that leads to a midnight rendezvous on the streets of Cambridge with the mysterious Mr Pritchard who reveals a truth far stranger than anything Teddy could have imagined As the doctor's life begins to unravel around him he becomes increasingly drawn into a dangerous world of intrigue spies and the ultimate betrayal at the centre of which sits the menacing figure of the man known as Victor Having found that his past is built on sand what does the future hold for Teddy the quiet unassuming doctor now that he knows too much Sleeping Partners is not only a story about espionage but it also shows one man's descent from loving husband and respected professional living a comfortable and unremarkable life into a strange and frightening world in which he encounters deceit and betrayal It is the tragedy of this personal journey that sets Sleeping Partners apart from other books of this genre and which broadens its appeal to a wider reading audience Sleeping with the Devil Robert Baer, 2004-05-25 Saudi Arabia is more and more an irrational state a place that spawns global terrorism even as it succumbs to an ancient and deeply seated isolationism a kingdom led by a royal family that can't get out of the way of its own greed Is this the fulcrum we want the global economy to balance on In his explosive New York Times bestseller See No Evil former CIA operative Robert Baer exposed how Washington politics drastically compromised the CIA's efforts to fight global terrorism Now in his powerful new book Sleeping with the Devil Baer turns his attention to Saudi Arabia revealing how our government's cynical relationship with our Middle Eastern ally and America's dependence on Saudi oil make us increasingly vulnerable to economic disaster and put us at risk for further acts of terrorism For decades the United States and Saudi Arabia have been locked in a harmony of interests America counted on the Saudis for cheap oil political stability in the Middle East and lucrative business relationships for the United States while providing a voracious market for the kingdom's vast oil reserves With money and oil flowing freely between Washington and Riyadh the United States has felt secure in its relationship with the Saudis and the ruling Al Saud family But the rot at the core of our friendship with the Saudis was dramatically revealed when it became apparent that fifteen of the nineteen September 11 hijackers proved to be Saudi citizens In Sleeping with the Devil Baer documents with chilling clarity how our addiction to cheap oil and Saudi petrodollars caused us to turn a blind eye to the Al Saud's culture of bribery its abysmal human rights record and its financial support of fundamentalist Islamic groups that have been directly linked to international acts of terror including those against the United States Drawing on his experience as a field operative who was on the ground in the Middle East for much of his twenty years with the agency as well as the large network of sources he has cultivated in the region and in the U S intelligence community Baer vividly portrays our decades old relationship with the increasingly dysfunctional and corrupt Al Saud family the fierce anti Western sentiment that is sweeping the kingdom and the desperate link between the two In hopes of saving its own neck the royal family has been shoveling money as fast as it can to mosque schools that preach hatred of America and to militant fundamentalist groups an end game just waiting to play out Baer not only reveals the outrageous excesses of a Saudi royal family completely out of touch with the people of its kingdom he also takes readers on a

highly personal search for the deeper roots of modern terrorism a journey that returns time again and again to Saudi Arabia to the Wahhabis the powerful Islamic sect that rules the Saudi street to the Taliban and al Qaeda both of which Saudi Arabia helped to underwrite and to the Muslim Brotherhood one of the most active and effective terrorist groups in existence which the Al Sa ud have sheltered and funded The money and arms that we send to Saudi Arabia are in effect being used to cut our own throat Baer writes but America might have only itself to blame So long as we continue to encourage the highly volatile Saudi state to bank our oil under its sand and so long as we continue to grab at the Al Sa ud s money we are laying the groundwork for a potential global economic catastrophe The Serpent Sleeping Edward Weismiller,1998 In the late summer of 1944 France is liberated and the hunt for Nazi collaborators begins The young American officer Johnny Phillips finds his moral outlook severely tested by the pressures of spy hunting and Therese Bouillard finds herself accused of spying for the Germans *Spy's Honor* Amy Raby,2013 Rhianne mind mage and Imperial Princess of Kjall cannot openly challenge the emperor Instead she acts in secret to aid the victims of his worst excesses But now the emperor plans to wed her to the cruel Augustan the man leading Kjall s attack against the nation of Mosar Soon she will be torn from her supporters and shipped overseas where she can help no one Mosari crown prince Janto is desperate to save his country from invasion When one of his most trusted spies disappears while gathering intelligence at the Kjallan palace Janto takes his place and continues searching for information that could save his people But falling for the Imperial Princess was not part of his plan Nor was having his true identity revealed Now Rhianne must make a choice follow the path of tradition or the one of the heart even if it means betraying her own race Tickling the Sleeping Dragon's Tail Wes Engel,2023-03-20 World War II rages on in the European and Pacific fronts Troy Tank Connors an American soldier serving in France is severely wounded He is discharged from the military and returns home to North Carolina to rehabilitate Back home he and his young wife must somehow put their lives back together His life is again turned upside down when he accepts a job at an unknown government town with no name or address in the mountains of New Mexico There he joins an elite group of scientists working on a top secret government program the Manhattan Project building the first atomic bomb The twists and turns mount as Tank at one point is wrongly accused of international espionage Tank becomes a hunted man He has few allies on his side In the climax scene it takes a daring move to save himself
