mythical quality about the young President and his family As it turned out the 60s closely reflected the glossy idealistic portrayal of John F Kennedy as well as the uglier truths The country would achieve Kennedy's goal of a manned moon mission and the landmark Civil Rights Act of 1964 finally guaranteed minorities their civil rights and restored equality ensuring that the country would live out the true meaning of its creed But the idealism and optimism of the decade was quickly shattered starting with Kennedy's assassination in 1963 The 60s were permanently marred by the Vietnam War and by the time Robert F Kennedy and Martin Luther King Jr were assassinated in 1968 the country was irreversibly jaded The events of the decade produced protests and countercultures unlike anything the country had seen before as young people came of age more quickly than ever

The Presidents Club Nancy Gibbs, Michael Duffy, 2013-02-12 Over the years that followed and to this day the presidents relied on misunderstood sabotaged and formed alliances with one another that changed history The world's most exclusive fraternity is a complicated place its members are bound forever because they sat in the Oval Office and know its secrets yet they are immortal rivals for history's favour Some presidents needed their predecessors to keep their secrets others needed them to disappear Truman enlisted Hoover to help him save Europe Kennedy turned to Ike on Cuba Nixon sought Johnson's advice on getting re-elected but then tried to blackmail him Ford and Carter couldn't stand each other until they saw what they had in common Reagan and Clinton relied on Nixon as an emissary to Russia Bush put Clinton and his father to work and they became like father and son and Obama and Clinton became quiet rivals for the same crown The Presidents Club will change the way we think about the presidency for the club itself is an instrument of presidential power

Public Buildings and Grounds ... United States. Congress. House. Committee on Public Buildings and Grounds, 1916 **Hearings, Committee on Public Buildings and Grounds** United States. Congress. House. Committee on Public Buildings and Grounds, 1917 *Public Buildings and Grounds*, 1916 Presidents and Presidencies in American History Jolyon P. Girard, 2019-10-07 This innovative encyclopedia explores the life and times of America's forty-five presidents from the first administration to that of Donald Trump Forty-five men have served as President of the United States since George Washington swore the oath of office in 1789 in New York City Some have proved exceptional leaders and others have not Some have faced serious crises both foreign and domestic Franklin Roosevelt was elected to four terms leading the country through a major economic depression and a world war while one held the office for only a single month Each however played a key role in the evolution of United States history Each of their histories therefore remains a critical civics lesson to consider This four-volume encyclopedia provides an expansive analysis of the life and times of each United States president in chronological order from George Washington to

Donald Trump Each chapter includes a timeline a biographical sketch a historical overview and an analytical essay concerning the president and his presidency Each also includes a substantial selection of related primary documents presenting important presidential speeches and correspondence A suggested reading list for further study of each president rounds out each entry

Thank you unconditionally much for downloading **The Man With The Presidents Mind**. Maybe you have knowledge that, people have seen numerous times for their favorite books as soon as this The Man With The Presidents Mind, but stop stirring in harmful downloads.
