Custer and the 1873 Yellowstone Survey M. John Lubetkin, 2013-10-16 Progress on the nation's second transcontinental railroad slowed in 1873 The Northern Pacific's proposed middle the 250 miles between present Billings and Glendive Montana had yet to be surveyed and Sioux and Cheyenne Indians opposed construction through the Yellowstone Valley the heart of their hunting grounds A previous surveying expedition along the Yellowstone River in 1872 had resulted in the death of a prominent member of the party the near death of the railroad's chief engineer the embarrassment of the U S Army and a public relations and financial disaster for the Northern Pacific Such is the backdrop for Custer and the 1873 Yellowstone Survey the story of the expedition told through documents selected and interpreted by historian M John Lubetkin The U S Army was determined to punish the Sioux and the Northern Pacific desperately needed to complete its engineering work and resume construction The expedition mounted in 1873 larger than all previous surveys combined included embedded newspaper correspondents and 1 600 infantry and cavalry the latter led by George Armstrong Custer Lubetkin has gathered firsthand accounts from the correspondents diarists and reporters who accompanied this important expedition including that of news correspondent Samuel J Barrows Barrows's narrative written in a series of dispatches to the New York Tribune provides a comprehensive often humorous description of events and his proficiency with shorthand enabled him to capture quotations and dialogue with an authenticity unmatched by other writers

on the survey The expedition marched west from the Missouri River in mid June of 1873 and in three months covered nearly 1 000 often grueling miles Encompassing the saga of transcontinental railroading cultural conflict on the northern plains and an array of important Indian and Anglo American characters Custer and the 1873 Yellowstone Survey will fascinate Custer fans and anyone interested in the history of the American West **Yellowstone Denied** Kim Allen Scott,2015-04-28

Frontier soldier and explorer extraordinaire Gustavus Cheyney Doane was no stranger to historical events Between 1863 and 1892 he fought in the Civil War participated in every major Indian battle in Montana Territory and led the first scientific reconnaissance into the Yellowstone country his report on that expedition even contributed to the establishment of Yellowstone National Park Doane was always close to being at the right place at the right time to secure lasting fame yet that fame always eluded him even after his death Kim Allen Scott rescues Doane from obscurity to tell the tale of an educated and inventive man who strove in vain for recognition throughout his life Yellowstone Denied is a psychological portrait of a complex and intriguing individual During his thirty years in uniform Doane nearly achieved the celebrity he sought but twists of fate and at times his own questionable behavior denied it in the end Scott s critical biography now examines the man s accomplishments and failures alike and traces the frustrated efforts of Doane s widow to see her husband properly enshrined in history Yellowstone Denied is also a revealing look at military culture scientific discovery and western expansion and it gives Doane the credit long denied him **An Uncommon Journey** H. Norman Hyatt,2009 Based on the memoir of Stephen Norton Van Blaricom An Uncommon Journey details the origins of Dawson County Montana in the late 1800s The oldest of nine children Van Blaricom left home at the age of thirteen and worked for many of northeastern Montana s earliest ranches After working for the Northern Pacific Railroad he married Maud Griselle one of the first female telegraphers for the Northern Pacific More than a family history An Uncommon Journey tells the personal stories of many of the first settlers of this last West buffalo hunters cattlemen train drivers early tradesmen saloonkeepers scallywags and lawmen This is the story of many of the long forgotten first settlers of old Dawson County and how they met the challenges of a country that was then primitive and remote at its best and deadly at its worst For all of them it was indeed An Uncommon Journey **Reframing Western Comics in Translation** Nicolas Martinez,2023-11-20 This book adopts an intermedial translational and transnational approach to the study of the Western genre in European Francophone comics and their English and Spanish translations offering an innovative form of analysis with potential applications in future research on the translation of comics Martinez takes the application of Bourdieu s work on the sociology of culture to translation studies to explore the role of diverse social agents in shaping the products processes and reception of translations of Western comics The book focuses on Jean Michel Charlier and Jean Giraud s iconic Blueberry Western comic book series as a lens through which to examine agency and sociocultural norms that influence translations and the degrees to which cartoonists editors translators and censors frame the genre on a global scale The volume both extends the borders of translation studies research beyond

