Sink All The Shipping There Canadas Wartime Merchant Ship And Fishing Schooner Sinkings:

Oceans of Fate Dan Black, 2025-02-18 The remarkable story of how one ship doomed by war intersected lives and crossed into history Completed in 1913 for Canadian Pacific the Empress of Asia plied the oceans for nearly 30 years Built for long haul ocean travel during peace time she saw wartime service as an armed merchant cruiser and troopship before Japanese dive bombers destroyed her in 1942 Through the Roaring Twenties and the Great Depression she brought continents and people together delivering mail and multimillion dollar consignments of silk As a luxurious passenger liner she was a Greyhound of the Pacific braving epic storms and smashing transpacific speed records From stokehold to bridge steerage to first class staterooms she steamed with a kaleidoscope of lives including courageous and recalcitrant crew immigrants and refugees seeking a better life or relief from disaster drug smugglers weapons dealers and the idle and not so idle rich This is the dramatic story of how that one ship and the lives of those on board intersected during a tumultuous period of world history culminating in her sinking off Singapore in the Second World War *Sink All the Shipping There* Fraser M.

McKee, 2003-11 The author's previous book *The Canadian Naval Chronicle* contains a chapter which gives brief details of Canadian merchant ship sinkings While Fraser McKee and co author Robert Darlington were researching those often tragic stories it became apparent they deserved a fuller treatment in a book of their own Here as a result are sixty accounts of ship losses compiled from primary sources and wherever available first hand interviews with survivors Some are complete with details of ship movements and attacking U boats In other instances there were no survivors and almost no record of what happened in those last hours The stories are grouped according to owners or other elements they had in common Each includes a list of crew lost as well as sources used Summary tables give details of ownership convoy group and means of destruction in a quick reference format **Canadian Books in Print**, 1975 **Books In Print 2004-2005** Ed Bowker

Staff, Staff Bowker, Ed, 2004 *The Unknown Navy* Robert G. Halford, 1995 **A Bridge of Ships** James Pritchard, 2011-05-20 In *A Bridge of Ships* James Pritchard tells the story of the rapidly changing circumstances and forceful personalities that shaped government shipbuilding policy He examines the ownership and expansion of the shipyards and the role of ship repairing as well as recruitment and training of the labour force He also tells the story of the struggle for steel and the expansion of ancillary industries Pritchard provides a definitive picture of Canada's wartime ship production assesses the cost more than 1.2 billion and explains why such an enormous effort left such a short lived legacy The story of Canada's shipbuilding industry is as astonishing as that of the nation's wartime navy The personnel of both expanded more than fifty times yet the history of wartime shipbuilding remains virtually unknown With the disappearance of the Canadian shipbuilding industry from both the land and memory it is time to recall and assess its contribution to Allied victory **Ships and Forts** Wartime Merchant Shipping Limited, *A Great Fleet of Ships* Syd C. Heal, 1999 While the extent of Canada's war production effort 1939-1945 is fairly well known to Canadians one aspect of it has largely escaped notice This is the

construction in Canadian shipyards from a standing start in 1941 of 402 merchant ships most of them 10 000 ton cargo ships On a comparative scale it was a feat rivaling that of the United States This book describes the technical factors involved in the design of these ships their construction and operation A Great Fleet of Ships explains how and why this potential merchant fleet existing at the war s end was so quickly dispersed with Canada s merchant marine all but vanishing after 1950 Heal discusses the reasons and methods of its disposal and also provides an insightful look at the complex subjects of marine underwriting and chartering These are aspects of merchant shipping seldom discussed in this light **Ships and Forts** ,1945
