THERE WAS SOMETHING FAMILIAR about the man Kate Brown had rescued from the ditch on that stormy night. But he couldn't even tell her his name. Kate had no idea that she had fallen for handsome millionaire Burk Sinclair, a man who had spent years trying to track her down. She nursed the sexy stranger through his darkest hours, never imagining that this was the man she had been hiding from for so long. And out of a desperate situation, love grew. But would their love be strong enough to survive the truth? What would Burk do when he realized the enemy was carrying his child?

The Millionaire's Christmas Wish Lucy Gordon, 2007-12-01 Wearing a Santa suit can change one man's perspective and his love life. The Format Age Jean K. Chalaby, 2016-05-27 Few trends have had as much impact on television as formats have in recent years. Long confined to the fringes of the TV industry, they have risen to prominence since the late 1990s. Today, they are a global business with hundreds of programmes adapted across the world at any one time, from mundane game shows to blockbuster talent competitions, from factual entertainment to high-end drama. Based on exclusive industry access, this book provides an in-depth analysis of the complex world of the TV format, from its origins to the present day. Chalaby delivers a comprehensive account of the TV format trading system and conceptualizes the global value chain that underpins it, unpicking the corporate strategies and power relations within. Using interviews with format creators, he uncovers the secrets behind the world's most travelled formats, exploring their narrative structure and cultural meanings.

Instant Millionaires Max Gunther, 2011-01-10 In this book, you will meet three dozen impatient people. They weren't satisfied with the slow, plodding money-saving route to financial security, the safe route that most of us feel stuck with. They wanted instant wealth, and they got it. As Max Gunther points out, our folklore frowns on the idea of quick money. Our cultural heroes have generally been plodders, as in the fable about the race between a tortoise and a hare. In the fable, the hare loses. The stories in this book are not fables. They are true. In these stories, the hares win. They are a richly varied lot, these happy

hares Gunther opens with a few dazzling millionaire legends such as the man who invented Monopoly You ll then meet such fascinating characters as Sam Wyly who made it in the computer industry Harvey Shuster who beat the stock market Dan Renn who grew rapidly rich by applying salesmanship to another man s idea Howard Brown who deliberately decided to be rich and became a multi millionaire within three years A group of men who made fast fortunes on fads such as the Hula Hoop and the Frisbee Jean Nidetch who organised the fabulously successful Weight Watchers These stores illustrate that the dream of quick money isn t such a ridiculous dream after all Maybe you ve been harboring this kind of dream yourself You ve squelched the dream because you ve been brainwashed by too many stories about tortoises beating hares Everybody tells you your dream is laughable impractical All right get ready for a revelation Read this delightful collection of tales about hares who won When you ve read them maybe you ll decide to run with them Official Gazette of the United States Patent and Trademark Office ,2004 **The Millionaire Murders** Edmond Gagnon,2022-10-01 Detective Abigail Brown is back She earned a solid reputation after hunting down a dangerous serial killer in Moon Mask but now the Detroit Homicide Detective is challenged in ways she could never imagine by a new type of serial killer Rich and powerful men are being murdered in unthinkable ways causing shock wave across the State of Michigan They flaunt their political clout pressuring police to find and bring the killer to justice immediately Their demands only impede the ongoing investigations Separate killings of rich corporate raiders send the major case unit into overdrive Each kill is different in method and in every occurrence there is no evidence or witnesses Teams of homicide detectives work their cases diligently but with little success Abigail Brown a brilliant detective has her work cut out for her once again A trained profiler she is convinced all the murders are the work of one killer The only clues that back her theory are random numbers left behind at each crime scene A black female cop with a military background and a deep rooted dedication to her job Brown must dig deep using all her investigative powers and instincts to find the unusual killer Meet the investigators of the Detroit Major Case unit and see how their personalities conflicts and collaboration helps them to solve these gruesome murders *A Millionaire's Folly* Symmes M.