The View from Officers' Row Sherry L. Smith, 1990-02-01 A Choice Outstanding Academic Title Capturing military men in contemplation rather than combat Sherry L Smith reveals American army officers views about the Indians against whom they fought in the last half of the nineteenth century She demonstrates that these officers and their wives did not share a monolithic negative view of their enemies but instead often developed a great respect for Indians and their cultures Some officers even came to question Indian policy expressed misgivings about their personal involvement in the Indian Wars and openly sympathized with their foe The book reviews the period 1848 1890 from the acquisition of the Mexican Cession to the Battle of Wounded Knee and encompasses the entire trans Mississippi West Resting primarily on personal documents drawn from a representative sample of the officer corps at all levels the study seeks to juxtapose the opinions of high ranking officers with those of officers of lesser prominence who were perhaps less inclined to express personal opinions in official reports No educated segment of American society had more prolonged contact with Indians than did army officers and their wives yet not until now has such an overview of their attitudes been presented Smith s work demolishes the stereotype of the Indian hating officer and broadens our understanding of the role of the army in the American West *Dog Soldier Justice*

, 2009-07-01 In his study of the civilian population that fell victim to the brutality of the 1860s Kansas Indian wars Jeff Broome recounts the captivity of Susanna Alderdice who was killed along with three of her children by her Cheyenne captors known as Dog Soldiers at the Battle of Summit Springs in July 1869 and of her four year old son who was wounded then left for dead

Frontier Army Nebraska 1993 Interrupted Odyssey Mary Stockwell, 2018-09-12 In this first book devoted to the genesis failure and lasting legacy of Ulysses S Grant's comprehensive American Indian policy Mary Stockwell shows Grant as an essential bridge between Andrew Jackson's pushing Indians out of the American experience and Franklin D Roosevelt's welcoming them back in. Situating Grant at the center of Indian policy development after the Civil War Interrupted Odyssey Ulysses S Grant and the American Indians reveals the bravery and foresight of the eighteenth president in saying that Indians must be saved and woven into the fabric of American life. In the late 1860s before becoming president Grant collaborated with Ely Parker a Seneca Indian who became his first commissioner of Indian affairs on a plan to rescue the tribes from certain destruction. Grant hoped to save the Indians from extermination by moving them to reservations where they would be guarded by the U S Army and welcoming them into the nation as American citizens. By so doing he would restore the executive branch's traditional authority over Indian policy that had been upended by Jackson. In Interrupted Odyssey Stockwell rejects the common claim in previous Grant scholarship that he handed the reservations over to Christian missionaries as part of his original policy. In part because Grant's plan ended political patronage Congress overturned his policy by disallowing Army officers from serving in civil posts abandoning the treaty system and making the new Board of Indian Commissioners the supervisors of the Indian service. Only after Congress banned Army officers from the Indian service did Grant place missionaries in charge of the reservations and only after the board falsely accused Parker of fraud before Congress did Grant lose faith in his original policy. Stockwell explores in depth the ousting of Parker revealing the deep seated prejudices that fueled opposition to him and details Grant's stunned disappointment when the Modoc murdered his peace commissioners and several tribes the Comanche Kiowa Cheyenne and Sioux rose up against his plans for them. Though his dreams were interrupted through the opposition of Congress reformers and the tribes themselves Grant set his country firmly toward making Indians full participants in the national experience. In setting Grant's contributions against the wider story of the American Indians Stockwell's bold thoughtful reappraisal reverses the general dismissal of Grant's approach to the Indians as a complete failure and highlights the courage of his policies during a time of great prejudice. **A Good Year to Die** Charles M. Robinson, III, 2012-09-12 This is the dramatic story of the most crucial year in the history of the American West 1876 when the wars between the United States Government and the Indian Nations reached a peak. Telling a great deal about Indian cultures history beliefs and personality this is the first book to cover the whole year rather than simply its components. NOTE This edition does not include photographs. **Sitting Bull** Robert M. The New York Times Book Review Winner Spur Award for Best Western Nonfiction Historical Book. A New York Times Notable Book.
