Brothers Estranged Adiel Schremer,2010-01-20 The emergence of formative Judaism has traditionally been examined in light of a theological preoccupation with the two competing religious movements Christianity and Judaism in the first centuries of the Common Era In this book Ariel Schremer attempts to shift the scholarly consensus away from this paradigm instead privileging the rabbinic attitude toward Rome the destroyer of the temple in 70 C E over their concern with the nascent Christian movement The palpable rabbinic political enmity toward Rome says Schremer was determinative in the emerging construction of Jewish self identity He asserts that the category of heresy took on a new urgency in the wake of the trauma of the Temple s destruction which demanded the construction of a new self identity Relying on the late 20th century scholarly depiction of the slow and measured growth of Christianity in the empire up until and even after Constantine s conversion Schremer minimizes the extent to which the rabbis paid attention to the Christian presence He goes on however to pinpoint the parting of the ways between the rabbis and the Christians in the first third of the second century when Christians were finally assigned to the category of heretics
