*The Shift* Dr. Wayne W. Dyer,2019-05-30 The Shift a companion book to the movie of the same name illustrates how and

why to make the move from ambition to meaning Such a shift eliminates our feelings of separateness illuminates our spiritual connectedness and involves moving from the ego directed morning into the afternoon of life where everything is primarily influenced by purpose As we contemplate leaving the morning of our life where ego has played a commanding role and entering the afternoon and evening where meaning and purpose replace ambition and struggle we may encounter unexpected occurrences that accompany this new direction It s almost a universal law that we ll experience a fall of some kind Yet these falls or low points provide the energy we need to move away from ego and into a life of meaning and purpose The Shift doesn t mean that we lose our drive and ambition it signifies that we become ambitious about something new We make a commitment to living a life based on experiencing meaning and feeling purposeful rather than never ending demands and false promises that are the trademark of the ego s agenda As Dr Wayne W Dyer so eloquently reveals in these pages we all have the choice to shift our lives from ambition to meaning and thereby complete our return to the Source that created us

Dyer,2016-07-12 An extraordinary 9 step program that will give you the keys to perfect balance in every aspect of your life In this inspirational work beloved best selling author Dr Wayne W Dyer shows you how to restore balance in your life by offering nine principles for realigning your thoughts so that they correspond to your highest desires Imagine a balance scale

with one end weighted down to the ground and the other end featuring the objects of your desires sticking up precariously in the air This scale is a measurement of your thoughts To restore the same balance that characterizes everything in our universe you have to take up the weighty thoughts so that they match up to your desires The seasons reflect the overall harmony of life For example winter passes and the blossoms emerge This is balanced by a need to have the trees rest so autumn arrives on time and helps the trees ready themselves for another period of repose This book is dedicated to the idea that we re a vital component of this creative process and have within ourselves the wherewithal to create all that we want if we recognize and revise out of balance thoughts     Living the Wisdom of the Tao Dr. Wayne W. Dyer,Dee Garnes,2020-02-25 In the popular vein of Heaven Is for Real and now available in paperback Memories of Heaven written by 1 New York Times best selling author Dr Wayne W Dyer and friend and collaborator Dee Garnes collects astonishing real life stories of children who vividly remember heaven from the time before they were born Dr Wayne W Dyer and co author Dee Garnes had often talked about how the ones who know the most about God are those who have just recently been wrapped in the arms of the Divine our infants and toddlers In fact Dee had an interaction with her own young son that convinced her of this Curious about this phenomenon Wayne and Dee decided to issue an invitation to parents all over the world to share their experiences The overwhelming response they received prompted them to put together this book which includes the most interesting and illuminating of these stories in which very young children speak about their remembrances before they were born It seems that infants and toddlers often arrive here with memories of their lifetimes in the spirit world and frequently provide evidence of this to their immediate families They tell of dialogues with God give evidence that they themselves had a hand in picking their own parents speak about long deceased family members they knew while in the dimension of Spirit verify past life recollections and speak eloquently and accurately of a kind of Divine love that exists beyond this physical realm and even of times when telepathic communication took place as well as the ability to decide just when they would come here to Earth This fascinating book encourages parents

and grandparents to take a much more active role in communicating with their new arrivals and to realize that there is far more to this earthly experience than what we perceive with our five senses

**I Can See Clearly Now** Dr. Wayne W. Dyer, 2015-02-24 For many years Dr Wayne W Dyer's fans have wondered when he would write a memoir Well after four decades as a teacher of self empowerment and the best selling author of more than 40 books Wayne has finally done just that However he has written it in a way that only he can with a remarkable take home message for his longtime followers and new readers alike and the result is an exciting new twist on the old format Rather than a plain old memoir Wayne has gathered together quantum moment recollections In this revealing and engaging book Wayne shares dozens of events from his life from the time he was a little boy in Detroit up to present day In unflinching detail he relates his vivid impressions of encountering many forks in the

road taking readers with him into these formative experiences Yet then he views the events from his current perspective noting what lessons he ultimately learned as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service As a reader you will feel as if you are right there with Wayne perusing his personal photo album and hearing about his family his time in the service how he writes his best selling books and so much more In the process you ll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now Wayne has discovered that there are no accidents Although we may not be aware of who or what is moving the checkers life has a purpose and each step of our journey has something to teach us As he says I wasn t aware of all of the future implications that these early experiences were to offer me Now from a position of being able to see much more clearly I know that every single encounter every challenge and every situation are all spectacular threads in the tapestry that represents and defines my life and I am deeply grateful for all of it I Can See Clearly Now is an intimate look at an amazing teacher but it also holds the key for seekers on a personal path of enlightenment Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses helping us accomplish the mission we came here to fulfill
