Garcia construction group where they retrace the steps of the inspection team As they progress further and further into the maze of cavernous foundations and supporting structures they come across what appears to be the abandoned and virtually intact remains of a major Roman underground water cistern and distribution station Was it financial constraints or the decline of the western empire or something infinitely more sinister that prevented completion of the project Within the dark and eerie confines of the subterranean depths Sophie and Werner seek out evidence of another time when they were known to each other but are soon plunged headlong into their former world when the abandoned workings divulge their deadly secret
