The Magician Who Lost His Magic, 1972 **Arcana Mundi** Georg Luck, 2006-05-06

Magic, miracles, daemonology, divination, astrology, and alchemy were the *arcana mundi*, the secrets of the universe of the ancient Greeks and Romans. In this path-breaking collection of Greek and Roman writings on magic and the occult, Georg Luck provides a comprehensive sourcebook and introduction to magic as it was practiced by witches and sorcerers, magi, and astrologers in the Greek and Roman worlds. In this new edition, Luck has gathered and translated 130 ancient texts dating from the eighth century BCE through the fourth century CE. Thoroughly revised, this volume offers several new elements: a comprehensive general introduction, an epilogue discussing the persistence of ancient magic into the early Christian and Byzantine eras, and an appendix on the use of mind-altering substances in occult practices. Also added is an extensive glossary of Greek and Latin magical terms. In *Arcana Mundi*, Georg Luck presents a fascinating and at times startling alternative vision of the ancient world. For a long time, it was fashionable to ignore the darker and to us perhaps uncomfortable aspects of everyday life in Greece and Rome. Luck has written, "But we can no longer idealize the Greeks with their artistic genius and the Romans with their sober realism. Magic and witchcraft, the fear of daemons and ghosts, the wish to manipulate invisible powers, all of this was very much a part of their lives."

Magical Transformations on the Early Modern English Stage Lisa Hopkins, Helen Ostovich, 2016-05-13

Magical Transformations on the Early Modern Stage furthers the debate about the cultural work performed by representations of magic on the early modern English stage. It considers the ways in which performances of magic reflect and feed into a sense of national identity, both in the form of magic contests and in its recurrent linkage to national defence, the extent to which magic can trope other concerns, and what these might be, and how magic is staged, and what the representational strategies and techniques might mean. The essays range widely over both canonical plays: *Macbeth*, *The Tempest*, *The Winter's Tale*, *The Merry Wives of Windsor*, *Doctor Faustus*, *Bartholomew Fair*, and notably less canonical ones such as *The Birth of Merlin*, *Fedele and Fortunio*, *The Merry Devil of Edmonton*, *The Devil is an Ass*, *The Late Lancashire Witches*, and *The Witch of Edmonton*, putting the two groups into dialogue with each other and also exploring ways in which they can be profitably related to contemporary cases or accusations of witchcraft. Attending to the representational strategies and self-conscious intertextuality of the plays, as well as to their treatment of their subject matter, the essays reveal the plays they discuss as actively intervening in contemporary debates about witchcraft and magic in ways which themselves effect transformation rather than simply discussing it. At the heart of all the essays lies an interest in the transformative power of magic, but collectively they show that the idea of transformation applies not only to the objects or even to the subjects of

magic but that the plays themselves can be seen as working to bring about change in the ways that they challenge contemporary assumptions and stereotypes
