Skid Road Informal Portrait Of Seattle:

Skid Road Murray Morgan, 2018-03-15 Skid Road tells the story of Seattle from the bottom up offering an informal and engaging portrait of the Emerald City's first century as seen through the lives of some of its most colorful citizens With his trademark combination of deep local knowledge precision and wit Murray Morgan traces the city's history from its earliest days as a hacked from the wilderness timber town touching on local tribes settlers the lumber and railroad industries the great fire of 1889 the Alaska gold rush flourishing dens of vice the 1919 general strike the 1962 World's Fair and the stuttering growth of the 1970s and 80s Through it all Morgan shows us that Seattle's one constant is change and that its penchant for reinvention has always been fueled by creative if sometimes unorthodox residents With a new introduction by Pulitzer Prize winning book critic Mary Ann Gwinn this redesigned edition of Murray Morgan's classic work is a must for those interested in how Seattle got to where it is today *Skid Road; An Informal Portrait of Seattle, by Murray Morgan* Murray Morgan, 1951 Skid Road Josephine Ensign, 2021-08-03 Brother's Keeper Skid Road The Sisters Ark of Refuge Shacktown Threshold State of Emergency Epilogue Historic Preservation & the Imagined West Judy Mattivi Morley, 2006 She draws on extensive interviews city council proceedings and historic plats and photographs to construct a detailed picture of how these districts originally looked and were used how they were renovated and to what ends they were marketed

world about societies past about this society and about societies to come When examined rigorously not out of any romanticism but only out of our own enlightened self interest these messages can be of great practical use to us in this and future years Charles Wilkinson from the Introduction In 1974 Federal Judge George H Boldt issued one of the most sweeping rulings in the history of the Pacific Northwest affirming the treaty rights of Northwest tribal fishermen and allocating to them 50 percent of the harvestable catch of salmon and steelhead Among the Indians testifying in Judge Boldt s courtroom were Nisqually tribal leader Billy Frank Jr and his 95 year old father whose six acres along the Nisqually River known as Frank s Landing had been targeted for years by state game wardens in the so called Fish Wars By the 1960s the Landing had become a focal point for the assertion of tribal treaty rights in the Northwest It also lay at the moral center of the tribal sovereignty movement nationally The confrontations at the Landing hit the news and caught the conscience of many Like the schoolhouse steps at Little Rock or the bridge at Selma Frank s Landing came to signify a threshold for change and Billy Frank Jr became a leading architect of consensus a role he continues today as one of the most colorful and accomplished figures in the modern history of the Pacific Northwest In Messages from Frank s Landing Charles Wilkinson explores the broad historical legal and social context of Indian fishing rights in the Pacific Northwest providing a dramatic account of the people and issues involved He draws on his own decades of experience as a lawyer working with Indian people and focuses throughout on Billy Frank and the river flowing past Frank s Landing In all aspects of Frank s life as an activist from legal settlements negotiated over salmon habitats destroyed by hydroelectric plants to successful negotiations with the U S Army for environmental protection of tribal lands Wilkinson points up the significance of the traditional Indian world view the powerful and direct legacy of Frank s father conveyed through generations of Indian people who have crafted a practical working philosophy and a way of life Drawing on many hours spent talking and laughing with Billy Frank while canoeing the Nisqually watershed Wilkinson conveys words of respect and responsibility for the earth we inhabit and for the diverse communities the world encompasses These are the messages from Frank s Landing Wilkinson brings welcome clarity to complex legal issues deepening our insight into a turbulent period in the political and environmental history of the Northwest The Boldt decision profoundly changed natural resource management in the Pacific Northwest This book clearly builds an historical base to help guide us today The wisdom and patience of Billy Frank fill virtually every page It is required reading for anyone interested in salmon preservation Governor Daniel J Evans Charles Wilkinson evokes the character and culture of the Nisqually people as well as their deep love for their land From Chief Leschi to Billy Frank we see the long thread of cultural continuity culminating in modern times with this fight for justice Ada Deer Menominee University of Wisconsin Madison Charles Wilkinson is Moses Lasky Professor of Law at the University of Colorado Boulder He is the author of Fire on the Plateau Conflict and Endurance in the American Southwest and numerous other books including standard texts on Indian and Federal public land law

Politics of Urban Runoff Andrew Karvonen, 2011-08-19 A study of urban stormwater runoff that explores the

relationships among nature technology and society in cities When rain falls on the city it creates urban runoff that cause flooding erosion and water pollution Municipal engineers manage a complex network of technical and natural systems to treat and remove these temporary water flows from cities as quickly as possible Urban runoff is frequently discussed in terms of technical expertise and environmental management but it encompasses a multitude of such nontechnical issues as land use quality of life governance aesthetics and community identity and is central to the larger debates on creating more sustainable and livable cities In this book Andrew Karvonen uses urban runoff as a lens to view the relationships among nature technology and society Offering theoretical insights from urban environmental history human geography landscape and ecological planning and science and technology studies as well as empirical evidence from case studies Karvonen proposes a new relational politics of urban nature After describing the evolution of urban runoff practices Karvonen analyzes the urban runoff activities in Austin and Seattle two cities known for their highly contested public debates over runoff issues and exemplary storm water management practices The Austin case study highlights the tensions among urban development property rights land use planning and citizen activism the Seattle case study explores the city's long standing reputation for being in harmony with nature Drawing on these accounts Karvonen suggests a new relational politics of urban nature that is situated inclusive and action oriented to address the tensions among nature technology and society
