This survey of Sally Potter s work explores her cinematic development from the feminist reworking of La Boh me in *Thriller* to the provocative contemplation of romantic relationships after 9 11 in *Yes* Catherine Fowler traces a clear trajectory of developing themes and preoccupations and shows how Potter uses song dance performance and poetry to expand our experience of cinema beyond the audiovisual Potter has relentlessly struggled against predictability and safe options Again and again her works grapple with the complexities of being a woman in charge Instead of the quest to find a romantic partner that drives mainstream cinema Potter s films feature characters seeking answers to questions about their sexual gendered social cultural and ethnic identities They find answers by retelling stories investigating mysteries and traveling and interacting with people At the heart of Potter s work is a concern with the ways narrative circumscribes women s ability to act speak look desire and think for themselves Her first two films *Thriller* and *The Gold Diggers* largely deconstruct found stories clich s and images By contrast later films like *Orlando* and *The Tango Lesson* create new and original narratives that place female acts voices looks desires and thoughts at their center Fowler s analysis is supplemented by a detailed
