Slavery In Colonial Georgia 1730 1775:

Slavery in Colonial Georgia, 1730-1775 Betty Wood, 2007-12-01 Georgia was the only British colony in America in which a sustained effort was made to prohibit the introduction and use of black slaves at a time when the institution of slavery was well established in the other southern colonies In the first half of *Slavery in Colonial Georgia* Betty Wood examines the reasons which prompted James Oglethorpe and the other British founders of the colony to originally ban slavery In their concern for the manners and morals of white society she says they anticipated many of the arguments to be employed subsequently by the opponents of slavery on both sides of the Atlantic The second half of the book examines the development of slavery in Georgia during the quarter century before the Revolution with special attention on the experience of black slaves in late colonial Georgia

From Chattel Slaves to Wage Slaves Mary Turner, 1995 a very welcome addition to the literature on labour history *Labour History Review* This is a valuable collection of essays which gives fresh perspectives and interesting empirical data on the modes of labor bargaining by New World slaves and on the transition from chattel to wage slavery *New West Indian Guide* *Nieuwe West Indische Gids* Of uniformly high quality these essays underline the fluidity and dynamic of bargaining processes the diversity of political and economic contexts and the importance of external factors will provoke discussion on parallels between capitalist agriculture and capitalist industrial organization and will fuel debates on slave as proletarian and on the notions of peasant breach and the two economies *Choice* These essays provide important answers to questions relating to levels of slave subsistence the material conditions of the enslaved the control mechanisms of owners the contexts which generated labor bargaining on the part of the enslaved and the reasons owners employers acquiesced to laborers demands rather than rely on the coercive power of the whip *Labor History* The contributors deserve commendation for making salutary advances towards developing an integrated analysis of the history of labouring people in slavery and freedom that transcends the particularities of their legal status *Slavery Abolition* this collection addresses an important topic and will serve as a valuable resource for scholars and students of comparative slavery in the Americas Judy Bieber University of New Mexico Albuquerque The status of labor during slavery and post emancipation in the Caribbean and the Americas Contributors investigate the terms under which slaves in the Caribbean the Southern States and Latin America worked and how they struggled to establish informal contract terms

The Gullah People and Their African Heritage William S. Pollitzer, 2005-11-01 The Gullah people are one of our most distinctive cultural groups Isolated off the South Carolina Georgia coast for nearly three centuries the native black population of the Sea Islands has developed a vibrant way of life that remains in many ways as African as it is American This

landmark volume tells a multifaceted story of this venerable society emphasizing its roots in Africa its unique imprint on America and current threats to its survival With a keen sense of the limits to establishing origins and tracing adaptations William S Pollitzer discusses such aspects of Gullah history and culture as language religion family and social relationships music folklore trades and skills and arts and crafts Readers will learn of the indigo and rice growing skills that slaves taught to their masters the echoes of an African past that are woven into baskets and stitched into quilts the forms and phrasings that identify Gullah speech and much more Pollitzer also presents a wealth of data on blood composition bone structure disease and other biological factors This research not only underscores ongoing health challenges to the Gullah people but also helps to highlight their complex ties to various African peoples Drawing on fields from archaeology and anthropology to linguistics and medicine *The Gullah People and Their African Heritage* celebrates a remarkable people and calls on us to help protect their irreplaceable culture *William Bartram and the American Revolution on the Southern Frontier* Edward J.

Cashin,2007-02-04 In *Travels* the celebrated 1791 account of the Old Southwest William Bartram recorded the natural world he saw around him but rather incredibly omitted any reference to the epochal events of the American Revolution Edward J Cashin places Bartram in the context of his times and explains his conspicuous avoidance of people places and events embroiled in revolutionary fervor Cashin suggests that while Bartram documented the natural world for plant collector John Fothergill he wrote *Travels* for an entirely different audience Convinced that Providence directed events for the betterment of mankind and that the Constitutional Convention would produce a political model for the rest of the world Bartram offered *Travels* as a means of shaping the new country Cashin illuminates the convictions that motivated Bartram that if Americans lived in communion with nature heeded the moral law and treated the people of the interior with respect then America would be blessed with greatness **Slavery in America** Kenneth Morgan,2005 Designed specially for undergraduate course use

Cultivating Race Watson W. Jennison, 2012-02-10 From the eighteenth century to the eve of the Civil War Georgia s racial order shifted from the

somewhat fluid conception of race prevalent in the colonial era to the harsher understanding of racial difference prevalent in the antebellum era In *Cultivating Race: The Expansion of Slavery in Georgia, 1750-1860* Watson W. Jennison explores the centrality of race in the development of Georgia arguing that long term structural and demographic changes account for this transformation Jennison traces the rise of rice cultivation and the plantation complex in low country Georgia in the mid eighteenth century and charts the spread of slavery into the up country in the decades that followed *Cultivating Race* examines the cultivation of race on two levels race as a concept and reality that was created and race as a distinct social order that emerged because of the specifics of crop cultivation Using a variety of primary documents including newspapers diaries correspondence and plantation records Jennison offers an in depth examination of the evolution of racism and racial ideology in the lower South
